

Applications for **Graduate Programmes are now open**

PFG Building Glass (PFG), division of PG Group, the only Float Glass Manufacturer in the Southern Hemisphere with amazing technology, has graduate programme opportunities for Engineering students who have completed their Diploma or Degree and are looking to put theory into practice in a world-class glass manufacturing organization.

Do you have a 70% Matric average for Maths & Science? Did you complete an Engineering Diploma or Degree with a 65% average for your overall academic studies? Are you hands-on, self-motivated and see yourself in an exciting, fast-paced world-class glass manufacturing environment?

If this is **YOU**, then PFG Building Glass is where you want to start and enhance your Engineering career. PFG Building Glass is based in Springs, Ekurhuleni in the East Rand.

The PFG graduate programme offers 12-months workplace experience and exposure in the following fields:

- Chemical Engineering
- Electrical Engineering (H/C)
- Control Systems Engineering
- Mechanical Engineering
- Industrial Engineering
