ACADEMIC REGULATIONS 2025

1. GENERAL PROVISIONS

1.1 Legal Requirements

These Regulations are subject to:

- (a) the Constitution of the Republic of South Africa, 1996;
- (b) all statutory and common laws, in particular the Higher Education Act 101 of 1997 (as amended) and all other statutes relating to higher education;
- (c) the UJ Institutional Statute, 2019;
- (d) amendments of, and deviations from these Regulations, as approved by the Senate and Council as appropriate.

1.2 Application

These regulations apply to all subsidised and non-subsidised whole programmes, modules, and any other learning programmes approved or ratified by Senate or its committees.

Reference to Faculty includes the College of Business and Economics (CBE) and the Johannesburg Business School (JBS). Faculty Board includes the College Board and the JBS Board.

Reference to Executive Dean includes Dean.

Reference to Head includes Head of Department (HOD), Head of School (HOS), and Director.

Reference to Head of Faculty Administration (HFA) includes Head of College Administration (HCA).

1.3 Status of Regulations

1.3.1 These Academic Regulations form part of the Rules of the University, which include policies, guidelines, and standard operating procedures ([see here](#)).

1.3.2 The University is not bound by any act inconsistent with its Rules and Procedures. The University has the right to rectify any act inconsistent with its Rules and Procedures or the law, and it is not precluded (estopped) by such an inconsistent act from doing so.

1.3.3 In a conflict between the Academic Regulations and Faculty Rules or institutional policies, the Academic Regulations take precedence when the conflict cannot be resolved.

1.3.4 Faculty Rules that are in force at the commencement of these Regulations remain in force until amended by Senate.

1.3.5 In situations that are not covered by these Academic Regulations, the Faculty Rules and Regulations or institutional policies or procedures are dealt with in terms of the applicable legislation and the common law.

2. ABBREVIATIONS, DEFINITIONS AND CONCEPTS

2.1 Abbreviations

APS	Admission Point Score
AR	Academic Regulation
CAA	Central Academic Administration
CAT	Centre for Academic Technologies
CBE	College of Business and Economics
CEP	Continuing Education Programme
CHE	Council on Higher Education

Work-integrated Learning (WIL)	2.3.53 (a)	21
Year module	2.3.28 (j)	17

2.3 Definitions and Concepts

Note: The definitions in this section apply to the UJ context. The definitions and concepts are not listed alphabetically but according to the relevance of the subject defined.

2.3.1 Unless the context requires otherwise, where acronyms, words and phrases are used in these Academic Regulations, they bear the meanings as assigned below, and other grammatical forms of the words or phrases have corresponding meanings. These definitions should also be read with the relevant policies that similarly deal with matters.

2.3.2 If any definition contains a substantive provision conferring rights or imposing obligations or duties on the University or any person, notwithstanding that it is only in the definition (or such other clause), effect shall be given to it as if it were a substantive provision in the body of these Academic Regulations.

2.3.3 **Academic Misconduct** (refer also to the relevant policies and SOP documents) broadly refers to:

- (a) **Fabrication** includes but is not limited to the invention of data or results and the recording or reporting of them.
- (b) **Falsification** includes but is not limited to the manipulation of research materials, equipment or processes, or changing or omitting data or results such that the data or results are not accurately represented in the research record.
- (c) **Plagiarism** is the appropriation of another person's ideas, processes, results, presentations, words or any compilation of such (whether published or unpublished) without appropriate credit through recognised methods of referencing. Plagiarism also includes the use of substantive text, images, or other outputs generated through artificial intelligence applications without declaration. The use of one's own work without appropriate referencing constitutes a form of plagiarism. Plagiarism further includes paraphrasing the work of others by selectively altering words or phrases, changing the order of words, or closely following the structure of one or more arguments, even if the original source is cited through a recognised method of referencing.
- (d) **Academic misconduct** does not include honest errors or differences of opinion.
- (e) **Collusion** refers to unauthorised collaboration between students and/or staff (sharing or copying of work) or passing off the work of a group as one's own. Collusion includes receiving, providing, or passing off the work of another person, a professional agency or electronically generated content as one's own.
- (f) Any other act committed with the intention to misrepresent, defraud or subvert the standard academic processes involved in teaching and learning, assessment and research.

2.3.4 **Admission and Selection Policy** means the policy of the University in terms of Section 37 of the Higher Education Act, which creates a legally binding framework for determining admission requirements and selection procedures for holders of qualifications that provide them with entrance to the range of qualifications offered by the University.

2.3.5 **Academic Regulations (AR)** means the regulations contained in this document.

- (a) **Faculty Rules and Regulations** means the compilation of the specific rules that apply to the faculty and includes programme and departmental specific regulations.
- 2.3.6 **Appeal** in respect of an academic decision by a student means an earnest and formal request made in accordance with the provisions of the Academic Regulations to reconsider such decision.
- 2.3.7 **Assessment** means the process in which evidence is gathered, and academic judgements are made about students' performance in relation to agreed and defined criteria.
- (a) **Assessment criteria** means the clear and transparent expression of requirements against which the student's performance is assessed, as derived from the learning outcomes.
- (b) **Assessment methods** means the activities in which an assessor engages to determine student competence, for example, observation (observing students while carrying out a task), document review (evaluating a product submitted by a student, such as an artefact or portfolio of evidence) and the assessment of oral or written questions.
- (c) **Assessment opportunity** refers to an assessment that provides students with the opportunity to provide evidence of their knowledge and skills. The opportunity may be scheduled and supervised or not, and the specific date when the evidence should be submitted is predetermined.
- (d) **Continuous assessment** means assessment conducted continuously throughout the learning experience and includes formative and summative assessment opportunities. It is carried out at any of the predetermined points of the total learning experience. These consecutive assessment opportunities, which include a variety of assessment methods, have predetermined weightings and include the assessment of all the outcomes within the module. All assessments (including the final summative) contribute to the final pass/fail mark of the student. The Learning Guide contains outcomes and predetermined assessment weightings as approved by Faculty Board.
- (e) **Formative assessment for contact students** is conducted during the process of teaching and learning to give early indications of what and how effectively students are learning, as well as their strengths and weaknesses. Formative assessment, which may or may not carry a grade, is often used as a diagnostic tool as it provides information to make real-time improvements in teaching methods, learning support materials and activities.
- (f) **Formative assessment for distance education students** means assessments for learning, which are conducted throughout the student's learning journey to give early indications of what and how effectively students are learning, as well as their strengths and weaknesses. Formative assessment, which may or may not carry a mark, is often used as a diagnostic tool, as it provides information to make real-time improvements in teaching methods, learning support materials and activities.
- (g) **Summative assessment** is an assessment that contributes to the final mark of a module. Summative assessments are assessments "of learning" and may include a variety of assessment methods as contained in the Learning Guide. The purpose is to evaluate the student's achievement of the outcomes, i.e. establish evidence of

learning. Summative assessment provides the opportunity for an evaluation to be made.

- (h) **Special assessment opportunity** means a further assessment opportunity equivalent to the original assessment opportunity aimed at accommodating students who could not be assessed during the original assessment opportunity.
 - (i) **Supplementary assessment opportunity** means an assessment that supplements the original assessment granted to students. Admission to this assessment opportunity is based on the results of the original assessment opportunity.
- 2.3.8 **Certificate and/or Digital Certificate** means a document that is issued as evidence of compliance with the requirements of subsidised and non-subsidised whole or short learning programmes.
- 2.3.9 **Chief assessor** means the person responsible for teaching and assessing a module, usually the lecturer.
- 2.3.10 **College** means the same as Faculty for the purposes of these Regulations. Refer to Faculty for a full definition.
- 2.3.11 **Department/School** means a substructure that forms part of a faculty.
- 2.3.12 **Doctoral degree** is an original contribution to a field of study at a theoretical, conceptual or analytical level in addition to proficiency in research methods and exercise of independent and critical ability. Refer to (a) below for the meaning of a thesis.
- (a) **Thesis** means a treatise or a collection of articles or essays, prepared for assessment purposes, which represents a distinct, original contribution to the knowledge of, and insight into, a field of study, either by the disclosure of new facts or by the exercise of an independent and critical ability, in full compliance with the requirements of a doctorate from the University.
- 2.3.13 **External assessor** means an independent expert, not affiliated with the University or acting in any capacity within the University.
- 2.3.14 **Faculty-specific assessment** means opportunities, such as continuous assessments, which are determined by academic departments and approved by the Faculty Board.
- 2.3.15 **Faculty** means the primary academic structure for a planned cluster of academic learning and research programmes and qualifications, its substructures as approved by Council, and the employees who perform functions in the academic structure. "Faculty" includes the CBE and the JBS.
- (a) **College** refers to the College of Business and Economics.
 - (b) **JBS** refers to the Johannesburg Business School.
- 2.3.16 **Faculty Board** means a body that governs a Faculty and regulates its activities.
- (a) **Executive Dean** means a person appointed as head of a faculty or structure equivalent in status, as designated by the Council. In the Academic Regulations, any reference to the Executive Dean includes the Dean of JBS.
 - (b) **Head** includes Head of Department (HOD), Head of School (HOS) and Director.
 - (c) **Head of Faculty Administration** includes Head of College Administration (HCA) and Head of Faculty Administration at JBS.

- 2.3.17 **Field of study** means a broad demarcation of study within which smaller foci of study may be identified.
- 2.3.18 **Global result** refers to a result awarded to students based on their academic progress.
- 2.3.19 **Higher degrees** means studies, research or programmes at master's or doctoral level.
- 2.3.20 **Interdisciplinary degree** means a degree in which the formal foundation cannot be found in only one academic department but is spread across several home departments or faculties and for which a cognate formal undergraduate degree may not be available.
- 2.3.21 **Collaborative Programmes** refer to any jointly developed or delivered learning programmes offered in collaboration with another institution. This can be either a subsidised (whole) programme or a non-subsidised programme (including credit-bearing or non-credit-bearing SLPs).
- (a) **Joint degree** means a jointly offered, single programme, offered by UJ in collaboration with other institution(s), resulting in one- or two-degree certificates (one from each institution) being jointly awarded.
 - (b) **Co-badged programme** means a collaborative programme in terms of which part of the curriculum is offered by the partner(s), and the degree certificate awarded by the host university where the degree is accredited.
- 2.3.22 **IPR Act** refers to the Intellectual Property Rights from Publicly Financed Research and Development Act 51 of 2008.
- 2.3.23 **Learning Guide** is to facilitate quality learning and teaching (including information that will guide the learner to successfully navigate the module, including the modes of assessment, etc.). The guide contains an organisational component which provides information on the delivery and completion of the module and a section on the facilitation of learning, which guides students in self-directed learning. A learning guide is required for every module. For full details of what should be included in a learning guide, refer to the Policy on Learning Resources.
- 2.3.24 **Marks** means the following in the defined context:
- (a) **Final mark** means a mark calculated according to a prescribed ratio/proportion and/or weighting per programme of the final period or semester or year mark and the mark of the last summative assessment opportunity, determined by the Faculty Board.
 - (b) **Final period/semester/year mark** means the mark obtained from summative assessments, and where applicable and communicated as such in learning guides, formative assessments.
- 2.3.25 **Master's degree** means the following in the defined context and the related research component/requirement:
- (a) **Coursework master's programme or degree** means the successful completion of compulsory, formal, taught modules that constitute a significant part of the requirements for graduation, with a minor dissertation or other forms of research contributing at least 60 credits at NQF Level 9 towards the total credits. Refer to Minor Dissertation as described in AR 2.3.25 (e).

- (b) **Research master's programme or degree** means that the successful completion of a research dissertation is the sole academic requirement for graduation. Refer to Dissertation as described in AR 2.3.25 (d).
- (c) **Professional master's programme or degree** means the successful completion of all of the compulsory, formal, taught modules that constitute a significant part of the requirements for graduation, with an independent study component consisting of either a single research or technical project or a series of smaller projects demonstrating innovation or professional expertise, contributing at least 45 credits at NQF Level 9 towards the total credits.
- (d) **Dissertation** means a written report, to be submitted as part of the fulfilment conditions for a master's qualification. A dissertation could be either in the traditional form of a research report or a collection of articles or essays. In some cases, the output may be expanded, supplemented or supported through patents, designs, artefacts, computer code, or other material or intangible items produced in the course of the research, which faculty regulations may specify as an explicit requirement of the degree.
- (e) **Minor dissertation** means a written document, more limited in scope and length than a full research master's dissertation, which communicates the work produced in the course of the project. Its context and outcome provide evidence that the candidate is conversant with the method of research in partial compliance with the requirements for the prescribed outcomes of a coursework master's degree.
- (f) **Research report** means a written document resulting from an independent study component consisting of either a single research or technical project or a series of smaller projects. It is submitted in partial fulfilment of the requirements for the prescribed outcomes of a professional master's or coursework master's where the research credits are less than 60 credits.

2.3.26 **Moderator** means a competent internal or external assessor who is familiar with the module/programme content and who ensures that the assessment practice in a module or academic programme meets national and institutional requirements.

- (a) **Internal Moderator** means an academic employee(s) of the University who is nominated by the University to moderate the assessment of a specific module.
- (b) **External Moderator** means an independent subject-field expert who is not an employee of the University and who is officially appointed by the University to moderate the assessment of a module. Refer to the Assessment Policy and the UJ Assessment Standard Operating Principles for Faculties for more information.

2.3.27 **Modes of delivery at UJ**

- (a) **Contact learning** means learning that takes place when students and lecturers are required to be together in the same place at the same time (for example, in lectures, laboratories, tutorials, practical sessions, etc.). Contact learning may include blended components. Contact learning may be supported or supplemented by methods or technologies that do not require students and lecturers to be in the same place at the same time, such as online learning management systems.

The following principles apply to contact teaching and learning:

- (i) At least 80% face-to-face, in-person and on-campus contact in first-year modules.
 - (ii) At least 60% face-to-face, in-person and on-campus contact in second-year modules.
 - (iii) At least 50% face-to-face, in-person and on-campus contact in third-year and fourth-year modules.
 - (iv) At least 50% face-to-face, in-person and on-campus contact in Advanced Diplomas, Postgraduate Diplomas, Honours modules and Master's coursework modules.
- (b) **Distance learning** is not dependent on the student and the lecturer being in the same place, at the same time, for teaching and learning to take place. Distance learning takes numerous forms, from paper-based correspondence to fully online learning, teaching and assessment. Distance (fully online) learning can be synchronous (lecturer and students present in the same virtual room at a designated time) or asynchronous (meaning that students can access lecture material at any time). At UJ, all distance learning is fully online. Distance (i.e. fully online) programmes are equivalent to on-campus contact programmes in terms of admission criteria, credits, overall workload, and overall module outcomes (i.e. online modules are of equivalent standard as contact modules). Distance (fully online) programmes can also be offered in a carousel model.
- (i) **Carousel model** allows students multiple registration opportunities for modules during the academic year. The purpose is to allow students to register for a module in the carousel sequence depending on their needs and circumstances. This might result in accelerated completion or could allow a student additional time to complete a qualification.
 - (ii) **Fully online programme** – See distance learning.
- (c) **Blended mode of delivery (Hybrid)** – UJ has also adopted a blended mode of delivery (hybrid) that includes elements of both contact and distance (fully online) learning.

2.3.28 **Module** is a learning component (building block) within a programme of study towards a qualification and means the following in the defined context:

- (a) **Compulsory module** is a module that students must register for as part of a particular programme and whose outcomes must be achieved successfully before a qualification can be awarded.
- (b) **Co-requisite module** means a module that a student must enrol in at the same time as, or in some cases before, enrolling in the desired module.
- (c) **Couplet module** is a first-semester module followed by a second-semester module where the content of the second-semester module is dependent on the content of the first-semester module, subject to a minimum examination mark as well as a minimum final mark of at least 40% obtained for the first-semester module to progress to the second-semester module.

