## WHAT MAKES THE TRANSPORT AND SUPPLY CHAIN MANAGEMENT BRIDGING PROGRAMME UNIQUE?

### Students with a Grade 12 certificate to pursue a career in Transport or Logistics

This programme has been developed to allow prospective students who possess a Gr 12 certificate but without endorsement or university exemption to a Diploma level to improve their qualification in order to be able to proceed to Diploma studies in Transport and Logistics.

This programme is unique to the Department of Transport and Supply Chain Management at the University of Johannesburg. It has been developed in consultation with the Transport and Logistics Industry in order to allow students to improve their career advancement prospects in the industry.

## ADMISSION REQUIREMENTS

- Grade 12 with higher certificate endorsement / without university exemption
- A good working knowledge of English
- Study material will be available only in English
- Relevant documentation (see how to enrol)
- Computer Literacy and Internet access

## CURRICULUM

### Basic Mathematics and Quantitative Techniques for Logisticians

This module follows a practical training approach, in which students are introduced to the role and importance of quantitative techniques in logistics management as well as the teaching of basic mathematical and quantitative skills required in logistics management.

### Industrial Relations

This module familiarises student with the basic theoretical and practical foundation underlying industrial relations in South Africa. The module provides grounding in management philosophy, the role of the State, constitutional principles, trade unions, collective bargaining, negotiations, recognition agreements, strikes, unfair labour practices, etc. The implications of various management approaches for optimizing industrial relations in the future are covered, and case studies are used to provide opportunities for the practical application of the principles discussed.

### Managing Road Transport Operation

This module gives students the ability to understand an organisation and make supervisory decisions on a visionary basis. It allows students to understand the organising and use of resources. The components of management are covered and related to transport. The application of Managerial concepts with Work Teams is studied and explained.

## PROGRESSION

On completion of the Bridging Programme, a student will be able to apply for a Diploma programme (only part-time).

## CREDITS

- A student may be granted a supplementary examination opportunity in accordance with the criteria determined by the University. Should a student not pass all the modules he/she will NOT be allowed to enrol for the following programmes:
