

MCom / MPhil Logistics Management Research Programmes

MCom (Logistics Management) Research (M1CLMQ) or MPhil (Logistics Management) Research (M1PLMQ)

PURPOSE: The purpose of this qualification is to develop intellectual and specialised competencies and practical skills in the acquisition, interpretation, understanding and application of logistics management practices. The student should further develop research writing and creative thinking skills in the logistics field and be able to reflect on acquired skills.

NQF Level: 9

Number of Credits: 180

The student should be able to take strategic decisions in the context of a logistics organisation, or logistics function of a company, and to assess any internal or external decision impacting the logistics function and/or profession. The student should be able to reflect on his/her managerial decisions and applications to assess the effect thereof in the holistic context of logistics management.

RULES OF ACCESS: An average of at least 60% for the Honours degree. An Honours module in Research Methodology/Research Project (NQF level 8) undertaken with a score of at least 65%. In addition to the above, further selection criteria apply and usually include selection interviews, psychometric testing and a research proposal exercise.

FULL-TIME CURRICULUM / PART-TIME CURRICULUM: A dissertation on an approved topic OR an option containing a minimum of two publishable articles with an overarching introduction and conclusion over a period of one-year full time and two years' part time on an approved topic. Refer to the Academic Regulations Booklet for applicable regulations on Master's qualifications.