- (d) **Elective module** is any module that can be exchanged for another module as provided for in the programme.
- (e) **Prerequisite module** means a module that a student must pass before continuing with the more advanced module.
- (f) **40% Prerequisite module** is a module where the student must obtain at least 40% to continue with the following module.
- (g) **Semester module** is a module that extends over one semester (approximately 14 academic weeks) as reflected in the academic calendar approved by Senate.
- (h) **Semester module spread over a year** is a module that has half the credits of a year module but is presented over the course of a year. A minimum half-year mark of 40% is required (in June) to continue with the module in the second semester.
- (i) **Term module** is a module that extends over one term (approximately seven academic weeks) within a particular semester as reflected in the academic calendar as approved by Senate.
- (j) **Year module** is a module that extends over two semesters (approximately 28 academic weeks) as reflected in the academic calendar of a particular calendar year as approved by Senate.
- (k) **Major module** means a defined set of modules in each year of study that is taken to third-year level, all relating to a single discipline.
- (l) **Exit-level module** refers to a module in a qualification that is at the same level as the qualification's NQF level (e.g. Business Management 3 is at NQF Level 7 in BCom Marketing Management, which is also at NQF Level 7).

2.3.29 **Granting of a module credit** means a module successfully completed at a specified NQF level within an academic programme that may be used to exempt a student from and grant credit for an equivalent module in another academic programme, provided that the module for which the student is registered is at the same NQF level and for the equivalent NQF credits.

2.3.30 **Granting of a module exemption** means recognition that is granted within the framework of the admissions requirements of accredited learning from an approved or accredited provider, which is usually confirmed by means of academic records/transcripts.

2.3.31 **National Qualifications Framework (NQF)** means the national structure within which all qualifications are registered. Higher education qualifications are pegged at Levels 5 to 10, subject to a phased-in process determined by the CHE and teach out of existing qualifications. The Higher Education Qualification Sub-framework (HEQSF) comprises the new and aligned NQF levels. Refer to Table 1 for the new and aligned NQF levels.

NQF levels applicable to qualifications prior to 2009

NQF 5	–	Undergraduate
NQF 6	–	Undergraduate
NQF 7	–	Honours/BTech
NQF 8	–	Master's and Doctoral

Table 1. The following new and aligned NQF levels, as contained in the HEQSF, apply to qualifications from 2009 onwards.

NQF Level	Qualification type	Minimum total credits
10	Doctoral Degree Doctoral Degree (Professional)	360 (Min. credits at Level 10 → 360)
9	Master's Degree Master's Degree (Professional)	180 (Min. credits at Level 9 → 120)
8	Bachelor's Honours Degree	120 (Min. credits at Level 8 → 120)
	Postgraduate Diploma	120 (Min. credits at Level 8 → 120)
	Professional Bachelor's Degree	480 (Min. credits at Level 8 → 120)
7	Bachelor's Degree	360 (Min. credits at Level 7 → 120)
	Advanced Diploma	120 (Min. credits at Level 7 → 120)
6	Diploma	360 (Min. credits at Level 6 → 120)
		240 (Min. credits at Level 6 → 120)
	Advanced Certificate	120 (Min. credits at Level 6 → 120)
5	Higher Certificate	120 (Min. credits at Level 5 → 120)

Note: Unless mentioned otherwise, the NQF level in the remainder of the document refers to the new and aligned NQF levels.

2.3.32 **Online invigilation** is used to ensure the integrity of online assessments. Invigilation software is used to authenticate and verify student identity. Electronic invigilation ensures that the student completes an assessment without receiving additional, outside or unauthorised assistance.

2.3.33 **Outcomes** means demonstrating relevant abilities or competencies (including knowledge, skills, aptitudes and values).

2.3.34 **Pipeline qualification** means a qualification that is being phased out within a particular time frame. It affords the students currently in the qualification an opportunity to complete the qualification.

Note: A pipeline qualification is not available for registration for first-time entering students. The Registrar may consider the 50% rule in exceptional circumstances for the completion of qualifications.

2.3.35 **Postgraduate studies** means studies following an undergraduate qualification and includes a postgraduate diploma (NQF Level 8); an honours (NQF Level 8); a master's (NQF Level 9); or a doctorate (NQF Level 10).

2.3.36 **Programme** means a purposeful and structured set of learning experiences. A learning programme may lead to a qualification comprising a set of credit-bearing, level-pegged modules. In an outcomes-based system, programmes are designed to enable students to achieve predetermined exit-level outcomes. A learning programme that does not lead to a qualification is a short learning programme.

- (a) **Duration of a programme** means the minimum study period for which students must be registered for a particular programme in order to qualify for the qualification after they have successfully completed all the prescribed modules.
- (b) **Programme group** means a number of programmes with the same focus or field of specialisation.
- (c) **Programme title** means the name of a qualification with or without a qualifier, for example, Bachelor of Arts in Development Studies or BA (Development Studies), Bachelor of Engineering in Mechanical Engineering or BEng (Mechanical Engineering); and Bachelor of Law or LLB. Note that naming conventions are set by the HEQSF.
- (d) **Purpose of a programme** means the value of a programme to students and society and reflects the outcomes.

2.3.37 **Types of Programmes** offered:

- (a) **Academic whole programmes** can be either subsidised or non-subsidised. These programmes are externally approved, registered on the HEQSF and accredited by the HEQC. These are structured academic programmes at the University that, upon successful completion, will lead to the awarding of a formal qualification as set out in the HEQSF.
- (b) **Bridging Programmes** are learning programmes approved by Senate for the purpose of admission to another, subsequent programme for which the candidate does not meet the admission requirements. Successful completion of a bridging programme, or completion at a specified level of competence, makes the candidate eligible for admission to another programme subject to UJ and Faculty Rules and Regulations.
- (c) **Extended curriculum programme** means an undergraduate diploma or degree incorporating substantial foundational work/provision that is additional to the coursework prescribed for the regular programme. The foundational work/provision is equivalent to one or two semesters of full-time study, designed to articulate effectively with the regular elements of the programme, and planned, scheduled and regulated as an integral part of the programme.
- (d) **Short Learning Programme (SLP)** means an institution-approved learning programme, which can be either non-credit-bearing or credit-bearing towards a UJ-accredited qualification. In the case of the latter, the SLP generates fewer than 120 NQF credits, and the duration is less than one year. SLPs are not registered on the NQF.
- (e) **Credit-bearing SLP** means the SLP is a module(s) in a CHE-accredited qualification. On completion of the SLP, the student may apply for and obtain exemption for the specific module in the CHE-accredited qualification subject to the University's rules and regulations pertaining to the expiry of modules.

- (f) **Non-credit bearing SLP** means that the SLP is not linked to a module(s) in a CHE-accredited qualification. As a result, a non-credit-bearing SLP does not have credits or an NQF level. The certificate issued upon completion also does not reflect any credits or NQF level.
- (g) **Whole programme** means an approved, HEQC-accredited and SAQA-registered programme generating 120 or more NQF credits and extending over a period of one year or more, as set out in the HEQSF.
- 2.3.38 **Promotion** means the advancement of students who meet the minimum requirements of a particular study level from that particular study level to the next (for example, from the first-year level to the second-year level) as determined per programme by the academic department and the relevant Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.
- 2.3.39 **Promotion requirements** mean the grounds of a student's achievements in a particular study period.
- 2.3.40 **Qualification** means the formal recognition and certification of learning outcomes by an accredited provider as reflected in the qualifications that the provider confers and awards, whether they are subsidised or non-subsidised whole programmes.
- 2.3.41 **Qualifier or field of specialisation** means the manner in which a specific field is identified within a generic qualification, and which is linked by the word '*in*'. For example, a Bachelor of Science *in Chemistry*, or Bachelor of Arts *in Law*, in which BSc or BA represents the generic component and 'in Chemistry' or 'in Law' the qualifier or field of specialisation.
- 2.3.42 **Recognition of Prior Learning (RPL)** means the recognition for learning acquired through formal, non-formal and informal education, including work experience, in-service training, self-study or life experience such as voluntary or community work.
- 2.3.43 **Rules** refer to institutional rules, policies, disciplinary measures and discipline provisions, and codes of conduct issued by Council, Senate or any other body or functionary authorised to do so by the Council within the University.
- 2.3.44 **Rules of admission** refer to the minimum requirements for access to a module or programme.
- 2.3.45 **Rules of combination** mean the requirements for the combination or succession of modules in a programme (e.g. a student having to pass Chemistry 1A to gain access to Chemistry 1B).
- 2.3.46 **Study year** means the academic level of the year of study; for example, first year, second year or third year of a particular programme.
- 2.3.47 **Supervisor** means the person appointed by the University to give professional and academic guidance to a student registered for a postgraduate research project under their name, and to ensure the provision of adequate financial, spatial and infrastructural support for the research project prior to enrolment.
- 2.3.48 **Co-supervisor** means a person who is not necessarily an employee of the University and who, in consultation with the supervisor, is appointed to give assistance and guidance to a student in those areas where the supervisor is not sufficiently familiar with the full scope of the field to be covered in the project, where the project is multidisciplinary or for purposes of mentorship.

- 2.3.49 **Student** means a student registered for a qualification or programme, and includes, depending on the context, a former student or a student that is conditionally registered or pre-registered. For the purpose of this document, prospective students are referred to as applicants.
- (a) **Full-time student** means a student for whom study is the main activity and who is allowed to register for the total specified credits for a year of study in accordance with the minimum study period for the qualification.
- (b) **Part-time student** means a student who works for more than 20 hours per week and study is not their main activity. For part-time students, the specified minimum credits for a year of study are spread over more than one year, and the student may register for fewer credits than the full-time minimum. As a result, the part-time student will complete the qualification in a longer period of time.
- 2.3.50 **Tutorials for contact students** means a tuition period given by a university in addition to normal teaching time and methods. It is the teaching of a relatively small group of students by university teaching staff or tutors in a specific module.
- 2.3.51 **Tutoring for distance education students** in an online environment is the process of facilitating, supporting and enabling student learning online, in a virtual or networked environment in which tutors and students are separated by time and space. Online tutors are typically not the online lecturers.
- 2.3.52 **University** means the University of Johannesburg (UJ). UJ is primarily a contact-based residential university. Its offerings are diverse and include face-to-face teaching, blended learning, and fully online programmes.
- 2.3.53 **Work-integrated Education (WIE)** is the umbrella term for various learning modalities that facilitate an applied pedagogy through the meaningful integration of theory with practice. Such learning modalities include work-integrated learning, problem-based learning, project-based learning, simulations, teaching practice, service learning, and internships. These modalities of WIE facilitate learning in action in an authentic context, and depending on the design of the modality, such learning occurs under the supervision and/or mentorship of person/s representing the University, workplace, community or professional organisation. It addresses specific competencies and capabilities identified for acquiring a qualification that makes the learner employable and assists in developing related personal attributes. Workplace/service employees, community representatives and professional bodies may be involved in the assessment of the learning experience, together with University academic employees.
- (a) **Work-integrated Learning (WIL)** means the component of a learning programme that focuses on the application of learning in an authentic learning work-based context under the supervision and/or mentorship of a person(s) representing the workplace and the University, as relevant. WIL addresses specific competencies identified for acquiring a qualification that makes the learner employable and assists in developing related personal attributes. Workplace/service employees and professional bodies are involved in assessing the learning experience, together with University academic employees.
- (b) **Service Learning (SL)** means a form of teaching and learning that is directed at specific community needs and integrated into a credit-bearing academic programme and curriculum in which students participate in contextualised, well-structured and

organised service activities aimed at addressing identified service needs in a community and subsequently reflect on such experiences in order to gain a deeper understanding of the linkage between curriculum content and community dynamics as well as to achieve personal growth and a sense of social and civic responsibility. The experience is assessed under the supervision and/or mentorship of a person(s) representing the community. A collaborative partnership that enhances mutual reciprocal teaching and learning among all members of the partnership (lecturers and students, members of the communities or representatives of the service sector) is required. See also work-integrated learning.

3. LANGUAGE

The language of teaching, learning, assessment and academic administration is determined by the University's Language Policy as approved by Senate and Council.

4. ADMISSION

4.1 Application for admission to study at the University

4.1.1 Prospective students must apply for admission to programmes not later than the determined programme-specific closing dates as stipulated on the official UJ website. Application dates may change subject to the approval by the Management Executive Committee (MEC). An annually determined application fee is payable for paper applications. Online applications are free.

4.1.2 Applicants may only apply for two undergraduate study choices, two postgraduate study choices, and two non-subsidised programmes. These study choices may not be amended once they have been submitted. Undergraduate applicants may be offered an additional choice for the academic year applied for.

4.1.3 Admission is subject to selection in accordance with programme-specific admission requirements and selection criteria determined by the Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

4.1.4 The University has the right to revoke or amend the admission status of an applicant and cancel or refuse the registration of an applicant or student who provided incorrect information and/or documentation material to an application for admission or re-admission, or who omitted to provide information or documentation material to an application for admission or re-admission.

- (a) It is compulsory for applicants from other universities to indicate details of previous higher education studies undertaken either in the current year(s) or prior to this application. Studies must be declared:
- (i) regardless of whether your application is in the same field or in a different field of study;
 - (ii) regardless of whether studies were cancelled prior to completion; or
 - (iii) should you wish to apply for any credits.

- (b) UJ reserves the right to review and revoke the admission or registration status of an applicant where an applicant did not disclose details of previous studies undertaken.
- 4.1.5 No notice regarding an applicant's admission status is official and binding on the University unless it has been sent by email to an applicant from the University's server or uploaded by the University to the online Student Portal application status page.
- (a) The University of Johannesburg reserves the right to review and revoke the admission or registration status of an applicant where the University establishes that there is an administrative oversight. In such an instance, the University will rectify the error and communicate the change to the applicant.
- 4.1.6 Admission is also subject to:
- (a) the University's Enrolment Management Plan approved by the DHET, Senate and Faculty Boards;
 - (b) caps for elective modules as approved;
 - (c) professional regulatory requirements where programmes are regulated by external regulatory boards/councils;
 - (d) Senate-approved selection, placement and admission tests (if applicable);
 - (e) caps on enrolment into fully online programmes as determined annually by faculties.

4.2 **General minimum admission requirement principles for undergraduate programmes**

(Refer to the UJ Prospectus/website for the requirements per qualification and faculty)

- 4.2.1 Admission requirements and compliance with the legal endorsement for **Undergraduate Programmes** for study at the University are as follows:
- (a) A NSC with a higher certificate endorsement is a legal minimum requirement for admission to a higher certificate.
 - (b) A NSC with diploma endorsement is a legal minimum requirement for admission to an undergraduate diploma.
 - (c) A NSC with bachelor's degree endorsement is a legal minimum requirement for admission to an undergraduate bachelor's degree.
 - (d) A SC(A) with relevant endorsement, with a pass of three subjects at 40%, one of which must be an official language at Home Language Level or pass subjects at 30%, one of which must be an official language at First Additional or Home Language Level or obtained a subminimum of 20% in the sixth subject.
 - (e) A NASCA is awarded at certification of 120 credits with at least four subjects passed, carrying 30 credits each.
 - (f) A NCV will only be considered for admission into the degree and diploma programmes with the following specific requirements.

For admission to a **Bachelor's Degree**, the following minimum criteria apply:

- (i) A NCV (level 4) issued by the Council for General and Further Education and Training.
- (ii) Achievement of at least 70% for 5 of the 7 subjects – fundamental and vocational categories.
- (iii) Achievement of at least 70% in English as Language of Teaching and Learning/First Additional Language, and one additional language.
- (iv) Achievement of at least 70% in Mathematics – taken as a fundamental subject.

