ATTENTION TOP ACHIEVERS!

Find out what the ORANGE CARPET REWARDS PROGRAMME is all about and how to qualify.

WHAT IS THE ORANGE CARPET?

UJ has nine faculties with the following contact details – their specific offering can be found in the remainder of this brochure:

- Faculty of Art, Design and Architecture +27 (0)11 559 1096
- Faculty of Economic and Financial Sciences +27 (0)11 559 2492
- Faculty of Education +27 (0)11 559 5652
- Faculty of Engineering and the Built Environment +27 (0)11 559 2599
- Faculty of Health Sciences +27 (0)11 559 6073
- Faculty of Humanities +27 (0)11 559 2197
- Faculty of Law +27 (0)11 559 2141
- Faculty of Management +27 (0)11 559 3875
- Faculty of Science +27 (0)11 559 2374 / 2459

How do you qualify for the Orange Carpet benefits?

- Complete your Grade 12 with an APS of 37 or higher in your Grade 11 final report (but not lower than Level 6 in every subject).
- Achieve an APS of 37 or higher in your Grade 11 final report (but not lower than Level 6 in every subject).
- Maintain the same results in Grade 12.
- Meet the specific subject requirements for the programme you are interested in.
- Achieve an APS of 42 or higher on your Grade 12 results.
- Meet the specific subject requirements for the programme you are interested in.
- Remember, depending on your AP Score, your Orange Carpet merit bursary may not cover your full first-year tuition fees so candidates need to ensure they apply for any other funding and NSFAS on time, in their Grade 12 year.
- Make sure you apply on time to UJ – the deadline is the end of September 2016.
- Contact the UJ Call Centre: 011 559 4555
- For more information, visit the following UJ online spaces:
  - UJ website www.uj.ac.za
  - Apply for free online www.uj.ac.za/apply
  - To work out your APS visit http://www.uj.ac.za/en/admissionpoint/pages/home.aspx
  - For Career Counselling and Assessments, please contact the UJ Centre for Psychological Services and Career Development (PsyCaD)
    E-mail: psychinfo@uj.ac.za
  - Facebook facebook.com/university.of.johannesburg
  - Twitter @go2uj

ATTENTION TOP ACHIEVERS!

The University of Johannesburg’s Orange Carpet rewards programme is about rewarding excellence and embracing accomplishment. If you are a Grade 12 learner and thrive on achieving only the best, you are just the diamond we are looking for! So, get the rewards you deserve!

ORANGE CARPET CANDIDATES QUALIFY FOR SOME VERY SPECIAL BENEFITS WHICH INCLUDE:

- Your paper-based application fee is waived.
- You will receive a merit bursary according to your APS for the first year of study. The better you do in your Grade 12 results the bigger your merit bursary will be.
- An APS of more than 42 on your Grade 12 results gives you an extra R5 485 bursary.
- You will be guaranteed accommodation in a UJ residence if you plan to live on campus and have applied to a UJ residence and paid the application fee.
- You are eligible for a sport bursary if you have achieved at provincial or a higher level.
- You will receive a merit bursary according to your APS for the first year of study. The better you do in your Grade 12 year.
- UJ will give you a R2 000 voucher which you can use to purchase textbooks or towards the purchase of a tablet with one of UJ’s main suppliers.
- An Orange Carpet candidate saves R1 040 by not having to pay registration fee and the ICT levy at registration.
- You will be guided through this process by a UJ Student Marketer. You can contact our Student Marketing section directly and they will help you with everything thing.

**WHAT UJ’S FACULTIES HAVE TO OFFER YOU**

**FACULTY OF ART, DESIGN AND ARCHITECTURE (FADA):** FADA, situated in the custom-built FADA building on the Bunting Road Campus, is home to approximately 1,200 students who study towards a myriad of creative careers from interior and jewellery design to industrial and 3D design. Graduates go on to become employed in diverse areas in SA or internationally. FADA offers programmes in eight creative disciplines, expanding these fields beyond their traditional boundaries through internal and external collaborations. It has a strong focus on sustainability and relevance, and engages actively with the dynamism, creativity and diversity of Johannesburg in imagining new approaches to art and design education. Equipped with state-of-the-art, custom-built facilities, the Faculty is staffed by highly regarded academics, artists and designers.

