

MASTER'S SUMMARY PROPOSAL

The supervisor is requested to complete this form electronically

The UJ Administration Structures and Processes state in item 3.5

Research proposals are formally approved by faculties in terms of their quality and research ethics requirements. Research proposals are scrutinised at departmental level before they are considered and approved by the relevant FHDC. Research proposals may also be approved at departmental level. However, it is advisable that proposals approved within the academic departments are certified as such by the HoD. Faculties may require a doctoral student to defend his/her proposal, and where feasible the same requirement may be applied to research master's proposals and coursework master's proposals.

This form should be accompanied by the following documents as determined by the relevant approved departmental procedure:

1. The full masters proposal and/or chapter 1
2. Minutes of the meeting when the proposal was approved
