

Graduation Programme

The Future. Reimagined.

Dear UJ Graduate

At the University of Johannesburg (UJ), graduation not only signifies an academic milestone but also represents the emergence of a new cohort of leaders. Our objective has been to empower you as leaders who are primed to face the challenges of an ever-changing world defined by a plethora of challenges and opportunities. As you navigate these great societal shifts, we hope that your time at IJJ will serve as a constant source of reference and inspiration. As we have sought to demonstrate, the Fourth Industrial Revolution (4IR) presents the opportunity for the exploration of new and exciting spheres, and you are uniquely poised to navigate this terrain. Our focus at IJJ has been to create graduates who are

agile, curious, and able to be active participants against this backdrop.

Your graduation today serves as a celebration of this momentous achievement! I want to take this opportunity to remind you that you now represent the privileged few in our country. You are uniquely poised to address some of the serious challenges we face and a qualification from IJJ will stand you in good stead!

At U J, you have encountered the finest academic minds from diverse backgrounds, spanning across the world as well as innovative technology-rich approaches to teaching and learning. As a result, UJ's global stature and academic robustness are recognised by the most

prestigious global higher education ranking systems in the world. IJJ has become a competitive player, not only in South Africa but also on the continent. You are an important part of this story.

We welcome you as a new member of our esteemed alumni community, which is making a lasting impact on society. We encourage you to join the IJJ Alumni Network and become an active member of the University Convocation, which affords you an opportunity to make a significant contribution to our academic projects and beyond. Our promise in return to you is that we will continue to build IJJ as an international university of choice, anchored in Africa, dynamically shaping the future.

Congratulations on this significant achievement. We look forward to witnessing you reimagine the future!

For ever may they flourish!

Khumalo, Sithembiso (PhD)

Sithembiso Khumalo holds a Bachelor of Arts in Public Management and Governance, a Bachelor of Arts Honours in Information Management, and a Master of Philosophy in Information Management from the University of Johannesburg. He is a lecturer and Deputy Head of the department responsible for Continuous Education Programmes and Online Programmes in the Department of Information and Knowledge Management, within the School of Consumer Intelligence and Information Systems, in the College of Business and Economics at UJ.

His thesis aimed to develop a Strategic Information Management (SIM) system to facilitate the process of innovation and commercialisation of an entrepreneurial university's innovators' commercialisable ideas.

The research aim was fulfilled through a signification framework for the SIM system for commercialisation dynamics of entrepreneurial universities using a mixed method-complex approach. The value of the system is its intervention keys to act as a safety net to assist student innovators in converting business ideas into commercial products.

Supervisor: Prof T du Plessis

Mogire, Eric Mangere (PhD)

Eric Mangere Mogire holds a Professional Diploma in Procurement and Supply from the MCIPS, and a BEd Arts and an MBA in Procurement and Supply Chain Management from the University of Nairobi. He is a lecturer in the Department of Management Science and Project Planning at the University of Nairobi.

His thesis examined last-mile delivery and customer satisfaction created by online retailers in Nairobi. A mixed methods approach was used, collecting views from both online customers and online retailers.

A conceptual model was developed and tested, revealing that only delivery options and returns contribute to customer satisfaction. Delivery timeslots, delivery fees, return options, and delivery carriers valued by customers were also different from what retailers offered. Retailers can apply these findings to ensure e-commerce growth through improved last-mile delivery.

National Anthem of South Africa

Nkosi sikelel' Afrika
Maluphakanyisw' uphondo lwayo,

Yizwa imithandazo yethu,
Nkosi sikelela, thina lusapho lwayo.

Morena boloka setjhaba sa heso,
O fedise dintwa le matshwenyeho,
O se boloke, O se boloke setjhaba sa heso,
Setjhaba sa South Afrika - South Afrika.

Uit die blou van onse hemel,
Uit die diepte van ons see,
Oor ons ewige gebergtes,
Waar die kranse antwoord gee,

Sounds the call to come together,
And united we shall stand,
Let us live and strive for freedom,
In South Africa our land.