**FACULTY OF ECONOMIC AND FINANCIAL SCIENCES (FEFS):** Over the last 10 years, since its inception in 2005, FEFS has endeavoured to establish itself, a distinct financial identity in the academic world of commerce. The Faculty’s financial identity is clearly evident in the brand and nature of its vocational and academic programmes which cater for a select range of competencies required in the areas of accounting, economics and econometrics, and financial practice. The Faculty is one of the largest faculties at the institution, hosting approximately 25% of enrolled students. The programmes offered by the Faculty are organised within four departments, each with a unique focus. So, if you enjoy maths and have the heart of a true entrepreneur then be sure to visit the Faculty of Economic and Financial Sciences. FEFS offers programmes from a BAccounts degree, a selection of BCom degrees and diplomas aimed at meeting the growing demand for skills in the field of accounting, financial economics, econometrics and finance.

**FACULTY OF EDUCATION:** The Faculty offers qualifications of professional education of teachers, postgraduate programmes, and doctorate programmes. It is also the official custodian of the University of Johannesburg programme with the greatest number of students. The Faculty offer programmes in a number of departments including General Education and Curriculum, Language, Literacy and Communication, Mathematics, Science, and Technology. The Faculty has a strong focus on student-centred teaching and learning and is committed to providing high-quality education for all students. The Faculty is staffed by highly regarded academics, who engage actively with the dynamism, creativity and diversity of Johannesburg in imagining new approaches to art and design education. Equipped with state-of-the-art, custom-built facilities, the Faculty is staffed by highly regarded academics, artists and designers.

**FACULTY OF ENGINEERING AND THE BUILT ENVIRONMENT (FEBE):** Do you enjoy maths and science? Do you look at buildings, bridges and machines and think – I can build them better? Then engineering is the faculty for you! FEBE offers a range of professional engineering programmes, as well as masters and doctoral programmes. The Faculty has a strong focus on sustainability and relevance, and engages actively with the dynamism, creativity and diversity of Johannesburg in imagining new approaches to art and design education. Equipped with state-of-the-art, custom-built facilities, the Faculty is staffed by highly regarded academics, artists and designers.

**FACULTY OF HEALTH SCIENCES:** The Faculty is one of a few in South Africa that offers a wide range of programmes at both undergraduate and postgraduate levels. It offers a unique blend of theoretical and practical education, preparing students for careers in the health sciences. The Faculty has a strong non-formal education component and offers a range of diploma, certificate and graduate programmes. It is also involved in community outreach programmes and collaborates with leading research institutions.

**FACULTY OF LAW:** The Faculty of Law is one of the premier law faculties in South Africa and offers a wide range of programmes at both undergraduate and postgraduate levels. It offers a unique blend of theoretical and practical education, preparing students for careers in the legal profession. The Faculty has a strong non-formal education component and offers a range of diploma, certificate and graduate programmes. It is also involved in community outreach programmes and collaborates with leading research institutions.

**FACULTY OF MANAGEMENT:** One of our biggest faculties which offers a wide variety of courses for students with the drive to succeed! This Faculty offers programmes designed to develop sought-after future business leaders, who ultimately have great job prospects within a variety of credible organisations. The Faculty has a culture of trusting in the power of knowledge, ideas and intellect.

**FACULTY OF SCIENCE:** With some of the best research programmes and centres in the world, the Faculty of Science comprises thirteen Departments, namely: Academy of Computer Science and Software Engineering, Applied Chemistry, Applied Physics and Nanotechnology, Engineering Mathematics, Biochemistry, Biotechnology and Food Technology, Botany and Plant Botany, Chemistry, Geography, Environmental Management & Energy Studies, Geology, Physics, Pure and Applied Statistics, Zoology. These non-academic units housed in the Faculty include SPECTRUM (an Analytical Research Facility), the Faculty’s Workshop and the Glass Blowing Unit. In addition the Faculty has a regular newsletter and is also involved in Community Outreach Programmes.