For admission to an **Undergraduate Diploma**, the following minimum criteria apply:

- (i) A NCV (level 4) issued by the Council for General and Further Education and Training.
- (ii) Achievement of at least 60% for 5 of the 7 subjects – fundamental and vocational categories.
- (iii) Achievement of at least 60% in English as Language of Teaching and Learning/First Additional Language, and one additional language.
- (iv) Achievement of at least 60% in Mathematics or 70% in Mathematics Literacy – taken as a fundamental subject.
- (g) An applicant who has successfully completed a Higher Certificate at an accredited Higher Education Institute HEI may be admitted into an appropriate Advanced Certificate qualification.
- (h) An applicant who has successfully completed a Higher Certificate at an accredited HEI and has accumulated relevant credits may be admitted to an appropriate Advanced Certificate or undergraduate diploma programme. A Higher Certificate may also allow access to an appropriate Advanced Certificate or Diploma. A qualification may not be awarded for early exit from a Higher Certificate programme.
- (i) An applicant who has successfully completed an Advanced Certificate at an accredited HEI and has accumulated relevant credits may be admitted to a similar/equivalent Diploma programme or Bachelor's degree. Accumulated credits may also be presented for admission into a similar/equivalent Diploma or Bachelor's degree programme. A qualification may not be awarded for early exit from an Advanced Certificate programme.
- (j) An applicant who has successfully completed a 240- or 360-credit undergraduate diploma may be admitted into an undergraduate Bachelor's degree programme. Accumulated credits may also be presented for admission into a similar/equivalent Bachelor's degree programme. An applicant who has successfully completed a 240- or 360-credit undergraduate Diploma may also be admitted into an Advanced Diploma.
- (k) Other progression and/or articulation requirements, as reflected in the Higher Education HEQSF are applicable.
- (l) Applicants who have completed their NSC or SC must comply with the minimum APS for the qualifications they applied for.

- (m) All applicants must comply with the language requirements, faculty and qualification or module requirements for admission to each programme as outlined by the relevant faculty.
- (n) International applicants wishing to register for undergraduate or postgraduate qualifications will be required to demonstrate equivalence with the above admission requirements, with certification of equivalence by SAQA or USAf where required.
- (o) All applicants intending to study in the online mode of delivery must:
 - (i) have access to a computer with a reliable and stable, high-speed Internet connection;
 - (ii) participate in teaching and learning activities through the LMS;
 - (iii) be able to use a webcam and/or microphone;
 - (iv) review and comply with the complete list of technical requirements specific to the programme of study; and
 - (v) complete an online orientation course offered by the CAT, if required.
- (p) Other additional admission requirements may include:
 - (i) Admission or placement tests;
 - (ii) Interviews in person or online;
 - (iii) Portfolios of evidence;
 - (iv) Recognition of Prior Learning (RPL) process;
 - (v) SAQA or USAf certification of equivalents;
 - (vi) Language proficiency tests.
- (q) Compliance with the minimum requirements does not guarantee admission and registration as the University is bound by its DHET-approved enrolment plan. Distance learning qualifications may also be subject to enrolment targets as determined annually by the University in consultation with faculties.
- (r) Prospective applicants currently in Grade 12 or completing high school will be considered for provisional or conditional admission to study at the University based on their final Grade 11 results, which are calculated in the same way using the results of the final Grade 12 or high school subjects. Any applicant who has been provisionally or conditionally admitted based on their final Grade 11, mock or predicted results will still be required to satisfy the minimum admission requirements with their final Grade 12 or high school results, for them to be fully admitted for the relevant qualification as stipulated by the University. Final admission may also depend on applicants maintaining their final Grade 12 or high school performance at a similar or higher level to that of their final Grade 11, mock or predicted results used to determine their provisionally or conditionally admission status.
- (s) Prospective applicants who comply with the minimum legal requirements for admission to a programme, but who do not meet the additional faculty-specific minimum requirements APS, may, upon good cause shown, be granted admission to such programme at the discretion of the relevant Executive Dean in consultation with the DVC Academic, the Registrar, and in line with the UJ Enrolment Plan. If prospective students do not meet faculty-specific admission requirements in respect of a module in such a programme that is taught in a faculty other than the faculty in which the programme is offered, the Executive Dean must consult with

the Executive Dean of the faculty within which the module resides before admission to the programme is granted.

- (t) Where applicants rewrite some of their Grade 12 subjects to (1) obtain better results to gain access to a University programme and (2) not to delay the student's admission, the applicant irrevocably authorises the University to calculate the revised endorsement due to changes to marks as a result of an official remark, rewrite or upgrade completed to their Grade 12 NSC subjects. The applicant acknowledges that the University's calculation is subject to the official revised Grade 12 certificate to be issued by the Department of Basic Education (DBE) and the applicant waives any claim that the applicant may have against the University as a result of an error or omission in relation to the calculation made by the University. Applicants with International credentials rewriting their final high school subjects with the intention to study degree programmes must reapply for applicable matric exemptions.
- (u) School-leaving certificates not appearing in Table 2 are considered individually by the Student Enrolment Centre (SEC), Division for Global Engagement, faculties and departments.

***The abbreviations are listed in the order in which they appear on the table and not alphabetically.**

ABBREVIATIONS	
NSC	National Senior Certificate (completed Grade 12 in and after 2008)
SC HG	Senior Certificate Higher Grade (completed Grade 12 before 2008)
SC SG	Senior Certificate Standard Grade (completed Grade 12 before 2008)
IEB	Independent Examination Board
HIGCSE	Higher International General Certificate of Secondary Education
IGCSE	International General Certificate of Secondary Education
NSSC(HL)	Namibia Senior Secondary Certificate (Higher Level)
NSSC(OL)	Namibia Senior Secondary Certificate (Ordinary Level – Cambridge)
AS	Advanced Subsidiary Level (Cambridge)
A Level	Advanced Level (Cambridge)
IB(HL)	International Baccalaureate Schools (Higher Levels)
IB(SL)	International Baccalaureate Schools (Standard Levels)
WAEC	West African Examination Council
KCSE	Kenya Certificate of Secondary Education
Diplôme/Exam D'Etat	Diplôme d'Etat or d'Etudes Secondaire du Cycle
CHL/EM	Certificado de Habilitacoes Literarias (Mozambique)/Ensino Medio (Angola)
Baccalaureate	Gabonese School Leaving
AHSD	American High School Diploma

4.4 Admission requirements for applicants with international school leaving credentials and applicants who completed the Senior Certificate (SC)

- (a) Admission Point Scores (APS) are awarded for the six best subjects taking faculty and qualification-specific requirements into account (Refer to Table 2).
- (b) Applicants who obtained the SC and who comply with the minimum APS according to Table 2 will be considered for admission to study at the University. A maximum of six subjects will be used to calculate the total APS; these six subjects will include the programme-specific requirements.

4.5 Admission requirements for applicants who obtained the National Senior Certificate (NSC) in 2008 or later

- (a) Life Orientation or equivalent subjects are not counted in the calculation of the total APS, nor is it considered as an individual compulsory subject.
- (b) In total, six subjects are used for the calculation of the total APS. The total APS of an applicant is the sum of the achievement ratings of the particular programme's compulsory subjects and the remaining NSC or final high school leaving subjects of that applicant.
- (c) If applicants completed more than the minimum number of subjects (six) in their NSC or high school leaving certificate, the compulsory subjects and the best of the remaining subjects will be used to calculate the total APS.

4.6 Admission requirements for applicants who obtained the NCV, SC(A) or the NASCA

- (a) Admission requirements for applicants with a NCV, a SC(A) and a NASCA are in accordance with relevant legislation and the Faculty Rules and Regulations related to the various academic programmes.
- (b) Refer to the UJ Prospectus/website for the requirements per qualification and faculty.
- (c) Refer to the Policy on Admissions and Selections.
- (d) Refer to AR 4.11 of the Academic Regulations for alternative admission requirements.

4.7 Minimum admission requirements applicable to Higher Certificates

4.7.1 Additional faculty or programme-specific requirements may be a requirement, and are determined by the relevant Faculty Boards, approved by Senate and contained in the relevant Faculty Rules and Regulations. The minimum admission requirements for a Higher Certificate are:

- (a) Prospective students must have obtained a SC or NSC with Higher Certificate, Diploma or Bachelor's Degree endorsement;

or

- (b)
 - (i) have obtained the NCV N3 with passes of at least 40% in at least four subjects;
 - (ii) have passed one of the official languages on at least first-language level in the certification examination;
 - (iii) have passed any instructional offering in an official language;
 - (iv) be able to prove their competence in English as stipulated in Faculty Rules and Regulations;
 - (v) have complied with the APS requirements;
 - (vi) have complied with faculty and department-specific requirements as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations;

and

- (c)
 - (i) have obtained one of the following credit combinations:
 - three Grade 12 subjects on at least standard-grade level, plus one National Certificate N3 subject; or
 - two Grade 12 subjects on at least standard-grade level, plus two National Certificate N3 subjects; or
 - one Grade 12 subject on at least standard grade level, plus three National Certificate N3 subjects;
 - (ii) have passed one of the official languages on at least first-language level in the certification examination;
 - (iii) be able to prove their competence in English as laid down in the relevant Faculty Rules and Regulations;
 - (iv) have complied with the APS requirements; and

- (v) have complied with faculty and department-specific requirements, as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

and

- (d)
 - (i) have obtained the National N4 Certificate with passes of at least 50% in at least four appropriate subjects;
 - (ii) be able to prove their competence in English as stipulated in Faculty Rules and Regulations;
 - (iii) have complied with M-score requirements; and
 - (iv) have complied with faculty and department-specific requirements as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

4.8 Minimum admission requirements applicable to Diplomas

4.8.1 The minimum admission requirements for a diploma are:

- (a) SC or NSC with Diploma or Bachelor's degree endorsement;
- (b) Language requirements;
- (c) APS requirements;
- (d) Admission/placement tests (if applicable) as approved by Senate;
- (e) Faculty and/or programme-specific requirements as determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

4.9 Minimum admission requirements applicable to Advanced Diplomas

4.9.1 Advanced Diploma applicants must have successfully completed a Diploma or Bachelor's degree in the same or relevant field of study as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

4.9.2 Programme-specific admission requirements, such as a minimum achievement in the relevant major module(s) or other approved appropriate modules in the prerequisite qualification, are determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

4.9.3 For Advanced Diplomas in the Faculty of Education, refer to the minimum requirements for Teacher Education Qualification as contained in the Faculty Rules and Regulations.

4.10 Minimum admission requirements applicable to Bachelor's Programmes

- (a) SC with complete or conditional exemption or a NSC with Bachelor's degree endorsement or international final high school results with the relevant matric exemptions;
- (b) Admission/placement tests, (if applicable) as approved by Senate;
- (c) APS requirements;
- (d) Language requirements;

- (e) Faculty-specific requirements as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

4.11 Alternative admission requirements

4.11.1 Senate Discretionary Conditional Admission

Senate Discretionary Conditional Admission for candidates who have successfully completed the NSC or SC or NCV or (SC(A)) or NASCA or other International final High School Certificates and who have applied for admission to an undergraduate programme at the University may be considered by Senate on recommendation of the relevant Executive Dean, subject to successfully completing a PsyCaD assessment and obtaining a Higher Intermediate Level within the NBT and in line with the UJ Enrolment Plan.

4.11.2 School of Tomorrow applicants

The Executive Dean, together with the Registrar, may approve conditional admission of School of Tomorrow applicants via the Senate discretionary admission process subject to Faculty Rules and Regulations, a PsyCaD assessment and obtaining at least a Higher Intermediate Level NBT result and in line with the UJ Enrolment Plan.

The request for Senate Discretionary Admission should serve at the first Senate meeting following the conditional admission for final approval by Senate.

4.11.3 Recognition RPL

The University may, on the grounds of RPL, and subject to Senate-approved faculty-specific admission rules, admit students who do not comply with the minimum admission requirements and in line with the UJ Enrolment Plan.

4.11.4 Placement in bridging or alternative programmes

Prospective students who do not meet the minimum admission requirements for a specific programme may be placed in a Senate-approved bridging programme, following a Senate-approved placement procedure and in line with the UJ Enrolment Plan.

4.12 Qualification progression routes (Higher Certificates to Diplomas to Degrees)

- (a) An applicant who has obtained an accredited Higher Certificate registered on the HEQSF of the NQF, meets the minimum statutory admission requirement for entry into an undergraduate diploma.
- (b) An applicant who has obtained an accredited diploma registered on the HEQSF of the NQF, meets the minimum statutory admission requirement for entry into an undergraduate degree.
- (c) An applicant who does not have NSC endorsement for admission to diploma studies, or a certificate of exemption from the Matriculation Board, but has completed an accredited Higher Certificate, which is registered on the HEQSF of the NQF, is not required to obtain a certificate of exemption from the Matriculation Board.

Note: The attainment of the minimum requirements does not guarantee admission to any given programme. Applicants may still be required to comply with one or more additional requirements indicated below:

- (i) APS requirements;
- (ii) Language requirements;
- (iii) Admission/placement tests as approved by Senate (if applicable);
- (iv) Faculty-specific requirements as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

4.12.1 General Education Development (GED)

UJ does not accept the GED test for entry into any of its curricular undergraduate qualifications. Applicants who completed the GED and would like to study towards an undergraduate curricular qualification are advised to register and complete a Grade 12 NSC/IEB/SACAI or an international equivalent thereof.

4.12.2 Mature Age Exemption

Candidates, who have reached the age of 23 years and above and hold a SC or a NSC without the applicable endorsement for the degree programme they wish to apply for, may be considered provided they obtained a Certificate of Conditional Exemption from USAf. Applicants applying for higher certificate and diploma programmes, meeting the requirements for age exemption, may be considered by the Faculty, without the Certificate of Conditional Exemption.

Candidates, who have reached the age of 45 years and above and who are not in possession of a SC or a NSC, may be considered, provided that Senate is of the opinion that the candidate can complete the curriculum within the maximum period of time. The Certificate of Conditional Exemption from USAf will be provided to the candidate upon submission of a statement from the Senate.

Candidates who have reached the age of 45 years and above and who are applying for degree programmes will be required to complete the National Benchmark Test (quality assurance test). The candidates must comply with the following minimum scores:

(a) Applicants applying for qualifications requiring mathematics:

- Academic Literacy (AL) = 65%
- Quantitative Literacy (QL) = 52%
- Mathematics (MATH) = 48%

OR

(b) Applicants applying for qualifications not requiring mathematics:

- Academic Literacy (AL) = 65%
- Quantitative Literacy (QL) = 52%

All mature age applicants must still comply with:

- admission/placement tests (if applicable); and
- faculty-specific requirements as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

4.13 Admission of applicants with international credentials

4.13.1 Diploma Admissions

Admission will be granted to an applicant who has complied with the Faculty's admission requirements (as stipulated in the specific Faculty Rules and Regulations).

4.13.2 Degree Admissions

Admission will be granted to an applicant who has complied with the Faculty's admission requirements (as stipulated in the specific Faculty Rules and Regulations) as well as the provisional letter or certificate of exemption for any type of Matric Exemption issued by the Matriculation Board of South Africa.

4.13.3 Postgraduate Admissions

Admission will be granted to an applicant who has complied with the Faculty's admission requirements (as stipulated in the specific Faculty Rules and Regulations). Applicants will be required to provide a SAQA evaluation certificate as a registration requirement.

4.13.4 English Proficiency Requirements for applicants with international credentials

An English language proficiency test will be required from undergraduate and postgraduate applicants where English was not used as a medium of instruction for previous studies. The University accepts the following English Proficiency Tests:

- (a) International Language Testing System (IELTS). The requirement for undergraduate applicants is an overall score of 6, and for postgraduate applicants an overall score of 7.
- (b) Test of English as a Foreign Language (TOEFL). The requirement for undergraduate applicants is an average score of 80-104, and for postgraduate applicants an average score of 105-120.
- (c) University of Johannesburg Language Programme (UJELP). The requirement for undergraduate applicants is an overall score of 6, and for postgraduate applicants an overall score of 7.

4.14 Concurrent selections

An applicant is allowed to apply for two choices of which the selection takes place concurrently. An applicant, therefore, can be declined, admitted, provisionally selected or wait-listed for any combination of the two choices.

