PAPERS PRESENTED ON INTERNATIONAL CONFERENCES

Date	Place & name of conference	Title of paper
13-16 September 1995	Singapore 22 nd CIRET Conference	The Incorporation of Business Confidence Indicators in an Econometric Model of the Demand for New Motor Vehicles in South Africa (co-presenter : Dr M de Wet)
30/7 -1/8 1997	Helsinki, Finland 23 rd CIRET Conference	The Use of the Interest Rate-Investment Relationship for Business Cycle Forecasting: The Case of the South African Economy (co-presenter : Prof L Greyling)
17-20 March 1999	Wellington, New Zealand 24 th CIRET Conference	Forecasting the Level of International Competitiveness of Domestic Industries: The Cluster Industry Approach
11-14 October 2000	Paris, France 25 th CIRET Conference	The Modeling of Macroeconomic Data: The Supply-side Approach
13-14 September 2001	Johannesburg, South Africa International Jubilee Conference of the South African Economic Society	A Macroeconomic Audit of Human Resource Management in South Africa
7-9 September 2003	Ankara, Turkey 7 th CER/METU Conference	Productivity and efficiency spillovers generated by the affiliation of multinational firms: The South African business sector as a case study

PROF G VAN ZYL

10-12 June 2004	University of Westminster London UK. International Conference on Emerging Markets and Global Risk Management, Paris, France	Globalisation and emerging markets
5-8 July 2006	IAREP-SABE Conference, Pula, Croatia	Constructing an economic behavioral model to explain the psychodynamic motion of foreign direct investment into emerging market economies using the South African economy as a case study,
27-29 September 2007	International Conference on Business & Risk Rome, Italy	The driving forces for project- management efficiency
3-6 September 2008	IAREP/SABE World Meeting 2008	Behavioural aspects of project-management efficiency
9-12 September 2009	Tallinn, Estonia EALE Conference	Impact of HIV/AIDS on firm-efficiency and firm-competitiveness
7-8 Oktober 2011	Izmir, Turkey ICSS Conference	Productivity impact of part-time labour
24-27 Oktober 2012	39 th NBEA Conference Port Jefferson Long Island USA	Geographical & industry differences on remuneration gap-enhanced labour productivity levels in a developing economy...South Africa as a case study
7-11 September 2015	17 th ILERA International conference Cape Town	The impact of the age-skill dimension on employee productivity
20-29 October 2015	Experimental economics workshop University of Alicante Spain	The application of experimental econometric tools in labor productivity measurement

PROF G VAN ZYL

23-27 July 2018	18 th ILERA International conference Seoul, South Korea	The impact of in-house training on the diversity dimensions of employee productivity in a low productivity country: The South African workplace as a case study
24-27 June 2020	ILERA 2020 International e-conference Toronto, Canada	The impact of new technology on employee productivity in the South African workplace

Papers presented on national conferences

Date	Place & name of conference	Title of paper
14 February 1993	Johannesburg ESKOM Forecasting Conference	Microeconomic and Macro-econometric Modelling of the Demand for Electricity
28-29 November 1994	Johannesburg EBM Conference	A Cobb-Douglas estimation of Labour Productivity in the South African Motor Vehicle Manufacturing Industry (Co-presenter LP Kleynhans)
28-29 November 1994	Johannesburg EBM Conference	The Estimation of Demand Functions for New Small, Medium and Large Passenger Cars in South Africa (Co-presenters MD Steenkamp & M van Zyl)
28-29 November 1994	Johannesburg EBM Conference	The Possible Implications of the GATT(WTO)-proposals for the South African Motor Vehicle Industry on South African Imports (Co-presenter LP Furstenberg)
28-29 November 1994	Johannesburg EBM Conference	The Possible Implications of the GATT(WTO)-proposals for the Competitiveness and Future Existence of the South African Motor Vehicle Industry (Co-presenter L Doig)
27-28 November 1996	Port Elizabeth EBM Conference	Cobb-Douglas versus CES and Transcendental Logarithmic Production Functions, (Co-presenter EPJ Kleynhans)