**FACULTY OF SOCIAL SCIENCES:** The Faculty of Social Sciences offers a wide range of programmes at both undergraduate and postgraduate levels. It offers a unique blend of theoretical and practical education, preparing students for careers in the social sciences. The Faculty has a strong non-formal education component and offers a range of diploma, certificate and graduate programmes. It is also involved in community outreach programmes and collaborates with leading research institutions.
The programmes offered by the Faculty are one of the largest faculties at the institution, catering for a select range of competencies required clearly evident in the nature and blend of its endeavours to establish for itself, a distinct academics, artists and designers.

FACULTY OF ART, DESIGN AND ARCHITECTURE (FADA): FADA, situated in the custom-built FADA building on the Bunting Road Campus, is home to approximately 1,200 students who study towards a myriad of creative careers from interior and jewellery design to industrial and 3D design. Graduates go on to become employed in diverse areas in SA or internationally. It has a strong focus on sustainability and relevance, and engages actively with the dynamism, creativity and diversity of Johannesburg in imagining new approaches to art and design education. Equipped with state-of-the art, custom-built facilities, the Faculty is staffed by highly regarded academics, artists and designers.

FACULTY OF ECONOMIC AND FINANCIAL SCIENCES (FEBE): Over the last 10 years, since its inception in 2005, FEBS has endeavoured to establish for itself, a distinct financial identity in the academic world of commerce. The Faculty’s financial identity is clearly evident in the nature and blend of its vocational and academic programmes which cater for a select range of competencies required in the areas of accounting, economics and econometrics, and financial practice. The Faculty is one of the largest faculties at the institution, hosting approximately 25% of enrolled students. The programmes offered by the Faculty are organised within four departments, each with a unique focus. So, if you enjoy maths and have the heart of a true entrepreneur then be sure to visit the Faculty of Economic and Financial Sciences, FEBS offers programmes from a BAccounts degree, a selection of BCom degrees and diplomas aimed at meeting the growing demand for skills in the field of accounting, financial economics, econometrics and finance.

FACULTY OF EDUCATION: The Faculty of Education offers initial professional education of teachers programmes, continuous professional development of teachers programmes as well as master’s and doctoral programmes. It is also the official custodian of the Faculty is one of the biggest faculties which offers a wide variety of programmes across 13 departments under thirteen Departments, namely: Academy of Education; Applied Mathematics; Applied Physics and Engineering Mathematics; Biochemistry; Biology; Business Administration; Chemistry; Geography, Geology, Physics, Pure and Applied Physics; Mathematics; and Plant Biotechnology; Computer Science; Industrial and Systems Engineering; Information Technology; Management; Mathematical Statistics; Zoology. Some programmes/modules also provide for instruction in Afrikaans.

FACULTY OF HEALTH SCIENCES: One of our biggest faculties which offers a wide variety of programmes that offer postgraduate diplomas, certificates and short courses in specialised areas such as tax law, compliance, criminal justice and forensic investigation, insurance law, labour law, corporate law, environmental law, drafting of contracts and entertainment law. Do you have what it takes to defend this country’s law and constitution? It has an extensive range of relevant programmes, which are internationally competitive and locally relevant;

FACULTY OF HUMANITIES: Humanities has an extensive range of courses from the Departments of Journalism, Film and Television, Politics and Psychology to name a few. With a Bachelor of Arts (BA) degree you will learn to communicate, to solve problems and to think critically and analytically. BA graduates are highly skilled and able to work in almost any field. The private sector is constantly on the look-out for successful graduates to take up positions in middle management because it values the proficiency in problem-solving and communications that a student develops while studying for a BA. The ability to think critically and imaginatively and to convey ideas clearly is valued in any profession.