An applicant to whom an admitted, provisionally selected or waiting list status has been awarded by the University for more than one programme may only register for one programme (if available) before the commencement of the academic year/intake for which they have applied. Once registered for a programme, admission to the remaining programme not registered for will automatically be cancelled, and students will not be allowed to change programmes to one of the previous concurrent admitted qualifications. All regulations regarding registration still apply, including forfeiting of spaces due to oversubscription or changes of registration dates (Refer to AR 5).

4.15 Right of admission

The Vice-Chancellor and the Council of the University determine an applicant's admission to the University subject to the Enrolment Plan. An applicant who has applied for admission to a particular programme and satisfies the minimum rules and requirements of access and admission, but who has been refused admission, may request written reasons for such refusal from the relevant Executive Dean concerned or their delegated authority.

5. REGISTRATION

5.1 General principles

Students may not participate in any academic activities unless they are registered for the relevant module or programme for the relevant academic year (including conditionally registered; for postgraduate students, this includes pre-registration). Participation includes attending classes or any contact sessions in a module, receiving study material or supervision, having access to any electronic study material or sources or being assessed in a module.

UJ also offers a variety of fully online programmes (distance learning), including non-subsidised whole programmes, carousel model programmes, and other subsidised programmes. Students studying online need to be fully registered for them to partake in academic activities.

5.1.1 Students register annually for an academic programme of the University as contained in the Academic Calendar (<https://www.uj.ac.za/about/academic-calendar-and-regulations/>) and on the relevant Faculty webpages (<https://www.uj.ac.za/faculties/>). Information regarding registration can be accessed on the following URL (<https://www.uj.ac.za/admission-aid/registration/>).

5.1.2 Once a student is admitted to a distance learning (fully online carousel model) programme, they register at no cost for that programme. The next step is to add modules according to the registration dates specified on the UJ website <https://online.uj.ac.za/>. All carousel module additions must be accompanied by full payment for the module. Students only add modules offered during the specific carousel intake. Students are required to renew their registration for fully online carousel programmes in accordance with the Academic Calendar for online carousel programmes.

For subsequent study periods, students will register for the qualification and add modules, in terms of the requirements of the programme being followed and the registration dates specified on the UJ website (see URLs above). Programme requirements may specify compulsory, elective and prerequisite modules that must be passed before being allowed to proceed to higher-level modules. The UJ website is the official communication for all UJ-related student matters.

5.1.3 Students register for a programme subject to the academic regulations that applied at the time of first registration for that particular programme, provided that:

- (a) if the academic regulations are amended, students who commenced their studies under the previous academic regulations and who have not interrupted their studies

- and are compliant with all the other rules that were applicable at the time of their first registration, may complete their studies according to the previous regulations;
- (b) if the new academic regulations are beneficial to them, students may complete their studies under these new regulations subject to the conditions in AR 5.1.3 (a).
 - (c) the Faculty Board may set special transitional arrangements, approved by Senate, in respect of programmes where a change has been approved, and determine a date on which new academic regulations will be phased in and previous regulations phased out.
 - (d) Where operational processes and procedures or other academic regulations and/or policies are amended, students must abide by these amended regulations/policies. Examples include, but are not limited to, policies that relate to student discipline.
- 5.1.4 The onus is on the student to ensure that they have registered for any failed or outstanding modules as well as service learning (if applicable) to comply with all the requirements of the relevant qualification.
- 5.1.5 Students (undergraduate and postgraduate) may apply for study abeyance (interruption of studies) under exceptional circumstances in line with the rules and regulations of the University. The application for study abeyance must include all relevant supporting documentation and be submitted to the Faculty for consideration by the Executive Dean or their delegated representative. The student is also required to inform any relevant funding bodies, such as sponsors, NSFAS, UJ Student Finance, etc., as the abeyance may have implications on the funding requirements/conditions.
- 5.1.6 Students who interrupt their studies are required to apply for special permission from the relevant Head of Faculty Administration (HFA) to return and continue with their studies. Continuation of studies may be subject to certain conditions.
- (a) The student must register for any outstanding modules, including service learning, to fulfil the requirements of the relevant programme.
 - (b) The HFA in consultation with the relevant delegated authority may in exceptional circumstances allow students to continue their studies according to specific conditions where applicable.
- 5.1.7 Applicants who are admitted for a particular academic year must register for that year according to the registration dates as determined by the University.
- 5.1.8 The MEC may, by notice to the applicants and students, bring the closing date for registration for a programme forward to remain within the enrolment target for the programme.
- 5.1.9 An applicant or student who does not register for a programme before the enrolment target is reached forfeits the right to register for the programme for the particular academic year.
- 5.1.10 Fees are determined by the University and are payable annually upon registration. Refer to the UJ Student Finance webpage: <https://www.uj.ac.za/admission-aid/student-finance/>.
- 5.1.11 After registration, students are obliged to pay the outstanding fees due on or before the dates stipulated by the University. Information relating to Student Finance can be accessed on the following URL: <https://www.uj.ac.za/admission-aid/student-finance/>

Students who have outstanding debt are afforded an opportunity to apply for an Acknowledgement of Debt, which allows them to complete their registration for the upcoming academic year. This information can be accessed on the following URL: <https://www.uj.ac.za/admission-aid/student-finance/acknowledgement-of-debt-application/>.

- 5.1.12 Students who have cancelled their studies or who have registered and not taken up their studies remain liable for their fees.
- 5.1.13 Students are not allowed to register outside the prescribed and approved registration periods unless the MEC formally extends the registration period. Students who register late may be liable for the payment of a late registration fee in accordance with the Student Fees Policy and decisions made by the MEC in this regard. Once registrations have closed, approval for late registrations must be sought from the Registrar (for continuing students) and DVC Academic (for new students).
- 5.1.14 Tuition fees are payable in accordance with the UJ Student fees.
- 5.1.15 Students sign a formal agreement with the University in electronic format when they register online. Students who do not register online must complete, sign and submit a hard copy of the agreement. In the case of all minors, their parents or guardians must also sign and submit a hard copy of the agreement. The student agreement incorporates a personal information statement and contains an exemption from liability and indemnity.
- 5.1.16 Students must adhere to all the policies, rules, regulations and procedures of the University (<https://www.uj.ac.za/about/academic-calendar-and-regulations/>) and undertake to pay the prescribed fees by signing the official registration form and the formal agreement with the University. Please note that the University of Johannesburg, as a public space, is an illegal substance/drug-free zone. Students are required to abide by the Policy on Responsible Student Usage of Alcohol and Prevention of Substance Abuse or any other relevant policies.
- 5.1.17 The registration of students is valid for the applicable registration period only, and lapses on expiry of this period.
- 5.1.18 Students may not register simultaneously for (a) two programmes at the University, or (b) for a programme or module at another university, concurrently with their registration at the University without prior written consent of the Executive Dean of the relevant faculty, in consultation with the Registrar, and the relevant authority of the other university.
- 5.1.19 At least 50% of all the required modules (including all exit-level modules) that a student must successfully complete for an undergraduate qualification to be awarded or conferred must be completed at the University to obtain the qualification certification from the University of Johannesburg.
- 5.1.20 Only in exceptional cases may the Executive Dean or their delegated authority, in consultation with the Registrar, grant permission to complete an exit-level module at another higher education institution.
- 5.1.21 Senate may determine the minimum number of students who should register for a programme or a module for it to be offered on a particular campus and/or in a particular year.

- 5.1.22 A student may not register for more than the prescribed number of modules per academic year/semester as:
- (a) approved by Faculty Board and Senate;
 - (b) reflected in the Faculty Rules and Regulations and curriculum;
 - (c) specified per year level.
- The Executive Dean or their delegated authority of the faculty may approve the equivalent of two additional semester modules or one-year module per academic year.
- 5.1.23 Faculty Boards may determine the maximum number of students who may register for a programme or module in accordance with the University's Enrolment Management Plan or in order to ensure quality teaching.
- 5.1.24 Registration takes place in accordance with the Programme Qualification Mix (PQM) as approved by DHET and related Higher Education Management Information System (HEMIS) business rules.
- 5.1.25 The University does not guarantee that students (including those with a disability/impairment) who register for a qualification and successfully complete that qualification will be registered with a professional board/council or be successful in obtaining employment.
- 5.1.26 Students who are admitted for a fully online programme but who failed to register for that fully online programme within the calendar year applied for will forfeit the right to automatically register for the following calendar year (students would need to re-apply for admittance). However, if the student was admitted for the fully online programme within the last four months of a calendar year, the admittance will be carried over to the following calendar year.
- 5.1.27 Registration and re-registration or renewal of registration for any programme is subject to satisfactory academic performance and other rules of the University. A student may be deregistered and refused permission to re-register on the grounds of unsatisfactory academic performance and behaviour, disqualifying the student from being issued with a Statement of Good Conduct by the University. The standards of academic performance required from students to permit them to re-register appear in the Academic Regulations and Faculty Rules and Regulations. The University is not required to issue warnings to students to improve their academic performance before deregistering them or refusing them permission to re-register on the ground of poor unsatisfactory academic performance, but if such warnings are issued, students can thereafter be deregistered or refused permission to re-register if they fail to meet the conditions attached to the warning. Persons, who are prevented from re-registering on the grounds of unsatisfactory academic performance and may appeal their academic exclusion in terms of the Academic Regulations, may only exercise that right once.
- 5.1.28 Postgraduate students with qualifications acquired outside of the Republic of South Africa or from institutions not registered within the South African higher education system are required to provide a SAQA evaluation certificate of previous qualification (for registration) or proof of application for the SAQA evaluation of international qualifications (for conditional registration).
- 5.1.29 Conditional registration grants a registering student certain rights and privileges on a temporary basis. The approval of conditional registration will be granted by the

Executive Dean, subject to confirmation from the relevant HOD and academics that adequate support (in some cases remote support) will be feasible.

Should an applicant fully meet the admission requirements within the time limits as set out in the conditions, the registration is upheld. Should the conditions not be met, the conditional registration will be terminated. Residences will not reserve places in residence for conditionally registered students. Upon full registration, they may be considered for UJ residence, should there be spaces available. Should the registration conditions not be met, the University will cancel the registration. The standard cancellation rules in respect of fees that would have applied to students who were unconditionally registered and had cancelled their studies on that day, will apply.

5.1.30 Non-Degree Purpose (NDP) registration requests must be supported by the relevant HOD and Executive Dean (or Vice-Dean if delegated) before being submitted by the HFA for final approval to the Registrar.

Aspects that will be taken into consideration are:

- (a) For a student who was admitted at UJ based on a Cambridge conditional exemption, with the requirement of passing a school subject at the university level to qualify for a complete exemption certificate;
- (b) Did the candidate complete the previous studies in minimum time;
- (c) Will the successful completion of the NDP module(s) satisfy the admission requirements into the next qualification;
- (d) Are the required results that need improvement attainable (e.g. improvement from a 50% average in a previous qualification to more than 65% average);
- (e) Exceptional academic results in previous studies;
- (f) Full history of the candidate in terms of previous NDP applications and decisions made.

If approved by the Registrar, strict conditions will be communicated to the candidate (e.g. failure to meet the required results in the first semester will lead to deregistration for the second-semester modules).

5.2 Documents to be submitted before registration

Students who register for the first time at the University are required to submit certified copies of all outstanding required documentation via email to Perceptive Content ujappdocs@listsrv.uj.ac.za before the registration process can take place.

Senior students (returning and transferring) are required to submit documents to their relevant faculty as specified below:

- (a) If their personal information has changed since the previous registration;
- (b) Students who still have outstanding documents listed;
- (c) If the student is a transfer student from another higher education institution.

Certified copies of certain documentation may be required upon registration as determined by the University.

Documents that may be requested include the following (depending on the qualification and mode of delivery):

5.2.1 First-year students

The following documentation may be requested by the relevant Faculty/Department as required:

- (a) SA identity document, international identity document, passport or permanent residence permit, where applicable.
- (b) SC or NSC or other equivalent qualifications as stipulated in AR 4.2.

5.2.2 Transfer students from other higher education institutions

- (a) SA identity document, international identity document, passport or permanent residence permit where applicable;
- (b) SC or NSC or other equivalent qualifications as stipulated in AR 4.2;
- (c) Certified copies of academic record(s)/transcript(s) from the previous higher education institution(s);
- (d) Certified copies of certificate of conduct if not included on the academic record/transcript;
- (e) Additional faculty programme requirements determined by the relevant Faculty Boards.

5.2.3 International students

- (a) Valid Passport, Asylum Seeker Permit, Refugee Permit, Refugee ID if available or South African ID, if available in the case of Permanent Residency.
- (b) Valid Study Visa, Diplomatic Visa, General Work Visa, Critical Skills Visa, Intra-Company Transfer Work Visa, Business Visa, Relative Visa with endorsement to study as a secondary activity or relative visa to accompany a South African citizen or Permanent Resident Permit Holder without endorsement.
- (c) Proof of a comprehensive Medical Aid cover renewed annually for the period of study with a medical scheme registered in terms of the Medical Schemes Act. The following category of permit holders are exempted from the requirement: Asylum Seekers, Refugees and Permanent Residents. Diplomatic permit holders will be allowed registration with the type of cover provided by the mission they represent within the Republic of South Africa.
- (d) Postgraduate students with qualifications acquired outside of the Republic of South Africa or from institutions not registered within the South African higher education system are required to provide a SAQA evaluation certificate of previous qualification (for registration) or proof of application for the SAQA evaluation of international qualifications (for conditional registration).

5.2.3.1 English Proficiency Test for first-time registering undergraduate and postgraduate international students

5.2.3.1.1 Undergraduate students

An English language proficiency test will be required from undergraduate and postgraduate students where English was not used as a medium of instruction for previous studies. The University accepts the following English Proficiency Tests:

- (a) IELTS with an overall score of 6.
- (b) TOEFL with a minimum score of 80 to a maximum of 104.
- (c) UJELP with an overall score of 6.

IELTS and TOEFL are the preferred external English proficiency test systems and students may alternatively opt for UJELP.

5.2.3.1.2 Postgraduate students

An English language proficiency test will be required from undergraduate and postgraduate students where English was not used as a medium of instruction for previous studies. The University accepts the following English Proficiency Tests:

- (a) IELTS with an overall score of 6.
- (b) TOEFL. With a minimum score of 85 to a maximum of 120.
- (c) UJELP with an overall score of 7.

5.2.4 Unavailability of documents

In exceptional cases where the documentation is not available upon registration, conditional registration will be allowed only with the permission of the Executive Dean or their delegated authority within the faculty. In these instances, a final submission date for outstanding documents will be set. Failure to submit the documentation may lead to cancellation of registration.

5.2.5 Omission of material information and submission of incorrect documentation

The University has the right to cancel or refuse the registration of a student who provided incorrect information and/or documentation to an application for admission, or who omitted to provide material information or documentation.

5.3 Change of personal information

5.3.1 Students must inform the University of any changes to their contact details and other personal details or update the details personally on the Student Portal.

5.3.2 Correspondence to students will be addressed to their email addresses and cellphone numbers supplied during registration, or as changed according to the previous regulation AR 5.3.1.

5.4 Student access cards

5.4.1 Contact students registering for the first time will be issued student access cards after their registration process has been successfully completed. The cards will be activated

for that registration period only. Thereafter, these student cards will be reactivated each time after re-registration.

5.4.2 Students must always carry their student access cards with them when they are on University premises.

5.4.3 A valid student access card must be presented to gain admission to campuses, assessment venues and the library. A lecturer may request that a student's access card be replaced when a student can no longer be identified or verified. Refer to the Policy on Issuing Access Credentials for the University.

5.5 International students

5.5.1 International students may register if they:

- (a) meet the University's academic admission requirements;
- (b) comply with international clearance requirements; and
- (c) satisfy all other registration requirements, including all documentation required as per AR 5.2.3.

5.6 Registration for the higher level of a module or qualification

Students will be permitted to register for the higher level of a module or qualification only if they have passed the prerequisite modules or qualifications.

