UJ's BCom Accounting and BCom Accounting Extended qualifications accredited for the SAICA AGA(SA) designation

Based on the SAICA accreditation visits conducted to Accountancy@UJ in August 2020 and the evaluation of all of the information presented, the SAICA IPD Committee has resolved that the BCom Accounting and BCom Accounting Extended qualifications be accredited for purposes of the AGA(SA) designation. This accreditation is effective from the 2015 intake of students for the two qualifications.

By accrediting a programme, SAICA certifies that:

- the academic unit has put in place the appropriate resources, that if used effectively, should enable it to deliver the programme at the required standard and level of quality; and
- the programme meets SAICA's requirements in terms of standards of teaching and learning.

For more info on the AGA(SA) designation visit:
