

10 Years of Business Rescue

Some lessons for the future...

Faculty of Law

A decade of business rescue: the good, the bad and the ugly

Since business rescue proceedings entered the South African legal landscape, it has regularly occupied the attention of the courts. The recent financial collapse of several prominent businesses has now also fixed the media's attention on business rescue.

You are invited to join various experts as they discuss challenges and opportunities associated with business rescue. The panel will also make some recommendations for future law reform.