FACULTY OF LAW: The UJ Faculty of Law offers the traditional law programmes such as BA Law, BCom Law and LLB, as well as LLM degrees by coursework and dissertation and LL.M degrees in various important fields. In addition to these, the Faculty of Law has a strong non-formal programmes division that offers postgraduate diplomas, certificates and short courses in specialised areas such as tax law, compliance, criminal justice and forensic investigation, insurance law, labour law, corporate law, environmental law, drafting of contracts and entertainment law. Do you have what it takes to defend this country’s law and constitution? It has a preferred experience; innovative methods and technologies and techniques and the latest rendering facilities. In addition the Faculty is one of the few in South Africa that has an extensive range of courses from the Departments of Journalism, Film and Television, Politics and Psychology to name a few. With a Bachelor of Arts (BA) degree you will learn to communicate, to solve problems and to think critically and analytically. BA graduates are highly skilled and able to work in almost any field. The private sector is constantly on the look-out for successful graduates to take up positions in middle management because it values the proficiency in problem-solving and communications that a student develops while studying for a BA. The ability to think critically and imaginatively and to convey ideas clearly is valued in any profession.

The Faculty of Humanities strives to: train high-level Humanities graduates by ensuring that the teaching programmes are internationally competitive and locally relevant;
produce outstanding teaching and research outputs in the Humanities by employing the best possible academic staff who are committed and developing and utilising them to their full potential;
apply management principles, guidelines, processes and practices to maintain and improve excellent academic achievements in the field of teaching and research;
emanage the use of services and resources that are combined to the benefit of the individual, the University and the community we serve;
significantly enrich students with the unique added values offered by studies in the Humanities.

FACULTY OF MANAGEMENT: One of our biggest faculties which offers a wide variety of courses for students with the drive to succeed! This Faculty offers programmes designed to develop sought-after future business leaders, who ultimately have great job prospects within credible organisations. The Faculty has a culture of trusting in the power of knowledge, ideas and intellect.

FACULTY OF SCIENCE: With some of the best research programmes and centres in the world, the Faculty of Science comprises eighteen Departments, namely: Academy of Computer Science and Software Engineering, Applied Chemistry, Applied Physics, Mathematics and Statistics, Engineering and Mines, Engineering Mathematics, Biochemistry, Biotechnology and Food Technology, Botany and Plant Biodiversity, Geography, Environmental Management & Energy Studies, Geology, Physics, Pure and Applied Physics, Statistics, Zoology. Non-academic units housed in the Faculty include SPECTRUM (an Analytical Research Facility), the Faculty’s Workshop and the Glass Blowing Unit. In addition the Faculty has a regular newsletter and is also involved in Community and Outreach Programmes and excellent bursaries for top achievers in Science.

For a full listing of the courses offered by UJ please visit www.uj.ac.za to view the full online prospectus.
FACULTY OF ART, DESIGN AND ARCHITECTURE (FADA): FADA, situated in the custom-built FADA building on the Bunting Road Campus, is home to approximately 1 200 students who study towards a myriad of creative careers from interior and jewellery design to fine art and photography. It has a strong focus on sustainability and relevancy, and engages actively with the dynamism, creativity and diversity of Johannesburg in imagining new approaches to art and design education.

FACULTY OF ECONOMIC AND FINANCIAL SCIENCES (FEFS): Over the last 10 years, since its inception in 2005, FEFS has endeavoured to establish itself, a distinct financial identity in the academic world of commerce. The Faculty’s financial identity is clearly evident in the network and blend of its vocational and academic programmes which cater for a select range of competencies required in the areas of accountancy, economics and econometrics, and financial practice. The Faculty is one of the largest faculties at the institution, hosting approximately 29% of enrolled students. The programmes offered by the Faculty are organised within four departments, each with a unique focus.

FACULTY OF EDUCATION: The Faculty of Education offers initial professional education of teachers programmes, continuous professional development of teachers programmes as well as masters and doctoral programmes. It is also the official custodian of the UJ Metropolitan Academy and Funds. UJ’s School in Soweto. This is not only one of its kind in South Africa, the school is a partnership between the Gauteng Department of Education (GDE) and the University of Johannesburg (UJ).