PROF G VAN ZYL

27-28 November 1996	Port Elizabeth EBM Conference	An Analysis of the Tariff Structure of the South African Clothing Industry (Co-presenter C Wardle)
17-19 September 2003	Stellenbosch ESSA Conference	Productivity and Efficiency Spillovers Generated by the Affiliation of Multinational Firms: The South African Business Sector as a Case Study
28-30 September 2003	Potchefstroom SAIMS Conference	The Cost-Production Duality Approach to the Measurement of Productivity: A Dynamic Tool for Effective Human Resource Management
27-29 September 2004	Cape Town SAIMS 16 th Annual Conference *This paper received the winning paper award	Productivity and Efficiency Challenges for the Domestic Firms of Emerging Economies due to the Affiliation of Multinational Firms
25-27 May 2005	East-London NEPAD Conference	Impact of Globalisation on Efficiency in Emerging Economies
7-9 September 2005	Durban ESSA Conference	The South African Electricity Industry: The Rationale for Reform and Exposing Myths (Co-presenter A Goldstuck)
26-28 September 2005	Bloemfontein SAIMS Conference	Privatisation of South African Utilities, ESKOM as a Case Study
13-15 September 2006	Stellenbosch SAIMS Conference	The compilation of a Project Management Efficiency Model...The Department of Public Enterprises as a Case Study
16-18 October 2006	Sun City, Rustenburg Adding Value in the Financial World Conference	Improving Efficiency through the Implementation of Project Management Best Practices

PROF G VAN ZYL

	Johannesburg ESSA Conference	Dimensions of Project Management Efficiency
10-12 September 2007		
26-28 May 2008	Value 2008 Conference Sun City	Organisational, governmental and labour union attitude towards privatisation and restructuring in an African developing economy
14-17 September 2008	20 th Annual SAIMS Conference Bloemfontein	Fiscal stimulation of human capital in South Africa: The impact on the efficiency of the human resource base and resultant economic growth
30/8 – 1/9 2010	Value 2010 Conference Johannesburg	The relationship between wage gaps and labour productivity
12-15 September 2010	SAIMS 2010 Conference Rhodes University *This paper was awarded the top six best winning paper awards	Does employee remuneration gaps enhance labour productivity?
5-7 September 2011	ESSA 2011 Conference Stellenbosch	Productivity spillovers of part-time labour
28-29 May 2012	Value 2012 Conference Drakensberg	Geographical & industry differences on wage gap-enhanced labour productivity
25-27 September 2013	ESSA 2013 Conference Bloemfontein	Age-skill contributions to labour productivity in the workplace
26-27 May 2014	Value 2014 Conference Emperors Palace	Positive labour productivity externalities due to a post-secondary qualification or training
23-24 May 2016	Value 2016 Conference Zebula Golf Estate and Game Lodge	The impact of incentive schemes on employee productivity in the South African workplace

POST-GRADUATE STUDENTS

Acting as promoter/co-promoter for doctoral students (completed) - 8 PhD students

Promoter	1997	FC Kotze	South Africa and International Competition: Theory and Evidence
Promoter	1998	G Els	The Development of a Regional Input-Output Model for the South African Motor Vehicle and Associate Industries
Co-promoter	1998	S Chetty	Uncertainty and Expectations in Fixed Investment Behaviour and the Implications for Economic Policy
Promoter	2005	PW Bauer	Micro-Investment Behavioural Model for an Emerging Economy: The South African Economy as a Case Study
Promoter	2007	L Bonga-Bonga	Computerized General Equilibrium (CGE) Modelling of the Impact of Fiscal Policy on Economic Growth, Income Redistribution and Poverty Alleviation in South Africa
Promoter	2012	H van Schalkwyk	The impact of behavioural factors and financial risk tolerance on member choice in a defined contribution pension plan
Co-promoter	2013	M Cakir	A sectoral analysis of trade liberalisation, financial development, and economic growth: A comparison between Turkey and South Africa
Co-promoter	2018	MD Magau	Key variables in the prediction of the monetary value of human capital

PROF G VAN ZYL

Acting as study leader/co-study leader for magister students (completed) - 43 Magister students

Study leader	1987	J Fourie	The privatization of Roads in South Africa with Specific Reference to the Springs-Krugersdorp toll road
Study leader	1993	C Viljoen	An Analytical Investigation of the Structural Adjustment Program for Television Receiving Sets
Study leader	1993	I Coetzee	An Investigation into the Factors that Impact on the Competitiveness and Price Structure of the Passenger Motor Vehicle Industry in South Africa
Study leader	1993	J van Staden	The Nature, Extent and Dynamics of the South African Institutional Investor
Co-study leader	1993	M de Wet	The Economic Profile of the Durban Functional Region
Co-study leader	1993	HU Schussler	An Analysis of the South African Long-run Trade Cycle
Study leader	1993	CH van Schalkwyk	The Compilation of an Effective Exchange Rate Index for the South African Motor vehicle and Associate Industries
Study leader	1993	FC Kotze * Chancellors medal for the best master study	An Analysis of the Economic Background to the Development of a New Program for South African Motor Vehicle Industry
Study leader	1994	EPJ Kleynhans	The Level of Optimisation of the Capital and Labour Input Base in the South African Motor Vehicle Industry
Study leader	1994	EP van der Merwe	The Benefits that an Effective Allocation of Production Costs can Generate for Price Differentiation and the Management of Container Services in the South Transvaal Region