5.7 Programme and module changes

5.7.1 After the official registration period and within the appointed time, students may change their registration only with the permission of the HFA of the faculty.

5.7.2 Application for module or programme changes must be made according to the University and Faculty Rules. These changes are subject to approval according to the Academic Regulations.

5.8 Cancellation of studies

5.8.1 Students cancelling their studies in a particular programme or module should notify the University by submitting the cancellation on the prescribed form and in accordance with the prescribed procedure before the date determined by the University. This form is submitted to the relevant faculty officer for processing.

5.8.2 Students who fail to notify the University officially before the prescribed cancellation dates will forfeit any claim to the reimbursement of money paid to the University.

5.8.3 Cancellation of semester or year module(s), including continuously evaluated year modules, should be done 21 calendar days before the commencement of the final assessment period. After this deadline, semester or year modules (including continuously evaluated modules) will be regarded as failed. Refer to AR 5.8.1 for the procedure.

5.8.4 Distance learning (fully online) students who cancel their registration before the end of the first week of the module (by midnight of the Sunday, South African time) are entitled to a refund of 90% of the module fee; or to a credit of 90% of the module fee. Students who cancel their registration before the end of the second week of the module are

entitled to a 50% credit or a 50% refund of the module fee. Credit into the student's account will be given automatically; a refund will be paid on submission of a written application on the appropriate form. Students who fail to notify the University officially of the cancellation of a module after the end of the second week are not entitled to any reimbursement or credit of the module fee.

5.9 Procedure pertaining to deceased students

A policy exists on the management of deceased students and employees. The policy provides direction in terms of processes and procedures to be followed, including the roles and responsibilities of faculties, divisions and departments in the event of the death of a student. Refer to the Policy on the Management of Deceased Students and Employees for more information.

5.10 Work-integrated Education

Where work-integrated education (WIE) forms an integral part of a programme that is included in the study period, the University supports students to obtain WIE placements as relevant.

5.11 Class attendance for contact programmes

Students who are not registered are not allowed to attend classes or take part in any activities (tutor classes or practicals) or assessments.

5.11.1 Students have the responsibility to attend all teaching and learning interactions (such as classes, tutorials, practicals etc.) unless they have a legitimate reason, and where appropriate, the necessary evidence thereof, for being absent.

5.11.2 Students might be required at any time to account for their irregular class attendance, by providing a legitimate and reasonable written explanation and/or relevant evidence to their lecturer

5.11.3 In borderline academic result cases, information on class attendance is taken into account by faculties in making decisions.

5.11.4 Students are expected to attend a minimum of 80% of tutorials that are indicated as compulsory tutorials.

5.11.5 Students must adhere to the Faculty Rules and Regulations regarding the compulsory attendance of the academic programme

5.12 Participation in distance (fully online) programmes

5.12.1 Distance (fully online) students are required to participate according to the requirements set out in the module(s). Participation in distance (fully online) programmes is measured in the following ways:

- (a) The frequency and duration that the student spends online;
- (b) The extent of participation in discussions;
- (c) The timeous submission of tasks and assignments;

- (d) Data gathering allowing for advanced data analytics to foster improved teaching and learning.
- 5.12.2 Students are required to complete tasks as specified for the module(s) for which they are registered.
- 5.12.3 Unsatisfactory participation is taken into consideration when decisions are made regarding the academic exclusion of students.

6. CREDIT AND PROMOTION REQUIREMENTS FOR PROGRAMMES THAT INCLUDE DISTANCE (FULLY ONLINE) PROGRAMMES

- 6.1 Students may receive credit only once for an interchangeable module in any programme at the equivalent NQF level.
- 6.2 Granting of module credits is dependent on the following criteria:
- (a) Level of module
 - (b) Relevance
 - (c) Qualification
 - (d) Standards
 - (e) Outcome
 - (f) Duration
 - (g) Credits
 - (h) Year in which the module was completed
- 6.3 Students retain credit for a module passed for a period of seven years, provided that there have been no substantial changes to the curriculum. This provision also applies when modules are presented for credit/exemption, renewal or registration purposes. For credit/exemption purposes, the NQF level of the completed module presented for credit/exemption must be at the same NQF level of the module offered in the qualification for which the credit/exemption is being requested. Exceptions from any of those mentioned above may only be permitted by the Executive Dean in consultation with the HOD and the Registrar.
- 6.4 Faculty-specific promotion requirements and deregistration rules are contained in the Faculty Rules and Regulations and are applied in addition to the other regulations in this section.
- 6.5 Students who have temporarily discontinued their studies and who have passed a module whose content has, in the meantime, undergone substantial changes may be refused admission to a module for which this module is a prerequisite. In these instances, students may be required to complete the revised module(s).
- 6.6 Students who have failed a module twice will not be allowed to continue their studies in the same module at the University, except with the permission of the Executive Dean or their delegated authority on recommendation of the relevant HOD after consultation with the lecturer, or on recommendation of the faculty's examination or assessment

committee. When a module is failed, a student must repeat the module at the first opportunity when it is offered again.

- 6.7 To progress to the following year of study, students must have passed at least 60% of the modules required in the previous year of study.
- 6.8 Students who have not been promoted to the following year of study for any two years of study will not be permitted to continue with that programme and will be academically excluded, except with the special permission of the Executive Dean or their delegated authority. The Executive Dean or their delegated authority may stipulate conditions for students to continue with their studies.
- 6.9 If students have been granted special permission to continue with studies as determined in AR 6.6 and AR 6.8, the Executive Dean or their delegated authority may refuse continuation of studies if their progress in the first semester is unsatisfactory. Students may also be refused further admission if they continue to perform unsatisfactorily at the end of the relevant academic year and will be academically excluded.
- 6.10 The formal time during which students were registered for a particular programme at another higher education institution, as well as their results at such institution, may be considered in applying AR 6.6, AR 6.8 and AR 6.9.

7. APPEALS AGAINST ACADEMIC EXCLUSION

Applicants who wish to appeal their academic exclusion must follow the prescribed procedure by submitting their motivation and supporting documents online via the UJ website (uLink) during the prescribed submission period according to faculty guidelines and in accordance with UJ policies. Failure to do so within the prescribed submission period may result in the opportunity lapsing.

In cases where students have been academically excluded and granted a supplementary assessment opportunity, the student will be required to write the supplementary examination and submit an application to appeal the academic exclusion. A student who wrote the supplementary examination should have no expectation that the academic exclusion will be lifted if the examination is passed.

- (a) The Faculty Appeals Committee will consider and decide all appeals submitted by the applicant and shall either grant the application and allow the applicant re-admission or refuse the application and confirm that the applicant is academically excluded.
- (b) The decision taken by the Faculty Appeals Committee will be communicated to the applicant in writing.
- (c) The decision of the Faculty Appeals Committee is final subject to AR 7(f).
- (d) Students who omitted to provide information or documentation material to an appeal cannot provide it at a later stage if the appeal is unsuccessful.
- (e) Students who appeal their academic exclusion retain their academic history for all previous registration(s) at UJ.

- (f) In the event that it is found that a student has submitted information and/or documentation that is incorrect, incomplete or fraudulent information/documentation that is material to an appeal, the Faculty Appeals Committee shall be entitled to reconsider its decision.

8. EXEMPTION AND RECOGNITION REQUIREMENTS

- 8.1 An HOD may, in consultation with the Executive Dean or their delegated authority, in accordance with a list of exemptions approved by the Executive Dean, grant exemption from and award a credit for a module of which the content of the module was at least 80% the same, to students on the grounds that they have passed a relevant module at the University or at another accredited higher education institution. Applications for exemptions must be submitted during the registration period. Exceptions to the above rule may only be granted by the Executive Dean in consultation with the HOD and, if required, also the Registrar.
- 8.2 Exemption from and awarding of credits for modules, as stipulated in AR 8.1, may not be granted for more than half the number of NQF credits required in an undergraduate programme in which exemption and recognition are requested. A faculty may determine rules and regulations in this regard in agreement with the existing Faculty Rules and Regulations, and subject to approval by Senate. At least half the number of NQF credits at the exit-level should be passed at the University, for UJ to award the diploma or confer the degree. The Executive Dean or their delegated authority concerned, in consultation with the Registrar, may give permission to the student (for legitimate reasons) to complete such exit-level module(s) at another HEI in South Africa, or abroad in accordance with the academic record/transcript concerned.
- 8.3 Only in exceptional circumstances may the Executive Dean or their delegated authority grant exemption from an exit-level or a semester core module that has been passed at another institution or in another programme.
- 8.4 As per the HEQSF, a maximum of 50% of the credits of a completed qualification may be transferred to another qualification, provided that no more than 50% of the credits required for the other qualification are credits that have been used for a completed qualification.

9. COMPULSORY AND ELECTIVE MODULES

- 9.1 Detailed information on compulsory and elective modules is contained in the relevant Faculty Rules and Regulations.
- 9.2 For a year module, a minimum half-year mark (also referred to as a progress mark) of 40% may be required (in June) in order to continue with the module in the second semester.

10. DURATION OF PROGRAMMES

These are guiding principles regarding the duration of programmes, unless specified differently in the Faculty Rules and Regulations.

- 10.1 The minimum duration of a programme is in accordance with the HEQSF and HEMIS requirements.
- 10.2 The maximum duration of a **full-time** contact programme is as indicated in Table 3 in Column D.
- 10.3 The maximum duration of a **part-time** contact programme is as indicated in Table 3 in Column E.
- 10.4 The maximum duration of the distance (fully online) programmes offered by UJ is as stipulated in Column F. The maximum duration of an online programme allows for one additional year (12 months where applicable) in comparison to the maximum period of the contact programme.
- 10.5 Apart from master's and doctoral programmes, the duration of contact programmes is inclusive of any interruption of studies unless approval is granted prior to the interruption by the faculty.
- (a) For all qualifications up to NQF Level 8 the maximum period is inclusive of interruption of studies.
 - (b) For master's and doctoral qualifications, the maximum period excludes an interruption of studies. A request for an interruption of study will only be granted in exceptional circumstances and must be approved prior to interruption of studies as stipulated in the Higher Degrees Policy.
- 10.6 Students who fail to complete the programme within the maximum period will be allowed to continue with the programme only if granted special permission by the Executive Dean on recommendation of the relevant HOD or the faculty's Examination or Assessment Committee.
- 10.7 Maximum duration of study for distance education programmes (carousel model and non-carousel):
- While the carousel model is designed to allow students to interrupt their studies for one or more modules, thus providing the student with flexibility, it is important to bear in mind that each programme has a maximum duration of study, as indicated in Table 3: Duration of Programmes.
- 10.8 For the purposes of calculating the duration taken to complete a distance (fully online) programme or a master's by research, the number of months will be utilised where applicable.
- 10.9 Table 3 stipulates the maximum periods of enrolment for full-time and part-time study. For distance (fully online) master's and doctoral programmes, the maximum periods are calculated in terms of the months a student is registered. The month in which a student registers or completes the studies will count as a full month. Should re-registration be required due to resubmission of a minor dissertation or dissertation or thesis, this extended period will be included in the calculation of the registration period.

10.10 Expected duration applies to full-time students who carry a full academic load and do not repeat modules.

Table 3. Duration of programmes

Qualification	Minimum Credits	Minimum Duration (years)	Expected Duration (years)	Maximum Duration allowed for Full-time (FT) qualification	Maximum Duration allowed for Part-time (PT) qualification	Maximum Duration for Distance (fully online) programmes
	A	B	C	D	E	F
Higher Certificate	120	1	1	2 years		
Advanced Certificate	120	1	1	2 years		
Diploma	240	2	2	3 years		48 months**
UG Diploma	360	3	3	5 years		72 months**
UG Extended Diploma	360	4	4	6 years		
Advanced Diploma	120	1	1	2 years		36 months**
UG Degree	360	3	3	5 years		72 months**
UG Extended Degree	360	4	4	6 years		
UG Professional Degree	480	4	4	6 years		
PG Diploma	120	1	1	2 years		
Honours Degree	120	1	1	1 year	2 years	36 months**
Master's Degree (Coursework)	180	1	2	24 months	36 months	36 months
Master's Degree (Research)	180	1	2	24 months	36 months	
Master's Degree (Professional)	180	1	2	24 months	36 months	
Doctoral Degree (Thesis/Collection of Essays or Articles)	360	2	3	48 months	60 months	
Doctoral Degree (Professional)	360	2	3	48 months	60 months	60 months
Doctoral Degree (Higher)	360	2	3	48 months	60 months	

The minimum and maximum duration indicated in the table is the standard duration of programmes offered at UJ. Faculties may have specific durations for certain programmes listed in their Faculty Rules and Regulations.

****Please note that the number of months for fully online programmes will be used as an indicator to determine whether a student has obtained a qualification with distinction. For contact programmes refer to AR 11.6.3 regarding requirements for distinction.**

10.11 Students must comply with the minimum duration of a particular programme, as indicated in Column B (i.e. the student must be registered for this period of time), even in the event where credit(s) have been granted towards the programme as stipulated in Table 3: Duration of Programmes (see above).

The UJ Academic Regulations allow exceptions to the maximum duration rule as stipulated in AR 10.6.

11. TEACHING, LEARNING AND ASSESSMENT

11.1 General

- 11.1.1 Teaching, learning and assessments take place in accordance with the University's Teaching and Learning Policy, Assessment Policy, and the Online Policy Framework.
- 11.1.2 Registered students have a right to tuition in accordance with the Senate-approved academic timetable or Senate-approved Online Policy Framework. Students who are not registered are not allowed to attend classes or participate in any activities (including practicals or tutor classes).
- 11.1.3 The University does not permit student behaviour that disrupts formal teaching and learning activities.
- 11.1.4 Any form of misconduct, dishonesty, including plagiarism, in relation to any assessment event in any programme, will be dealt with in accordance with the University's disciplinary code and/or criminal law.
- 11.1.5 Programme-specific assessments and regulations are determined by the Faculty Board and Senate.

11.2 Assessment opportunities

- 11.2.1 Assessment takes place in accordance with the University's Policy on Assessment Policy and the Online Policy Framework.
- 11.2.2 Programme-specific assessment regulations are determined by the Faculty Board and approved by Senate.
- 11.2.3 Students should be given timely, meaningful and constructive feedback in assessments.
- 11.2.4 Module assessment criteria rules and regulations must be communicated to students in all learning guides.
- 11.2.5 The number of assessments and their relative weightings must be appropriate to the discipline, level of the module, programme level, and must be coherently designed to achieve the outcomes of a module/programme.
- 11.2.6 Every summative assessment opportunity (and where relevant formative assessments) carries a predetermined weight that takes the integration of the learning outcomes into account. A number of smaller summative assessments may count as one assessment opportunity in a module.
- 11.2.7 When a summative assessment opportunity is used as a last (comprehensive) assessment opportunity (excluding continuous assessment modules), a minimum final period/semester or year mark of 40% is required for admission to the summative assessment opportunity.
- 11.2.8 Unless specified differently in the Faculty Rules and Regulations, all fully online modules will be assessed by means of continuous assessment and incorporate multiple assessment opportunities through a range of assessment methods spread across the module. There should be alignment between module (and unit) outcomes and assessment criteria.

- 11.2.9 All online assessments should be hosted on the UJ LMS. The use of third-party software applications or portals for assessment should be pre-approved through standard UJ processes, to ensure the security of data as required by law, and not generate additional costs beyond UJ student fees.
- 11.2.10 Integrity of online assessments is ensured through *inter alia*:
- (a) sound assessment design that will minimise and impede opportunities for academic dishonesty;
 - (b) online identity authentication and verification; or
 - (c) electronic invigilating or proctoring, ensuring that the student completing the assessment is not receiving additional, outside or unauthorised assistance.
- 11.2.11 For traditional examinations, faculties will indicate the calculation criteria for each module. It will either be a 50:50 or 40:60 weighting between the semester mark (SM) and examination mark (EM) to calculate the final mark (FM).

