### Religious Affiliations and Behaviour 2010-2050

The Pew Research Center released its latest finding on religious affiliations on the 2 April 2015. The paper entitled: "The Future of World Religions: Population Growth Projections, 2010-2050" examines why Muslims are rising fastest and the unaffiliated are shrinking as a share of the world's population. The report finds that in Africa Christianity will continue to grow and be a dominant religion.
