Career opportunities

CAREER OPPORTUNITIES

Government is the largest employer in South Africa but, once qualified, graduates are well-placed to assume positions in not only any of the three spheres of government (national, provincial and local) or in arms-length agencies including state departments, local and provincial departments, public entities, but also in community organizations and businesses. Graduates will be ideally placed into managerial roles in these organizations, given the theoretical and practical preparation that they will have in dealing with complexity and their specific mix of cognitive skills. The optional specializations that are offered allow for the closer targeting of prospective careers.