11.3 Assessment results

- 11.3.1 All assessment results must be captured on the official UJ system.
- 11.3.2 Higher assessment requirements other than those indicated below are determined by the Faculty Board, approved by Senate, and contained in the Faculty Rules and Regulations.
- 11.3.3 The judgement of the Departmental and/or Faculty Assessment Committee is final. The University publishes results, including final assessment and global results, on uLink only and no other platforms. It is the responsibility of students to access and check their results on uLink. An official electronic academic record/transcript is available for registered students and graduates.
- Students may request from the relevant faculty an official academic record. The uLink record may be deactivated after a few months; therefore, students must access and check their final results on uLink within one month of each assessment period.
- 11.3.4 When a traditional examination is used as a last assessment opportunity, the module is deemed a pass if the following marks have been obtained:
- (a) a last summative assessment mark (examination mark) of at least 40%; **and**
 - (b) a final mark of at least 50%. (This means that if a student obtains a final mark of 50% but has not met the 40% requirement for the examination mark, the student will qualify for a supplementary examination).
- 11.3.5 When a final assessment opportunity is used for continuous assessment, programme-specific requirements, as approved by the Faculty Board and contained in the Faculty Rules and Regulations, must be adhered to. The number, type, weight and date of assessments, replacement and/or supplementary assessments are pre-set and agreed to by the assessor and moderator before the beginning of the unit/module or programme. Summative assessments are not limited to written assessments and may include a variety of assessment methods and/or instruments or portfolios as indicated in the Faculty Learning Guides.
- 11.3.6 Students pass a continuous assessment module if they obtain a weighted final mark of at least 50% (or more if stipulated by a professional/regulating body).

- 11.3.7 Students pass a module with distinction if they obtain a final mark of at least 75%.
- 11.3.8 A couplet module consists of two modules in the academic year concerned whereby the second module builds on the content of the first module. A final period/semester mark, examination mark and a final mark of at least 40% each in the first semester are required for admission to the second semester module. To pass the couplet, a combined final mark of at least 50% must be obtained in the same year.
- 11.3.9 If a couplet module is not passed on the combined final mark, the module(s) in which the final mark is less than 50% must be repeated.

11.4 Appeals

- 11.4.1 After the final mark for a module has been published (on uLink), students who wish to dispute their marks may apply to the lecturer for an explanation of the mark awarded in the cases where:
- (a) the student has failed the module with a FM of at least 45%; or
 - (b) the last summative assessment (examination) mark is at least 15% lower than their module mark; or
 - (c) a module was passed without distinction, but either the module mark (i.e. semester or year mark) or the last summative assessment (examination) mark was a distinction mark.
- 11.4.2 A request or an explanation for the awarding of the FM in the final summative assessment opportunity as indicated in AR 11.4.1 must be made within ten days after classes have commenced for the second semester for first semester assessments. In the case of a second semester assessment opportunity, requests must be made at least three days prior to the commencement of the academic programme in the following year. No assessment material (for example, answer scripts or portfolios) or copies of it may be provided to students after such explanatory discussion, if such material would not otherwise have been returned to the student.
- 11.4.3 If, after the explanation has been provided as described in AR 11.4.2, students are still dissatisfied with the mark awarded, they may appeal to the Executive Dean or their delegated authority, who may, at their own discretion, decide to appoint an external arbiter to reassess the final and/or last summative assessment. A fee, as determined by the University, is payable for the assessment by arbitration.
- 11.4.4 The fee is refunded if the arbiter alters results from a fail to a pass or from a pass without distinction to a pass with distinction. In all other cases, the fee is forfeited to the University.
- 11.4.5 Students registered for distance (fully online) programmes who want to appeal their results must follow the prescribed administrative procedure by submitting their motivation according to faculty guidelines and procedures and in accordance with UJ policies.

11.5 Special summative assessment and supplementary summative assessment opportunities

- 11.5.1 Special summative assessment opportunities are considered by the faculty in which the programme/qualification resides, for students who, in the event of illness, for

compassionate reasons, on religious grounds or for similar legitimate reasons, were prevented from attending a summative assessment opportunity. Students may be granted a special summative assessment opportunity if they apply for it within seven calendar days after the original date of the relevant summative assessment opportunity.

The Executive Dean or their delegated authority, in consultation with the relevant HOD, considers all applications and decides whether to grant the special summative assessment opportunity.

The Faculty Board determines the procedure for and manner of such application in accordance with University procedure. The application procedure must be contained in the relevant programme-specific information or learning guide.

11.5.2 The Assessment Committee/Vice-Dean/HOD/HFA or delegated representative of a faculty in which the module resides will grant a student a supplementary last summative assessment opportunity if:

- (a) the student failed a module but obtained a final mark of at least 40%; or
- (b) the student failed a module but obtained a semester/year mark of at least 60%.

11.5.3 The Assessment Committee or the Executive Dean or their delegated authority of a faculty in which the qualification resides may grant a student a supplementary last summative assessment opportunity, if the student requires not more than the equivalent of two semester modules or one year module for the completion of the relevant qualification, provided that the student:

- (a) was registered for the relevant module in the current academic year; and
- (b) was admitted to, and participated in, the last assessment opportunity in the relevant module; and
- (c) has complied with all the experiential or practical requirements prescribed for the qualification (where applicable), excluding work-integrated modules.

The Executive Dean or their delegated authority of the faculty in which the qualification resides may, in exceptional circumstances and in consultation with the Executive Dean of the faculty in which the particular modules reside, waive one or more of the conditions specified in AR 11.5.3 (c).

11.5.4 In all other circumstances, students may not be granted another supplementary summative assessment opportunity if they have used and failed a previous one, except if the Executive Dean of the faculty in which the qualification resides has waived the requirement.

11.5.5 Supplementary summative assessments for continuous assessment modules are scheduled as part of the assessment plan for a particular module. The following applies:

- (a) To be granted a supplementary assessment opportunity for a particular component in the continuous assessment portfolio, a minimum of 40% must have been obtained for that particular component.
- (b) Supplementary assessments are according to each faculty's internal assessment policy.
- (c) A maximum of no more than a pass mark is awarded for the supplementary assessment of the particular component in the continuous assessment portfolio.

- 11.5.6 Special summative assessment and supplementary assessment opportunities should be equivalent to the original assessment with respect to the scope, standard and duration.
- 11.5.7 The weight of the summative assessment opportunity granted must retain its original weighting.
- 11.5.8 Students are personally responsible for ascertaining whether they qualify for a special assessment or a supplementary assessment opportunity and for acquainting themselves with the details of the timetable and the venue.
- 11.5.9 Students' entitlement to a special or supplementary summative assessment opportunity lapses if they fail to use the opportunity.
- 11.5.10 In the case of a supplementary of the last summative assessment, the final mark of the module is capped at the minimum pass mark of 50%. This rule does not apply to continuous assessment modules (Refer to AR 11.5.5).
- 11.5.11 No capping of a final mark is applicable in the case of a special summative assessment opportunity.

11.6 Obtaining a qualification

- 11.6.1 Students obtain a qualification if they have passed every prescribed module and have successfully completed work-integrated education, where applicable. It is a student's responsibility to ensure that they comply with all the requirements for a qualification.
- 11.6.2 Students will not be allowed to obtain a qualification if they have pending disciplinary matters against them.
- 11.6.3 A qualification is awarded or conferred with distinction if the requirements stipulated in AR 11.6.4 (a) to (d) are met as applicable to the particular qualification.
- 11.6.4 No rounding (up or down) should be done during the calculation process. The rounding of marks should only be done once all calculations are finalised in accordance with decisions made by the Faculty Assessment Committee or similar.

(a) Undergraduate qualifications (Contact)

The qualification must be completed within the minimum duration as indicated in Table 3, unless the Executive Dean has approved a longer duration of study for legitimate reasons.

- (i) Students must achieve a weighted and/or proportional calculated average final mark of at least 75% as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations. The weighting of the individual modules must be in line with the proportional value of the NQF credits of the module within the qualification.
- (ii) A student must obtain a minimum mark of 65% in every prescribed module at NQF Level 6 for diplomas, or NQF Level 7 for degrees, or NQF Level 8 for professional bachelor's degrees. Exceptions may be considered by the Executive Dean where the qualification resides.
- (iii) A student must never have failed a module in the relevant qualification.
- (iv) Students must have been registered for the full curriculum as prescribed for each academic year on a full-time or part-time basis.

- (v) If students have transferred from another higher education institution to UJ in a similar qualification, the same requirements as stated shall apply.
 - (vi) If students change qualifications within UJ, only the modules related to the new qualification will be taken into consideration in calculating whether the qualification is obtained with distinction.
 - (vii) In the case where there is work-integrated education involved; the work integrated module should not be used in the calculation if the module is not DHET funded.
- (b) **Advanced Diplomas, Postgraduate Diplomas and Honours Degrees (Contact)**
- (i) The qualification must be completed within the minimum duration as indicated in Table 3, unless the Executive Dean has approved a longer duration of study for legitimate reasons.
 - (ii) Students must achieve an average final mark for an advanced diploma, a postgraduate diploma or an honours degree of at least 75%. For the purposes of calculating the weighted average, the final marks for all the modules comprising the qualification must be in accordance with the NQF credit value allocated to the modules as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.
 - (iii) A student must obtain a minimum mark of 65% in every prescribed module at NQF Level 7 for advanced diplomas/BTechs, and at NQF Level 8 for postgraduate diplomas and honours degrees. Exceptions may be considered by the Executive Dean where the qualification resides.
 - (iv) A student must never have failed a module in the relevant qualification.
 - (v) Students must have been registered for the full curriculum as prescribed for each academic year on a full-time or part-time basis.
 - (vi) If students have transferred from another higher education institution to UJ in a similar qualification, the same requirements as stated shall apply.
 - (vii) If students change qualifications within UJ, only the modules related to the new qualification will be taken into consideration in calculating whether the qualification is obtained with distinction.
- (c) **Master's Degrees**
- (i) Students for a **research master's** qualification must achieve a final mark of at least 75% for the dissertation.
 - (ii) Students for a **coursework master's** qualification must achieve a final average mark of at least 75%. This is calculated by weighting the average final marks for all the coursework modules and the final mark for the minor dissertation/research report in accordance with the credit values allocated to all the coursework modules and the minor dissertation, respectively. For example, if the credit value of the minor dissertation represents 40% of the total credit value of the qualification, the average final mark for the qualification will be weighted in the proportion of 40% for the minor dissertation and 60% for all the coursework modules.
 - (iii) If students have transferred from another higher education institution to UJ in a similar qualification, the same requirements as stated shall apply.
 - (iv) If students change qualifications within UJ, only the modules related to the new qualification will be taken into consideration in calculating whether the qualification is obtained with distinction.

(d) **Distance (Fully Online) programmes**

- (i) Undergraduate qualifications must be completed within the maximum duration as indicated in Table 3, in Column F.
- (ii) An advanced diploma, a postgraduate diploma or an honours degree must be completed within the maximum duration as indicated in Table 3, in Column F.
- (iii) The average final mark for the qualification will be calculated according to the type of qualification such as undergraduate or postgraduate.
- (iv) Apart from coursework master's, students must obtain a minimum mark of 65% in every prescribed module at the relevant NQF level for the specific qualification type.
- (v) Apart from coursework master's, students must never have failed a module as a first attempt in the relevant qualifications.
- (vi) Students must have been registered for the full curriculum as prescribed for each academic year.
- (vii) If students have transferred from another higher education institution to UJ in a similar qualification, the same requirements as stated shall apply.
- (viii) If students change qualifications within UJ, only the modules related to the new qualification will be taken into consideration in calculating whether the qualification is obtained with distinction.

11.7 Students with disabilities

- 11.7.1 Students wishing to submit an application for special assessment conditions based on the grounds of a disability must do so in accordance with the procedure prescribed in the University's Policy on People with Disabilities.
- 11.7.2 Students should submit the application, together with reports supporting the request, from a Registered Health Professional to the Disability Unit at the beginning of every semester/year as applicable. The request should clearly specify the needs and concessions requested, including concession recommendations from a Registered Health Professional. These applications will be submitted to the UJ Concessions Committee. After consideration, the Disability Unit will refer the request, together with a recommendation to the respective student who will discuss it with their lecturer to support the concession.
- 11.7.3 The confidential nature of information regarding a disability will always be honoured. The information will only be revealed with students' written consent or, where applicable, that of their parents or guardians.

11.8 Access control during assessments for contact students

- 11.8.1 Students may not enter a summative assessment venue later than 30 minutes after the official starting time of the summative assessment opportunity to take part in the assessment opportunity, and neither may they leave the assessment venue during the first 30 minutes of an assessment opportunity or during the last 15 minutes of the allocated assessment time.
- 11.8.2 Students must identify themselves as required for admission to an assessment venue.

11.8.3 Students must adhere to all access rules as required for assessments that are conducted electronically through an online platform.

11.9 Access control and invigilation during online assessments

11.9.1 Access to online assessments will take place in accordance with the Online Policy Framework and the Assessment Policy, which can be accessed at: <https://www.uj.ac.za/about/academic-calendar-and-regulations/>

It is a student's responsibility to familiarise themselves with the University's policies and requirements for online assessments.

11.9.2 Students must adhere to all access and invigilation rules as required for online assessments. Students agree to the terms and conditions of the Online Policy Framework for, and the Assessment Policy at, registration.

11.9.3 It will be the student's responsibility to ensure that they have access to functioning equipment for doing assessments as required by the Online Policy Framework and the Assessment Policy.

11.9.4 Students' online identities may be authenticated and verified each time before admission to online assessments. The University may also verify the students' online identity during and upon conclusion and submission of the assessment.

11.9.5 To maintain assessment integrity, the University may use certain online invigilation methods for online assessments. The integrity of the assessments is monitored continuously before, during, and upon completion of the assessment. Students are required to confirm their identity, and they may be monitored electronically for the duration of the assessment.

11.10 Transgressions during any assessment opportunity

The University reserves the right to record assessment opportunities by way of digital footage for utilisation as evidence in disciplinary proceedings in relation to any transgressions during assessment opportunities.

11.10.1 Students commit a transgression when:

- (a) They commit academic misconduct Refer to AR 2.3.3.
- (b) During a formal assessment opportunity, they are in possession of any book, cellphone or electronic device that has not been switched off, memorandum, notes in any form whatsoever, or any papers, documents or database equipment, except for access to such answer books or other books, papers or documents that the invigilator has supplied or access to such other sources that the invigilator authorised as per instructions of the examiner.
- (c) They help or attempt to help other students or obtain help or attempt to obtain help from other students or obtain help or attempt to obtain help from any source of information, with the exception of explicitly approved sources as permitted by the assessor.
- (d) They help other students to commit an offence (also considering that students are under an obligation to take all reasonable measures to ensure that other students do not have access to their work).

- (e) They have unauthorised information stored on a pocket calculator, cellphone or any other device brought into the assessment venue, or whether they have any notes in whatever format with or on them, irrespective of whether they have had the opportunity to access such information.
- (f) They cause a disturbance in the proximity of or inside the assessment venue or conduct themselves in an improper or unbecoming manner.
- (g) They disregard the instructions of invigilators or assessors.
- (h) They pose as other students.

11.10.2 Persons who are not registered for a relevant module and are present in an assessment venue with the intention of taking part in the assessment opportunity are guilty of fraud and may face disciplinary procedures or legal action.

11.10.3 Executive Deans or their delegated authority can initiate disciplinary procedures in certain cases. They may implement disciplinary procedures with regard to alleged transgressions in class assessments, assignments, tasks and essays as well as undisciplined behaviour towards academic or administrative staff.

