

How to access exam papers on Figshare

URL: https://repository.uj.ac.za/exam_papers

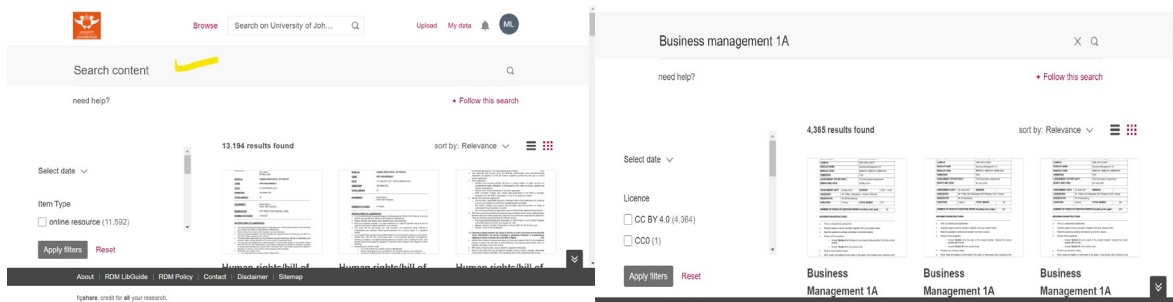

This will land you to the overall exam papers that we have on site

The screenshot shows the website interface for 'repository.uj.ac.za/exam_papers'. At the top, there is a navigation bar with the University of Johannesburg logo, a search bar, and links for 'Browse', 'Upload', 'My data', and a user profile icon 'ML'. Below the navigation bar, a banner reads 'Discover research from UJ Exam papers' with a '+ Follow' button. A statistics bar shows '809 posts', '252,172 views', and '43,566 downloads'. Below this, there are tabs for 'ALL', 'CATEGORIES', 'GROUPS', and 'SEARCH'. The main content area displays 'University of Johannesburg / UJ Exam papers' and a 'sort by: Posted date' dropdown. A grid of exam paper listings is visible, each with a table of details such as CODE, DATE, DURATION, TOTAL MARKS, EXAMINER, MODERATOR, NO OF QUESTIONS, and INSTRUCTIONS. A footer contains links for 'About', 'RDM LibGuide', 'RDM Policy', 'Contact', 'Disclaimer', and 'Sitemap', along with the text 'figshare. credit for all your research.'

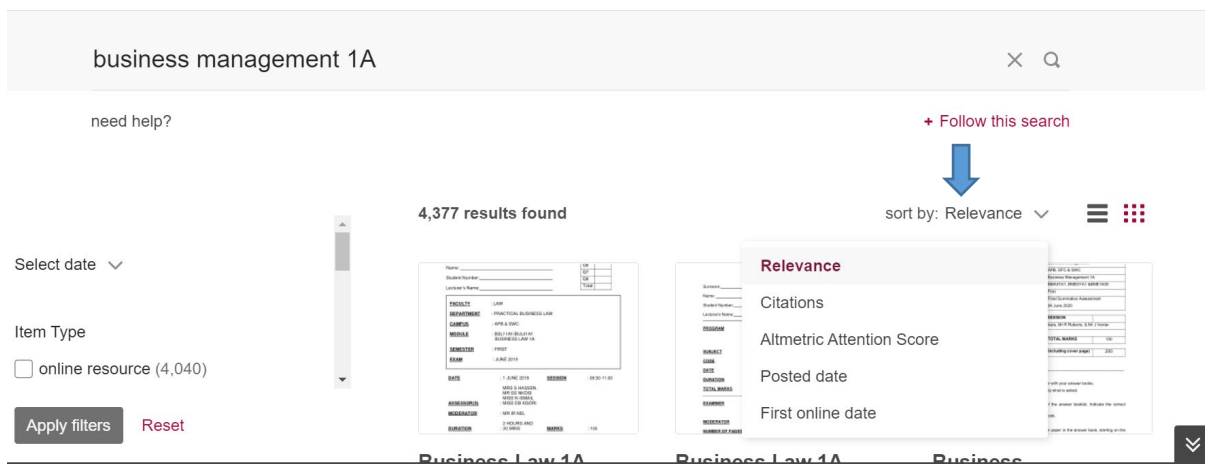

Step 1: Click search

This screenshot is identical to the one above but includes two blue arrows to highlight the search functionality. One arrow points to the search bar in the top navigation bar, and the other points to the 'SEARCH' tab in the main navigation area.

Step 2: Start searching for exam paper using either subject or course code e.g. **Business Management 1A** or **Course code-PHS2B01**

Step 3: Once you see the results, you can sort by relevance or posted date to get the newest first.
