- **The 2022 Innovation Challenge comprises 2 phases:**

Individual Challenge (Phase 1): In an individual three-minute video, entrants from U21 network universities will respond to a challenge question (as in previous iterations of the competition).

Team Challenge Phase (Phase 2): Successful finalists from Phase 1 (put forward by their universities to U21) will participate in a Team Challenge responding to a further question in assigned groups. These groups will then 'pitch' their response to a panel.
