# Advanced Diploma in QUALITY (1 year)

## PURPOSE OF THE PROGRAMME

The purpose of the Advanced Diploma in Quality is to prepare the student from a production and/or service environment to become a quality practitioner specialising in quality tools and techniques. The qualifying person will apply a body of knowledge, skills and applied competencies of quality and quality principles, tools and techniques to implement, maintain and improve quality in their respective working environment. The qualification is to develop a graduate who is proficient in the knowledge, attitudes, insight and skills required for the quality management. The proposed curriculum will enable the student to competently apply and integrate theoretical principles, evidence-based techniques, practical experience and appropriate skills in an independent manner in a variety of settings.

## MINIMUM ADMISSION REQUIREMENTS

The minimum admission requirement is a relevant National Diploma or Diploma qualification in a quality-related field or NQF level 6 equivalent. Students are selected on the basis of academic merit and an approved field(s) of study. An average mark of 60% in the previous degree qualification is required.

## MODULES

Module name	NQF level	Credits per module	Compulsory / Optional

# Advanced Diploma in OPERATIONS MANAGEMENT (1 year)

## PURPOSE OF THE PROGRAMME

The purpose of the Advanced Diploma in Operations Management is to develop the students' applied and cognitive competencies in acquisition, interpretation, understanding and applications of Operations Management principles so that students should be able to analyse and explain operations decisions. Additionally, the student should also be able to reflect on the theories and application of these operations management decisions in their respective workplace. The qualification is to develop a graduate competency in the knowledge, attitudes, insight and skills required for the quality management and related professions. The proposed curriculum will enable the graduate to competently apply and integrate theoretical principles, evidence-based techniques, practical experience and appropriate skills in an independent manner in a variety of settings.

## MINIMUM ADMISSION REQUIREMENTS

The minimum admission requirement is a relevant National Diploma or Diploma qualification in Operations Management or NQF level 6 equivalent in the respective field. Students are selected on the basis of academic merit and an approved field(s) of study. An average mark of 60% in the previous degree qualification is required.
