POLICY ON THE MANAGEMENT OF DECEASED STUDENTS AND EMPLOYEES

1. PREAMBLE

The death of a student or an employee represents a loss for the University community as well as for the family and friends of the deceased. The University's response to such a death will vary based on the nature of the deceased's affiliation with the University.

2. PURPOSE

The purpose of this policy is to provide direction in terms of process and procedures to be followed, including roles and responsibilities of faculties, divisions and departments in the event of a death of a student or an employee. It is imperative to coordinate such actions expeditiously and sensitively with regard to the feelings of the family, relatives, friends and colleagues of the deceased. Coordination of the immediate professional response actions of the HR Division, Campus Security, PsyCaD, Campus Health, the Division for Internationalisation or other University emergency response personnel in the event of a campus death, or situations which may result in a death, fall outside of the scope of these guidelines.
