

PROTECTION SERVICES

Directorate: Operations

RFP UJ 30/2024:

REQUEST FOR APPOINTMENT OF PRIVATE FIRE SERVICE FOR TWO (2) YEARS

1. PURPOSE

Approval is required to invite contractors for the project scope defined herein to be executed from a list of selected contractors and further adjudicate the tenders per the defined evaluation criteria for the PRIVATE FIRE SERVICE.

2. BACKGROUND

Protection Services is the first-line response department for all emergencies on university property, including fire suppression. When fire incidents exceed the capabilities of Protection Services the City of Joburg's (CoJ) Emergency Management Services (EMS) is summoned, however, they are currently constrained by a lack of firefighting appliances ("fire engines") which impacts their response times.

It should be noted that costs may be covered by insurance subject to the scale of an individual incident, however, the objective of the service is to minimise the impact (damages) of any fire incident.

3. SCOPE OF WORK

The Scope of Work for the project for RFP UJ 30/2024: PRIVATE FIRE SERVICE involves the following:

Provide the following service to all Campuses for the period of 2 years:

- Firefighting and rescue operations
- Provision of necessary tools of the trade for the above personnel
- Management of the above personnel

- Coordinate with UJ Protection Services, contracted security personnel, and external stakeholders (CoJ Emergency Management Services, Johannesburg Metropolitan Police Department, South African Police Services) in the area of operation
- Provision of monthly and ad-hoc reports on activities

4. EVALUATION CRITERIA
