koketsom@uj.ac.za

ONLINE REGISTRATION: <https://zoom.us/meeting/register/tJlqde2qrj0rHtX0DoRG4sz9jOTvUZbIDhQp#/registration>

SPEAKERS:

- Antonio Andreoni: The shift from innovation to financialisation in big pharma
- Lorenza Monaco: Innovation pattern and drivers in the pharmaceutical industry in South Africa
- Fernanda Perin: The alignment between industrial and health policies in Brazil: BNDES and FINEP instruments to the pharmaceutical industry
- Alexis Habiyaemye: Optimal patent protection length for pharmaceuticals
- Padmashree Gehl Sampath: Vaccine production in Africa
- Bertha Vallejo: The pharmaceutical industry in Ghana
- Dinar Kale: Inclusive MedTech innovations in India and their impact on resolving the healthcare needs of the local population
- Geoffrey Banda: The localisation of medical manufacturing in Africa: opportunities and challenges

Medical and healthcare innovations have the potential to revolutionise healthcare delivery, access and public health outcomes. The colloquium brings together some of the leading scholars in this field, associated with SARChI Industrial Development, to share some of their latest research. The colloquium will explore potential policy implications of recent innovations in the healthcare and pharmaceutical industries for the improvement of healthcare practices and the enhancement of public health outcomes in developing countries.
