

# WOMEN'S MONTH CAREER JUNCTION

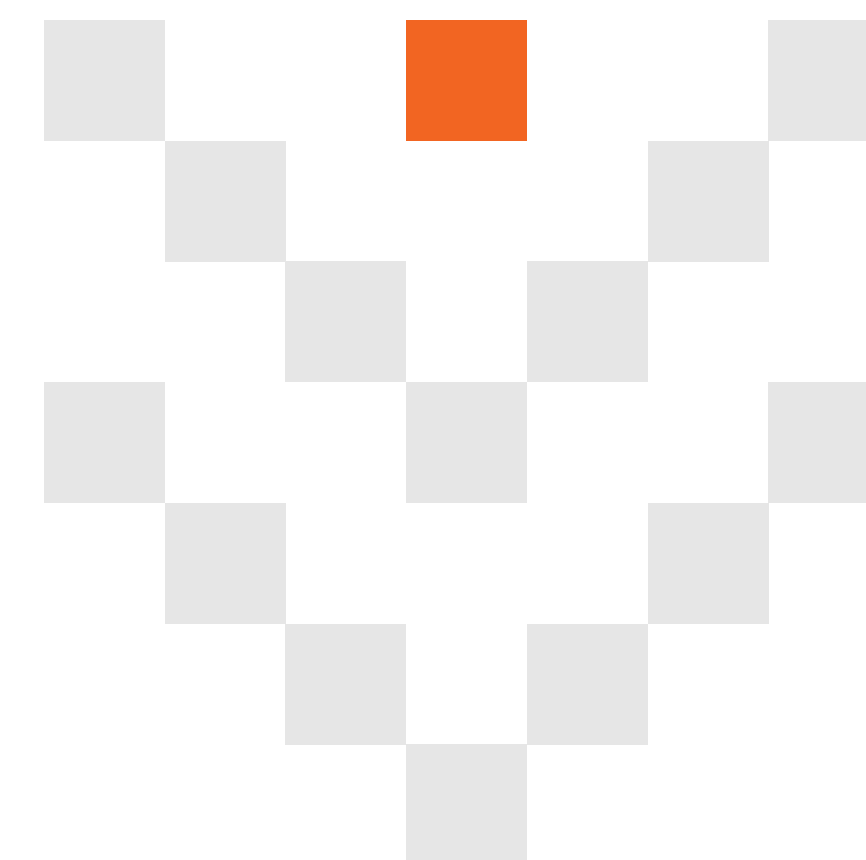

## With WOZA Women In Law, SA Women Judges Making a Difference & the University of Johannesburg

**MARCIA DAVIDS**  
Climate Change  
Specialist

Marcia was admitted as an advocate of the High Court of South Africa in 2006. She is the first person in SA to handle the first climate change internal appeal and litigation in our country. The appeal was lodged against an EA on Coal Fired projects, which resulted in the High Court calling for the Climate Change Impact Assessment Report. She managed the entire process of appointing the appeals panel to peer review Thabametsi's Climate Change Impact Assessment Report. She is currently pursuing her PhD with the University of Pretoria focusing on South Africa's climate change regulatory framework: adaptation and mitigation in line with international commitments.
