

UJELP Invitation and information letter (2023)

Dear International prospective student

We are delighted that you have chosen to further your studies at the University of Johannesburg (UJ).

Please note that all prospective undergraduate or postgraduate international students who have not studied in English are required by UJ to provide English Proficiency Test results.

For those candidates who may not have the certificate attesting their English proficiency, the University of Johannesburg English Language Programme (UJELP) provides such a proficiency test and offers English as a Foreign Language (EFL) course divided into three modules: Elementary (A1-A2), Intermediate (B1-B2) and Advanced (C1-C2).

The proficiency test administered by UJELP is referred to as Placement Test (PT). It is divided into PT1 and PT2. The Placement Test determines the candidate's English proficiency. It is a gateway through which successful candidates may enter the faculty of their choice, provided they satisfy UJ's admission requirements. Furthermore, UJELP accommodates candidates who do not have the required English proficiency into the UJELP course at the end of which a certificate of proficiency will be delivered by the University of Johannesburg.