11.11 Irregularities during participation in summative assessments, practical opportunities and online assessments

11.11.1 Students who, in the opinion/observation of the invigilator, committed an irregularity during an assessment or practical opportunity will have their assessment script, product or any other material or equipment that, in the opinion/observation of the invigilator pertaining to the irregularity, confiscated immediately with the time recorded on it. Students will be issued immediately with a new assessment script, or any other relevant material or equipment and the time of issue will be written on the front cover of the script. No extra time is allowed to complete the assessment.

In the case of online assessments, the University reserves the right to record assessment opportunities by way of digital invigilation software for purposes of use thereof in disciplinary proceedings in relation to any transgressions during assessment opportunities. Possible student transgressions will be flagged by the online invigilation software or by a trained online invigilator. A video recording will be submitted and used as part of the evidence of an alleged transgression.

Students registered for distance (fully online) programmes who are accused of transgressing with reference to AR 11.10 and AR 11.11.1 must complete and sign the prescribed declaration form within seven days after notification of the assessment transgression. If a video recording is available, the student will have access to the video and may be interviewed by a trained invigilator about the flagged transgression(s). The responsible invigilator will submit the form, and video or other evidence, as part of a written report to the Executive Dean for submission to the Senior Director of Student Affairs.

11.11.2 Students referred to in AR 11.10.1 must be requested to complete a Transgression Report.

It is the responsibility of the Chief Invigilator/Lecturer to submit the Transgression Report with all evidence to Student Ethics and Judicial Services and to the Executive Dean or their delegated authority.

In cases where an external invigilator acts in the capacity of a Chief Invigilator, it is the responsibility of the external invigilator to submit the Transgression Report with all relevant documents and applicable evidence to Student Ethics and Judicial Services (copies will be submitted to the HOD and a copy of the documentation pertaining to the matter will be stored at the Assessment Office).

- 11.11.3 The academic staff member responsible for the assessment or the relevant HOD and Executive Dean or their delegated authority submits a memorandum that describes the case in detail.
- 11.11.4 The Executive Dean or their delegated authority compiles a report, which is submitted to the Senior Director: Student Affairs within ten working days of the transgression. This report will be submitted, together with the original project, the memorandum from the assessor and any other evidence relevant to the case.
- 11.11.5 If the suspected offence involves an electronic device, the invigilator will consult the assessor before responding to the offence as described in AR 11.11.1.
- 11.11.6 No credit or marks must be awarded for assessments in which a student is under investigation for suspected academic misconduct pending the conclusion of disciplinary proceedings.

11.12 Irregularities during participation in electronic and online summative assessment opportunities

- 11.12.1 Transgressions in this category include all forms of academic misconduct.
- 11.12.2 Search engines and anti-plagiarism software may be used in the detection of suspected transgressions in this category.
- 11.12.3 The academic staff member responsible for the assessment or evaluation will refer the case to the relevant HOD and Executive Dean or their delegated authority by means of a memorandum that describes the case in detail.
- 11.12.4 The Executive Dean or their delegated authority compiles a report, which is submitted to the Senior Director: Student Affairs within ten working days of the transgression. This report will be submitted, together with the original project, the memorandum from the assessor and any other evidence relevant to the case.
- 11.12.5 No extra time is allowed to complete the assessment.
- 11.12.6 All student assessment attempts will be submitted to the Executive Dean of the faculty or their delegated authority.
- 11.12.7 While a case is pending, answers will not be marked, and no result in the relevant subject will be made available to the student.
- 11.12.8 The University reserves the right to record assessment opportunities by way of digital footage for purposes of use thereof in disciplinary proceedings in relation to any transgressions during assessment opportunities.

11.13 Assessment of Work-integrated Education

11.13.1 Assessment in modules and programmes that require work-integrated education:

- (a) must meet the requirements of the relevant industry, place of work, statutory professional bodies and/or the needs of the community (where applicable);
- (b) must include the abilities or competencies (assessment of knowledge, skills, values and attitudes) necessary to function in the particular workplace or context that is contained in the outcomes and assessment criteria;
- (c) may include co-assessors who should be familiar with the module, programme outcomes, assessment criteria, assessment methods, recording procedures and additional learning support, etc.; and
- (d) requires clear communication with students, workplace or community and co-assessors on assessment matters, including the contribution that the service or work-integrated learning component makes to students' progression each year.

11.13.2 Programme-specific requirements in this regard are addressed in the Faculty Assessment Policies and/or Work-Integrated Education Policy.

11.14 Assessment for RPL

Assessment for RPL is governed by the University's Policy on RPL in terms of the following principles:

- (a) Current competence is more important than learning history. Relevant learning is valued, irrespective of where, when or how it occurred.
- (b) Applicants must demonstrate competence (proven learning).
- (c) The standards by which students are assessed for prior learning are determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.
- (d) Each assessment of prior learning is individual based.
- (e) RPL assessment is conducted by the lecturer responsible for that particular module or programme, or by the RPL Committee of the faculty if RPL affects the whole programme. Such assessments must be done timeously, allowing sufficient time for University structures to consider submissions.
- (f) A variety of assessment methods are used, which could include a formal assessment opportunity similar to the summative assessment opportunity that is required of students in a particular module and/or programme.

11.15 Publication of final assessment results

11.15.1 The assessment results of students are released per module as provisional results as soon as they are captured and computed throughout the summative assessment period.

11.15.2 After the final mark has been calculated, an indication of admission to a special or supplementary summative assessment opportunity is made known to the students via electronic media on the UJ systems (including uLink).

- 11.15.3 Final results for an assessment are finalised and released in accordance with a date determined by Central Academic Administration.
- 11.15.4 It is the student's responsibility to check marks on uLink, ascertaining whether they qualify for a special assessment or a supplementary assessment opportunity and acquainting themselves with the details of the timetable and the venue.
- 11.15.5 The University strives to ensure the confidentiality of personal information in the publication of assessment results.

12. CERTIFICATION

- 12.1 Certification takes place in accordance with the Higher Education Act 101 of 1997 (as amended), academic regulations and related policies. The requirements for the completion of qualifications are indicated in AR 6, 8, 9 and AR 11.6.
- 12.2 Certification is confirmed by the signatures of two senior officials of the University who are authorised to do so. The signatures may be in electronic form in terms of the Electronic Communications and Transactions Act, 2002.
- 12.3 All subsidised, and all non-subsidised programmes generating 240 NQF credits or more, are conferred or awarded at an official graduation ceremony of the University. Students who have complied with the requirements of a qualification receive a certificate at such a graduation ceremony. An exception to this rule is online qualifications below Master's level. These students will not be invited to a centrally coordinated graduation ceremony.
- 12.4 The certificate and/or digital certificate is the only officially recognised record issued by the University.
- 12.5 **Duplicate certificates**
 - 12.5.1 The Registrar considers applications for duplicate certificates in accordance with the Policy on Academic Certification and Related Matters.
- 12.6 **Translation of certificates**
 - 12.6.1 Should a translation of a certificate or valid duplicate certificate obtained at one of our legacy institutions originally issued in Afrikaans be required in English, the original certificate or a valid duplicate must be made available to Central Academic Administration, and the prescribed fee must be paid to the University.
- 12.7 **Certificates issued with incorrect biographical information**
 - 12.7.1 Should a certificate be issued either in person or in absentia to the graduate on the date of graduation with incorrect biographical information, the graduate will be required to update their biographical information at SEC and only then apply for a replacement certificate through the Digital Certificate platform at the required fee.

13. DISPUTE RESOLUTION

Complaints and grievances, except where otherwise provided, may be lodged in terms of the Policy: Handling of Student Complaints. Complaints and grievances are handled, as far as possible, in terms of such policy subject to students following the prescribed

procedures and channels established by the policy and any faculty-specific rules and regulations.

14. ACADEMIC REGULATIONS APPLICABLE TO POSTGRADUATE DIPLOMAS AND HONOURS PROGRAMMES

14.1 Admissions

14.1.1 The minimum admission requirements to an honours programme or postgraduate diploma is a relevant bachelor's degree, advanced diploma, or an equivalent qualification at NQF Level 7 in the same or relevant field of study as determined by the relevant Faculty Board.

14.1.2 In addition to institutional requirements, programme-specific admission requirements are determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

14.1.3 Before admission to the programme, the Executive Dean or their delegated authority may, in consultation with the relevant HOD, determine further conditions to be satisfied by prospective students.

14.1.4 The HOD may, where applicable, initiate the University's Policy on RPL to award academic status equivalent to that of the prerequisite qualification to applicants in order to allow them access to the programme as determined by the relevant Faculty Board and approved by Senate.

14.1.5 The University reserves the right not to admit applicants to a particular programme in accordance with programme-specific selection and other relevant criteria. Applicants who have applied for admission and have been refused despite meeting the minimum admission criteria may request written reasons for such refusal from the HOD.

14.1.6 Meeting the faculty's minimum requirements for a particular programme does not guarantee admission. Applications are ranked based on the fulfilment of admission criteria for that programme. The Enrolment Plan informs the number of available spaces and is prescribed by DHET.

14.2 Registration

14.2.1 Applicants register for the programme subject to confirmation that they have met the minimum admission requirements and have been selected.

14.2.2 Renewal or suspension of registration of students is based on the promotion requirements as determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

14.3 Assessment

The assessment requirements are determined by the relevant Faculty Board and contained in the relevant Faculty Rules and Regulations (Refer to the Assessment Policy).

15. ACADEMIC REGULATIONS APPLICABLE TO MASTER'S PROGRAMMES

15.1 Master's programmes

The requirements for master's programmes are stipulated in the Higher Degrees Policy and the Higher Degrees Administration. Faculties may have further requirements as considered by the SHDC, approved by Senate and contained in the relevant Faculty Rules and Regulations.

15.2 Admission

15.2.1 The minimum admission requirement for a master's programme is a qualification at NQF Level 8, an honours qualification, a four-year 480 NQF credit bachelor's qualification (with a minimum of 120 credits at NQF Level 8), or a postgraduate diploma, in the same or a relevant field of study or discipline. The relevant field of study or discipline is determined by the relevant department, approved by the FHDC and is noted by the Faculty Board.

15.2.2 Additional admission and selection requirements may be determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

15.2.3 In the case of interdisciplinary master's programmes, additional admission requirements may be set by the two or more relevant interdisciplinary fields/departments/faculties, approved by Senate and contained in the relevant Faculty Rules and Regulations.

15.2.4 The HOD may, where applicable, initiate the University's Policy and Procedure on RPL to award academic status equivalent to that of an honours degree or a four-year 480 NQF credit bachelor's qualification at NQF Level 8 or postgraduate diploma to applicants, to allow them access to a master's programme as determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

15.2.5 The University reserves the right not to admit applicants to a particular master's programme in accordance with programme-specific selection criteria and other relevant criteria such as:

- (a) the limitations of enrolments per programme;
- (b) capping of admissions in terms of the University's approved enrolment plan or professional regulatory requirements; or
- (c) the inability to identify an appropriate supervisor within the University.

15.2.6 Applicants whose application for admission has been refused despite meeting the minimum admission requirements may request written reasons for such refusal from the relevant HOD.

15.3 Registration

15.3.1 Registration is done in accordance with dates set by the University. Refer to the URL listed for Postgraduate registration dates:

<https://www.uj.ac.za/admission-aid/registration/>

- 15.3.2 Renewal of registration for a minor dissertation or dissertation takes place during the first semester of the academic year as contained in the University's Year Programme.
- 15.3.3 Failure to submit the research or minor research proposal within the time frame specified in the Higher Degrees Policy may result in cancellation of registration.
- 15.3.4 The Faculty (as delegated to the relevant structure) may grant a student permission to interrupt their studies for legitimate reasons, as reflected in the Higher Degrees Policy and the Higher Degrees Administration.
- 15.3.5 Allowance is made for a possible pre-registration period during which a student will have access to the library, relevant courses, as well as contact with supervisor(s). This is done in accordance with the relevant Faculty Rules and Regulations.
- (a) The pre-registration period may extend from a minimum of three months to a maximum of six months; extension to pre-registration periods may be granted by the Executive Dean or their delegated authorities in consultation with the Registrar. Pre-registration will be accommodated on the student administration system.
 - (b) Pre-registration is only available according to the published registration dates set for the programme. Students who fail to meet the pre-registration requirements will not be given a second chance.
 - (c) In order to qualify for formal registration, the student must have complied with all the conditions for progression set and recorded by the faculty, in time to register in accordance with the times set by the University.
- 15.3.6 Students register for a master's programme full-time or part-time in accordance with the specific requirements of the programme as contained in the relevant Faculty Rules and Regulations as approved by Senate, and with due regard to the programme qualification mix as approved by the DHET. Transferring a master's dissertation study from another HEI to UJ is allowed. The circumstances may vary. Each case will be reviewed by the Executive Dean and Registrar to deliberate on prior to admitting/registering a student into the qualification. Specific conditions may be set for the completion time of the qualification and for the allocation of research output units should there be publications emanating from the study.
- 15.3.7 Each of the modes have consequences regarding the set maximum time. Switching between the modes is subject to permission by the faculty in consultation with the Postgraduate School. A change in registration from full-time to part-time may only be done before the maximum time for full-time registration has been reached.
- 15.3.8 The minimum duration of a master's programme is one academic year. Registration less than the prescribed minimum study period may not be granted.
- 15.3.9 The maximum period of registration for a master's programme is as per Table 3. Further registration may be granted by the relevant Executive Dean or their delegated authority in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration.
- 15.3.10 The approval of applicants' research proposals, supervisors, study fields and provisional and/or final titles of minor dissertations or dissertations takes place in accordance with the University's Higher Degrees Policy, the Higher Degrees Administration and faculty-specific regulations as determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations.

- 15.3.11 Any amendment to a project or research title is done in accordance with faculty-specific requirements. The amendment is approved by the relevant Faculty Board or Faculty Higher Degrees Committee (FHDC) and noted by the Senate Higher Degrees Committee (SHDC). A change in project title at any stage does not constitute valid grounds for the extension of registration, residency or formal duration of study.
- 15.3.12 The renewal of students' registration for a master's programme is subject to satisfactory progress in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration, faculty-specific requirements and, where applicable, professional regulatory requirements, with due regard also to the University's Enrolment Management Plan and subsequent throughput interventions.
- 15.3.13 If students' progress is unsatisfactory, the Faculty Board or FHDC may decide to terminate their registration for the master's programme.
- 15.3.14 Interruption (break in study, which does not count against a student when calculating the period within which the study must be completed) may be granted in exceptional circumstances, for a maximum of twelve months, and only once during the period of study. This matter would be at the discretion of the FHDC.

15.4 Ethical considerations

Research in master's programmes is conducted in accordance with ethical requirements as contained in the Code of Academic and Research Ethics and faculty-specific procedures as determined by the relevant Faculty Board or FHDC, and with due regard to statutory and professional regulatory requirements (including all permitting requirements) and general best-practice principles to protect human and animal dignity and welfare in research.

15.5 Health and safety

The supervisors of research projects are responsible for assessing whether or not such projects have health and safety implications in accordance with the University's Occupational Health and Safety Policy.

15.6 Conversion/Transfer of a research master's degree to a doctoral degree

- 15.6.1 In exceptional cases, where the scope and impact of a project originally registered for a research master's programme prove to expand considerably beyond the initial expectation and where the project is expected to make a novel contribution to the body of knowledge in the discipline, students – with the concurrence of the supervisor and all co-supervisors – may apply to have their registration converted/transferred to a doctoral level in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration.
- 15.6.2 The request for a conversion from a master's study to a doctoral study can only be considered prior to the submission of the dissertation for examination.
- 15.6.3 A conversion/transfer may only be considered and requested by the relevant Faculty Board after nine months and before eighteen months from the first registration for the master's dissertation.

