

INTERNSHIP OPPORTUNITY FOR 2023

Dear, Universities

The Industrial Development Corporation supports youth development through various initiatives and structures. These structures include the Graduate Internship Program and Learnerships with other different Experiential Learning Programs. These programs are aligned to the broader National Youth Skills Development initiatives which are aimed at addressing youth unemployment and the identified scarce and critical skills.

IDC is offering a 24-month **Actuarial Science/Mathematics** or similar internship programme for students who completed their qualifications, the programme will start from May 2023.

All graduates who completed their studies in the above mentioned fields are invited to send through their CVs to IDC Noluthando Baepi – Noluthandob@idc.co.za or Phephisile Tshotetsi (Phephisilet@idc.co.za) No later than the **13th of April 2023.**

Regards

Learning and Development
