

INVITATION

The Research Capacity Development Unit of the Postgraduate School at the University of Johannesburg would like to invite you to join the audience in the **Three Minute Thesis competition**

The Three Minute Thesis (3MT®) is a research communication competition developed by the University of Queensland (UQ), whereby Doctor of Philosophy (PhD) students are given three minutes to present a compelling oration on their research and its significance. The 3MT challenges students to consolidate their ideas and research discoveries so they can be presented concisely to a non-specialist audience. The 3MT was designed to develop skills that will give students an important career advantage once they complete their studies. This is also a prestigious national and international competition where our students could go forward to compete.
