### PURPOSE OF PROGRAMME

The purpose of this SLP is to develop knowledge and skills in understanding and applying accounting standards and applying the theoretical framework in the preparation of financial statements of entities, including groups and how to analyse and interpret those financial statements.

## OUTCOMES

Students will be able to:

- discuss and apply the conceptual and regulatory frameworks for financial reporting;
- account for transactions in accordance with International Financial Reporting Standards;
- analyse and interpret financial statements of single entities and groups; and
- prepare and present financial statements for single entities and business combinations in accordance with International Financial Reporting Standards.

## ASSESSMENT

- Students will be completing practise assessments of which they need to be continuously assessed through online assessment utilising the assessment utilities of Blackboard and those provided by ACCA student portal as well as class practice assessments.
- The student will receive a certificate of attendance (not a certificate of competence) as this SLP is to prepare students to write the relevant Association of Chartered Certified Accountants (ACCA) exam, of which the student needs to register for separate to this SLP.
