COVID-19

Important: Mandatory Vaccination procedure and protocols for access to all UJ campuses for Contractors and SLA Companies

All contractors, SLA service providers will be verified against mandatory files and will be required to produce permits, ID's, and vaccination certificates to gain access.

All contractors, SLA service providers will be requested to have the following to gain access to campuses:

- ✓ Vaccination Certificate
- ✓ Vaccination Card (Mandatory as of 15th March 2022)
- ✓ Unvaccinated but requesting exemption or unvaccinated but still trying to get vaccinated are allowed onto campuses ONLY if they have a negative PCR Covid-19 test no older than 72 hours.

Main Contractors

All Contractors who will work on campus, will be subjected to the UJ screening process at all times, and must provide a permit as well as ID. Principal construction contractors are compelled to implement their own processes at their demarcated construction sites. All contractors will be verified against approved lists. Printed/electronic vaccination certificates must be produced.

Smaller contractors / SLA Companies

All Contractors who will work on campus, will be subjected to the UJ screening process at all times and must provide a permit as well as ID. All contractors will be verified against approved lists Printed/electronic vaccination certificates must be produced.

- ✓ Only contractors / suppliers with a permit indicating vaccine status being either full or partial will be admitted to UJ campuses.
- ✓ Persons not willing to be vaccinated will not be permitted onto campuses.

Important to Note:

In light of Covid-19 Protocols being relaxed, it is important to note that UJ Mandatory vaccination policy may be reinstated at short notice.
