1. PURPOSE

The purpose of the BCom (Logistics Management) qualification is to provide qualifying students with applied competencies in the understanding and interpreting of logistics management principles, in preparation for a career in the transport and logistics field and to provide a basis for further learning.

The student should be able to reflect on the study material in the context of a transport or logistics organisation, or function of a company, and to assess decisions impacting transport and logistics management.

The BCom in Logistics Management enables students to specialise in logistics and transportation management.

2. GENERAL

The Department of Transport and Supply Chain Management offers the following degree:

- **BCom (Logistics Management)**

After completion of the BCom degree, advanced study may be undertaken in BCom Honours.

The Department also provides the opportunity to obtain MCom, DCom and DPhil degrees in Logistics Management or Transport Economics, in which research is undertaken under guidance of a study leader appointed by the department.

3. COMPOSITION OF THE PROGRAMME

The programme has 27 semester modules which should all be completed. The programme is assembled according to certain requirements. A number of compulsory modules are included and in some instances it is

prescribed that modules or combinations of modules, must be completed in a specified order. The reason for this is to ensure the necessary frame of reference before continuing with the next modules.

4. METHOD OF PRESENTATION

The following is valid for each of the modules:

Class discussions: at least fourteen meetings per module, following a set timetable.

Two tests and one sick test: a written test of between two to three hours, following a pre set timetable.

Task or assignment: varies from module to module.

Examination: a written examination paper of between two to three hours during the official university examinations, following a pre set timetable.

5. SUCCESS CRITERIA

The pass mark for each module is 50%. The degree is awarded cum laude if the average mark of the 27 modules is at least 75%. The mark for each module consists of two equally weighted components, viz. the examination mark and the semester mark. A minimum semester mark of 40% is required for entry to the exam. The semester mark of each module comprises of the test and the task/assignment, and also other possible components, and is elucidated in the learning guide for each module.

6. RULES OF ACCESS

For a student to be admitted to a Bachelor's degree he/she must be in possession of a Senior Certificate with university endorsement.

In addition to the requirement stated above, the following rules of access set by the University for the Faculty are applicable.

Admission point score (APS): 26, Language of teaching and learning English: 4, *Mathematics: 4, *Mathematical Literacy not accepted.

PROGRAMME	Qualification Code	Minimum APS	English	Mathematics	Mathematical Literacy	CAREER	CAMPUS
BCom Logistics Management	B1CLMQ	26	4 (50%+)	4 (50%+)	Not accepted	Logistics Manager, Consultant, Production Manager	APK

See “**How to determine your Admission Point Score (APS)**” on the next page.

7. ENTRANCE EXAMINATION

In the case of admission for any other BCom with a major with comparable content, and as far as is necessary, complemented by an entrance examination, the programme manager determines the necessity for entrance examinations in consultation with the departmental chairman for each prospective learner, taking into account academic background and performance, together with the practical experience of the prospective learner. If applicable, a candidate will be informed about this.

8. FURTHER INQUIRIES

Further information and general inquiries may be addressed to the programme co-ordinator.

How to determine your Admission Point Score (APS)

An Admission Point Score (APS), explained below, has been developed for the National Senior Certificate (NSC) and the Independent Examinations Board (IEB) based on the Achievement Rating of each subject. The total APS is the sum of the achievement ratings of the six school subjects. Life Orientation is not counted in the calculation of the APS.

APS	NATIONAL				INTERNATIONAL					
	NSC	SC HG (M-SCORE)	SC SG (M-SCORE)	IEB	HIGCSE / NSSC (HL)	IGCSE / NSSC (OL)	AS LEVELS	A LEVELS	IB (HL)	IB (SL)
10								A	7	
9								B	6	
8								C	5	
7	7 (80–100%)	A		7	1		A	D	4	7
6	6 (70–79%)	B	A	6	2		B	E	3	6
5	5 (60–69%)	C	B	5	3	A	C		2	5
4	4 (50–59%)	D	C	4	4	B	D		1	4
3	3 (40–49%)	E	D	3		C	E			3
2	2 (30–39%)	F	E	2		D/E				2
1	1 (0–29%)	G	F	1		F/G				1

ABBREVIATIONS
