Project Name: Tutoring Programme

Project Partner: Dare to Read and UJ Community Engagement Office

Contact person: Natalie Goodman ([nataliegoodman316@gmail.com](mailto:nataliegoodman316@gmail.com))

#### **Project description**

For the month of August, our students returned to Everest Primary school to participate in a tutoring programme. The students assisted primary school learners with school work. The students were divided into smaller groups. Each student was assigned a learner to assist with. Most of the learners have disabilities. The activities that we were involved in included, assistance with reading, preparation for the coming exams that begins next week, teaching learners how to use a dictionary for searching words, reading for the learners. The students also conducted oral exam preparation for the students that have disabilities. We also checked the learners' books to make sure that they were up to date with their class contents. Our students worked under the supervision of the school teachers. The subjects that we assisted learners with includes Mathematics and English.

In terms of transport, we had used the Bolt application to request for rides. All the students signed an indemnity form before leaving campus (attached in the email). We had 8 students present for this project.

This project goes hand in hand with the United Nations Sustainable Development Goals, more in particular:

- Goal 3: Good Health and Wellbeing
- Goal 4: Quality Education

SPMGPP Student Coordinator: Mr Christian Kayembe

Community Engagement Academic Coordinator: Prof Vain Jarbandhan