PROF G VAN ZYL

Study leader	1994	L Doig	A Critique of Expected Competition Policy in the New South Africa
Study leader	1994	M van Zyl	Econometric modeling of the Demand for Small, Medium and Large Motor Vehicles in South Africa
Study leader	1994	JP van der Schyff	Estimation of a Production Function for the South African Motor Vehicle Industry
Study leader	1994	LP Furstenberg	The Possible Implications of the Gatt Proposals for the Motor Vehicle Industry on Imports
Study leader	1994	G Els	An Input-Output Model for the South African Motor Vehicle Industry
Study leader	1995	TAM Makola	The Estimation and Quantification of Labour Productivity in the South African Motor Vehicle Industry
Study leader	1995	PJ Esterhuysen	A Microeconomic Analysis of the General Auction System of Pretoria
Study leader	1996	C Wardle	An Analysis of the Tariff Structure Applicable to the Clothing Industry
Study leader	1996	S Riangkrull	The Level of International Competitiveness of the South African Textile Industry
Study leader	1996	PW Clark	An estimation of a Production Function for the South African Clothing Industry
Study leader	1996	CT Newton	A Comparative Study of the Trade Union Movement in South Africa and the United Kingdom with Special Reference to their Economic Impact
Study leader	1996	PB Hanekom	The Impact of Regionalisation on South Africa's Development Aims
Study leader	1997	N Ramakoae	An Estimation of Labour Productivity in the South African Textile Industry

PROF G VAN ZYL

Study leader	1997	L Jantarasombat	An Analysis of Trade between South Africa and Thailand
Study leader	1997	G Woratz	An Analysis of Labour and Capital Productivity in South Africa with Special Reference to Their Impact on International Competitiveness of the Local Manufacturing Industry
Study leader	1999	CA Kussel	A Quantitative Analysis of Economic Indicators on the Performance of the Johannesburg Stock Exchange Industrial Index
Study leader	2000	I Geldenhuis * Chancellors medal for the best Master study	The Impact of Market Volatility on Economic Performance
Study leader	2001	IA Mulaudzi	A Demand Estimation of Housing Units in South Africa
Study leader	2002	S Kunene	A Macroeconomic Perspective on Electronic Commerce Policy and Strategy in Government, Corporate, Small, Medium and Micro Enterprise Sectors: An Exploratory Analysis
Study leader	2002	PW Bauer	Price Setting in the South African Coffin Industry
Study leader	2002	P Psaltis	The depreciation of the South African Rand against the United States Dollar for the Period 1996– 2001
Study leader	2003	A Goldstuck	The Level of Competitiveness of the South African Electricity Industry
Study leader	2004	GC Nel	Regressive Bidding Agents
Study leader	2005	SD Masuku	The Importance of Human Capital in the Manufacturing Sector of the South African Economy
Study leader	2005	MS Mokgotho	Competitiveness of the South African Pulp and Paper Industry

PROF G VAN ZYL

Study leader	2006	M Mjyako	The Impact of Internal Audit on the South African Local Government for the Period 1994- 2003
Study leader	2006	P Venier	Project Management Best Practice for the Department of Public Enterprises
Study leader	2007	K Hlabana	An Investigation into the Methods Utilised by the Ekurhuleni Metropolitan Municipality to Alleviate Poverty and Unemployment
Study leader	2007	RV Mkonza	The Influences of Share Buyback Schemes on Earnings per Share and Profitability of Listed Companies in South Africa
Study leader	2007	P Naidoo	The Study of Knowledge, Attitude and Practices (KAP) with regards to HIV/AIDS within Organisation X
Study leader	2008	C Lubisi	The impact of HIV/AIDS on the Economic Efficiency of the South African Manufacturing Industry
Study leader	2010	Y Ebrahim	Demand Management Strategies for Efficient Electricity Usage in South Africa
Study leader	2015	K Matswalela	Investigating the Comparative and Competitive Advantage of the South African Clothing and Textile Industry