FACULTY OF ENGINEERING AND THE BUILT ENVIRONMENT (FEBE): Do you enjoy maths and science? Do you look at buildings, bridges and machines and think ‘I can build them better’? Then engineering is the faculty for you! FEBE is one of nine faculties of the University of Johannesburg. It offers both Engineering Technology and Engineering Science undergraduate and postgraduate programmes across 13 departments under four Schools. In keeping with the University’s comprehensive status, the Faculty is the first in South Africa to offer global education to a full range of professional engineering disciplines. FEBE remains a leading developer of well-qualified and accredited engineers, technologists and technicians. Within its dynamic and competitive education landscape, the Faculty is innovative in its approach to teaching, learning, collaborative research, community engagement, international partnerships and remains at the cutting edge of technology. It is focused on the promotion of reflective and critical thinking, novel ways of problem-solving, and believes in environmentally sustainable solutions.

Come walk the Orange Carpet

ATTENTION TOP ACHIEVERS!

The University of Johannesburg’s Orange Carpet rewards programme is about rewarding excellence and embracing accomplishment. If you are a Grade 12 learner and thrive on achieving only the best, you are just the diamond we are looking for! So, get the rewards you deserve!

**MERIT BURSARIES**

**NOTE:**

Daily living costs are not covered. Thus the rewards extended only to tuition fees and other non-financial benefits. The Orange Carpet rewards do not cover the UJ residence application, registration or fees. The rewards also do not extend to any other forms of accommodation or the costs associated with travelling to and from UJ.

**WHAT IS THE UJ ORANGE CARPET REWARDS PROGRAMME?**

**APPLIED TO A UJ RESIDENCE AND PAID THE APPLICATION FEE.**

You will receive a merit bursary according to your APS for the first year of study. The better you do in your Grade 12 results the bigger your merit bursary will be. An APS of more than 42 on your Grade 12 results gives you an extra R5 485 bursary. You will be guaranteed accommodation in a UJ residence if you plan to live on campus and have applied to a UJ residence and paid the application fee.

You are eligible for a sport bursary if you have achieved at provincial or a higher level. You will be guided through this process by your own UJ Student Marketer. You can also contact our Student Marketing section directly for a UJ Student Marketer. You can also contact our Student Marketing section directly.

**WHAT DO YOU QUALIFY FOR?**

Meet the specific subject requirements for the programme you are interested in. Maintain the same results in Grade 12. Achieve an APS of 37 or higher in your Grade 11 final report (but not lower than Level 6 in every subject).

Should you meet these requirements, then you are eligible to apply for Orange Carpet status.

**HOW DO YOU QUALIFY FOR ORANGE CARPET BENEFITS?**

- You are a Grade 12 learner and have achieved a minimum Grade 11 final result of C (60-69%).
- You meet the specific subject requirements for the programme you are interested in.
- You plan to register for full-time undergraduate studies.
- You achieve an APS of 37 or higher in your Grade 11 final report (but not lower than Level 6 in every subject).
- You apply on time to UJ – the deadline is the end of September 2016.

Remember, depending on your AP Score, your Orange Carpet merit bursary may not cover your full first-year tuition fees so candidates need to ensure that they apply for any other funding and NSFAS on time, in their Grade 12 year.

**WHAT ARE THE BENEFITS OF THE ORANGE CARPET?**

- Exclusive events and into the VIP sections at UJ sporting events!
- You are guaranteed accommodation in a UJ residence if you plan to live on campus and have applied to a UJ residence and paid the application fee.
- You receive a merit bursary according to your APS for the first year of study. The bigger you do in your Grade 12 results the bigger your merit bursary will be.
- An Orange Carpet candidate saves R1 040 by not having to pay registration fee and the ICT levy at your own UJ Student Marketer. You can also contact our Student Marketing section directly.
