## 1. Overview

The University of Johannesburg (UJ) has several SonicWALL Firewall devices on different campuses. The licenses for these firewalls need to be renewed on an annual basis. This document serves as the specification for a Service Agreement for the renewal of the SonicWALL Firewall licenses for a period of three years. It should be noted that the renewal of the licenses will be on a yearly basis but for three years with the successful service provider.

Currently, the University has seven SonicWALL Firewalls deployed across all four campuses performing different functions, the expiry dates on the current licenses are shown in section 5 of this document. The purpose of this tender is to have an agreement between UJ and the successful service provider to renew the licenses on a yearly basis for a period of three years starting in the year 2023.

## 2. Basic requirements

The successful service provider must be able to meet the following requirements:

- 2.1. SonicWALL approved reseller. **(Valid proof of reseller to be provided with the submission, failure to do so will lead to disqualification)**

## 3. Equipment List and sites (Specifications)

Below is the list of equipment to be quoted for renewal and support thereof.
