## *UJ committee work*

Since the Information and Knowledge Management department started its work on the Soweto campus, it has been my privilege to be involved in the development of the department on the campus. Currently I sit on the Soweto faculty committee (SECO) which is involved in the developments of the management faculty on this campus.

I have been involved in the community engagement committee and am still involved in the department's contribution to the community engagement endeavors.

Currently I am assisting in heading the online tutor development program for the department. Combined with this I am involved in the intricacies of the timetable matters concerning the department on both Auckland Park and Soweto. Added to this, I am the departmental representative on the F7 committee. Exercising our strength to assist students to achieve their academic goals. I am involved in the First year experience (FYE) committee that oversees the departmental First year seminar. Finally, I am involved in the development of the departmental modules into the online space.

---