- 15.6.4 The supervisor(s) provide a comprehensive motivation for such a conversion/transfer to the relevant Faculty Board for consideration. In support of the motivation, students draft a substantive research report that they present at a departmental seminar.
- 15.6.5 The criteria for master's level qualifications as set out in Faculty Rules and Regulations are fulfilled in both the written report and the oral presentation.
- 15.6.6 The argument for upgrade, as presented in the candidate's written report and the oral presentation, and the supervisor's motivation, is considered by the FHDC and two external expert evaluators (appointed by consensus among the supervisor(s), the HOD, the FHDC chair and the Executive Dean of the Faculty). This panel decides the merits of the application and refers the matter to the Faculty Board and the SHDC for recommendation and to the Senate for approval.
- 15.6.7 If approved and the student has been registered for the minimum study period specified for the master's programme, they will have to register for at least one additional academic year for the doctoral programme before the doctoral degree can be conferred.
- 15.6.8 A student whose registration is amended from a master's programme to a doctoral programme is not entitled to be conferred a master's qualification for the project under consideration, irrespective of whether the doctoral thesis is completed or failed, since this transfer is an extraordinary and irreversible intervention.

15.7 Assessment of the research component of master's degrees

- 15.7.1 The core output of a research master's programme is a dissertation in the form of a written document in an appropriate format (refer to the Higher Degrees Policy or other relevant appropriately approved documents). In the case of a research master's programme, the Faculty Rules and Regulations determine whether the successful completion of a research dissertation is the sole academic requirement for the qualification.
- 15.7.2 Appointment of external assessors for master's programmes takes place in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration.
- 15.7.3 The assessment of coursework modules takes place in accordance with faculty-specific regulations as determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations. This includes the consideration and granting of supplementary summative assessment or special summative assessment opportunities for coursework modules. Refer to the Assessment Policy.
- 15.7.4 The master's student is responsible for the technical and linguistic editing of the minor dissertation or dissertation with the assistance of the supervisor prior to submission for final summative assessment.
- 15.7.5 The final research report, minor dissertation, or dissertation is submitted for assessment (with reference to the presentation format, content and layout) in accordance with the faculty-specific regulations as determined by the relevant Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations. Refer to the Higher Degrees Administration.
- 15.7.6 A research report, minor dissertation, or dissertation is submitted for final summative assessment subject to a declaration confirming that it is the student's own work signed by the student. If a dispute should arise about the readiness of a research report, a

minor dissertation or a dissertation for final summative assessment, the Vice-Dean responsible for postgraduate studies of the faculty makes the decision in accordance with the Higher Degrees Policy and the Higher Degrees Administration.

- 15.7.7 No research report, minor dissertation or dissertation may be submitted for final assessment without the expressed permission of the supervisor(s). Where the supervisor(s) decide(s) to withhold permission, due processes must be followed.
- 15.7.8 No supervisor(s) shall unreasonably withhold permission for the submission of the research report, minor dissertation, or dissertation for assessment.
- 15.7.9 Where a dispute arises between the supervisor(s) and student about the submission of the research report, minor dissertation or dissertation for assessment, the student has the right to approach the HOD and Executive Dean with a written submission motivating why the research report, minor dissertation or dissertation is considered ready to be assessed. The Executive Dean will make a decision in consultation with the HOD and FHDC. The decision of the Executive Dean is reported to the SHDC.
- 15.7.10 The final submission of the research report, minor dissertation or dissertation takes place in accordance with the final submission dates per semester (which is the last working day in May for the first semester and the last working day in October for the second semester) to ensure timely completion of the assessment process. Late submission could imply the renewal of a registration.
- 15.7.11 The research report, minor dissertation or dissertation is assessed in accordance with the University's Higher Degrees Policy, the Higher Degrees Administration and faculty-specific criteria as determined by the Faculty Board and approved by Senate.
- 15.7.12 The recommendations of assessors are considered by the relevant faculty postgraduate assessment committee and a result is recommended to the Faculty Board for approval and ultimately to Senate for noting in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration.
- 15.7.13 The final assessment outcome for a research report, minor dissertation or dissertation is determined by the FHDC.
- 15.7.14 There are four possible responses from an assessor of a research report, minor dissertation or dissertation, namely:
 - (a) They may approve the research report, minor dissertation, or dissertation with no corrections to be made and award a mark of 50% or more.
 - (b) They may provisionally approve the research report, minor dissertation, or dissertation with minor corrections to be done to the satisfaction of the supervisor and award a mark of 50% or more.
 - (c) They may recommend substantial amendments to the research report, minor dissertation, or dissertation without awarding a mark in the light of deficiencies identified in their narrative report and advise that the revised version be submitted to them for reassessment acknowledging the fact that their final mark will be capped at 50%.
 - (d) They may reject the research report, minor dissertation, or dissertation, awarding a mark reflecting a fail (less than 50%) in which case no reassessment by this assessor will take place.

- 15.7.15 The University is not bound by the recommendation of individual assessors as the final assessment result lies solely within the power of the University, which exercises an academic judgement when determining final results.
- 15.7.16 An additional oral summative assessment, based on the minor dissertation or dissertation, may be required in accordance with the Faculty Rules and Regulations. See also Higher Degrees Policy.
- 15.7.17 A research master's degree can be conferred only after the successful completion of every requirement of each component of the respective degree programme, including the submission and favourable evaluation of a research-based dissertation and the submission of one piece of work in a format suitable for a peer-reviewed publication.
- 15.7.18 A coursework master's degree can be conferred only after the successful completion of every requirement of each component of the respective degree programme, including the submission and favourable evaluation of a research-based research report, minor dissertation, the obtaining of a pass mark for each of the prescribed coursework modules and the submission of one piece of work in a format suitable for a peer-reviewed publication. Faculty regulations may stipulate conditions under which students may be exempted from the requirement for the submission of an article. These conditions are approved by the relevant Faculty Board and Senate.
- 15.7.19 A student is not deemed to have completed the requirements for conferment of the degree if the electronic version has not been submitted to the relevant faculty administration officer prior to the graduation ceremony and the closure of the graduation list for the forthcoming graduation ceremony.

15.8 Resolving conflicting results recommended by the assessors for a master's degree

The FHDC may, but is not obliged, to invoke one or more of the following procedures to resolve an impasse in the results of a master's study (in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration):

- (a) Request additional information from the assessors and/or supervisor(s);
- (b) Initiate a facilitation process to reach a unified recommendation between assessors as per the Higher Degrees Administration;
- (c) Appoint an additional assessor to assess the minor dissertation or dissertation in the hope that the resulting report will resolve the impasse;
- (d) Invite an external expert to advise the FHDC;
- (e) Identify an independent arbitrator to consider all the documentation pertaining to the assessment process, including the individual assessors' reports and present a decision to the FHDC;
- (f) Any other procedure it deems appropriate.

15.9 Certification of compliance with the requirements of the qualification

Certification of compliance with the requirements of the qualification is in accordance with the Certification Policy of the University; with due regard to the responsibility of the student, supervisors, relevant faculty administration officer, the Executive Dean of the Faculty and the Registrar.

15.10 Dissemination and publication of the research report, minor dissertation and dissertation

- 15.10.1 An electronic copy must be submitted, in accordance with the University's Higher Degrees Policy and Higher Degrees Administration, to the relevant faculty administration officer.
- 15.10.2 Copyright in a research report, minor dissertation, or dissertation, as well as ownership of intellectual property arising from the research, vests in the University, whether or not the minor dissertation or dissertation is accepted or research completed, and students give their irrevocable consent when signing the Student Agreement at registration to the formal cession of any applicable rights to the University.
- 15.10.3 In addition to the submission of the final research report, minor dissertation or dissertation, and except where faculty regulations exempt them, master's students are required to submit to their supervisors at least one piece of work suitable for submission to a peer-reviewed publication, by the time the faculty-specific research assessment committee meets to consider the assessors' reports.
- 15.10.4 Co-authorship between students and supervisors of the piece of work suitable for submission to a peer-reviewed publication based on master's research publication is in accordance with the Policy on Authorship.
- 15.10.5 Students are not deemed to have completed the requirements for graduation until the corrected piece of work suitable for submission to a peer-reviewed publication has been submitted to and is accepted by the supervisors.
- 15.10.6 The preparation of the piece of work suitable for submission to a peer-reviewed journal is undertaken by students and supervisors in close collaboration, and supervisors are responsible for assisting students and providing training on how to prepare work for publication.
- 15.10.7 If a research report, minor dissertation or dissertation, or an adaptation of it or any resulting piece of work is published, it must be stated that it is based on research done at the University of Johannesburg for a particular study.
- 15.10.8 Students are encouraged to publish articles based on their master's research before the research report, minor dissertation or dissertation has formally been accepted but must first obtain written permission from their supervisors (where the supervisors are not co-authors on the submission(s)).
- 15.10.9 If students do not publish their work, the supervisors may take the initiative to publish it in accordance with the Policy on Authorship.
- 15.10.10 The SHDC, on the recommendation of the relevant Executive Dean or the Executive Director: Research and Innovation and/or FHDC (or an applicant duly mandated in this regard), may grant a confidentiality classification of two years to the completed minor dissertation or dissertation, as stipulated in the University's Policy on Intellectual Property, resulting in a delay in the public display of the research report, minor dissertation, or dissertation.

15.11 Dispute resolution

- 15.11.1 If an unresolved dispute should arise between two or more of the supervisors or between a supervisor and the student, the relevant HOD will in the first instance take steps to resolve the matter.
- 15.11.2 If the dispute is still unresolved, it is referred to the relevant Executive Dean who may refer the matter to the SHDC for final consideration and processes to resolve the matter.

15.12 Intellectual property

- 15.12.1 Supervisors are responsible for monitoring all master's projects for potential inventions or other commercially viable intellectual property implications and disclosing such inventions or implications in a timely manner to the Executive Director: Research Development and Support.
- 15.12.2 Students who develop inventions or other forms of commercially valuable intellectual property must disclose such inventions to the supervisors in a timely manner in accordance with the University's Policy on Intellectual Property.
- 15.12.3 Any research and development done by students as part of their studies will be subject to the IPR Act (Refer to AR 2.3.22).
- 15.12.4 Where disclosures have been made about intellectual property emerging from a master's research project, the Executive Director: Research Development and Support, or an applicant duly mandated in this regard, must certify that any intellectual property matters pertaining to the project have been dealt with in terms of relevant University policy as a condition of graduation.

16. ACADEMIC REGULATIONS APPLICABLE TO DOCTORAL DEGREES

16.1 Doctoral programme

The requirements for doctoral programmes are stipulated in the Higher Degrees Policy and the Higher Degrees Administration. Faculties may have further requirements as considered by the SHDC, approved by Senate and contained in the relevant Faculty Rules and Regulations.

16.2 Admission

- 16.2.1 For admission to a doctoral programme, applicants must have successfully completed a relevant master's programme in the same or relevant field of study or discipline as determined by the relevant department, approved by the FHDC, noted by Faculty Board and contained in the relevant Faculty Rules and Regulations.
- 16.2.2 The extent to which applicants meet admission requirements is assessed by the relevant HOD, in consultation with the prospective supervisor(s), in accordance with the admission requirements for the particular doctoral programme determined by the Faculty Board, approved by Senate and contained in the relevant Faculty Rules and Regulations. The HOD, in consultation with the relevant Vice-Dean responsible for

postgraduate studies, may set additional admission requirements, as approved by the relevant FHDC, for a particular student.

- 16.2.3 In the case of interdisciplinary doctoral programmes, additional admission requirements may be set by the two or more relevant interdisciplinary fields, departments or faculties, approved by Senate and contained in the relevant Faculty Rules and Regulations.
- 16.2.4 The relevant HOD (where applicable) may initiate the University's Policy on RPL to award academic status equivalent to that of a master's degree to enable applicants to gain access to a doctoral programme. Each individual case is considered by the relevant Faculty structure and submitted to the Faculty Board for approval.
- 16.2.5 The University reserves the right not to admit applicants to a particular doctoral programme in accordance with programme-specific selection criteria and other relevant criteria such as:
- (a) the limitations of enrolments as per the University enrolment plan;
 - (b) the inability to identify an appropriate supervisor or a lack of adequate supervision capacity within the University;
 - (c) compliance with minimum admission requirements does not constitute the automatic right to admission to the programme.
- 16.2.6 The success of an international application depends on both the confirmation of academic acceptance and the obtaining of the necessary statutory documentation and state approval.
- 16.2.7 Applicants who have applied for admission and have been refused despite meeting the minimum admission requirements may request written reasons for such refusal from the relevant HOD and if required the Vice-Dean responsible for postgraduate studies.

16.3 Registration

- 16.3.1 Applicants register for the relevant doctoral programme in accordance with the registration dates set by the University, faculty-specific procedure and in terms of the requirements of the Higher Degrees Policy and the Higher Degrees Administration. Refer to the URL listed for Postgraduate registration dates:
- <https://www.uj.ac.za/admission-aid/registration/>
- 16.3.2 Renewal of registration takes place during the first semester of the academic year.
- 16.3.3 Failure to submit the research proposal within the specified time frame may result in cancellation of registration.
- 16.3.4 The faculty (or delegated relevant structure) may grant a student permission to interrupt their studies for legitimate reasons, as reflected in the Higher Degrees Policy and the Higher Degrees Administration.
- 16.3.5 Allowance is made for a possible pre-registration period during which a student will have access to the library, relevant courses as well as contact with supervisor(s). This is done in accordance with the relevant Faculty Rules and Regulations.
- (a) The pre-registration period spans six months; extension to pre-registration periods may be granted by the Executive Dean or their delegated authorities in consultation

with the Registrar. Pre-registration will be accommodated on the student administration system.

- (b) Pre-registration is only available according to the published registration dates set for the programme. Students who fail to meet the pre-registration requirements will not be given a second chance.
 - (c) In order to qualify for formal registration, the student must have complied with all the conditions for progression set and recorded by the faculty, in time to register in accordance with the times set by the University.
- 16.3.6 Students register for the doctoral programme full-time or part-time in accordance with the specific requirements of the programme as contained in the relevant Faculty Rules and Regulations, as approved by Senate, and with due regard to the approval of the DHET, as accredited by the CHE (HEQC) and registered by SAQA. Transferring a doctoral study from another HEI to UJ is allowed. The circumstances may vary. Each case will be reviewed by the Executive Dean and Registrar to deliberate on prior to admitting/registering a student into the qualification. Specific conditions may be set for the completion time of the qualification and for the allocation of research output units should there be publications emanating from the study.
- 16.3.7 The minimum duration of a doctoral programme is two academic years (part time or full time). Residency less than the prescribed minimum period is not granted.
- 16.3.8 The maximum period of registration for a doctoral programme is four years full time or five years part time. Further registration may be granted by the relevant Executive Dean (or designated Vice-Dean) in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration.
- 16.3.9 The approval of students' research proposals, supervisors, study fields and provisional or final titles of theses is in accordance with the University's Higher Degrees Policy, Higher Degrees Administration, and faculty-specific regulations determined by the relevant Faculty Board, approved by Senate as recommended by the SHDC.
- 16.3.10 Any amendment to the title of a thesis is in accordance with faculty-specific requirements, and such amendment is approved by the relevant Faculty Board or FHDC with delegated authority and noted by the SHDC. A change in project title at any stage does not constitute valid grounds for the extension of registration or residency/formal duration of study.
- 16.3.11 Scholarship development at doctoral level consists of at least the following formative and integrated assessment opportunities, as determined by the Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations:
- (a) Regular discourse engagement with the supervisor(s), as contained in the faculty-specific guidelines for doctoral programmes.
 - (b) Two doctoral seminars during the course of the programme: one to present and defend the research proposal and one to present the results of the research project and simultaneously to justify the originality of the thesis.
- 16.3.12 The renewal of students' registration for a doctoral programme is subject to their satisfactory progress in accordance with the Higher Degrees Policy, Higher Degrees Administration, faculty-specific requirements and, where applicable, professional regulatory requirements.

16.3.13 In the event of students' progress being unsatisfactory, the relevant Faculty Board recommends to the SHDC that their registration for the doctoral programme be terminated. The decision of the SHDC is final.

16.3.14 Interruption (a study break that does not count against a student when calculating the period within which the study must be completed) may be granted in exceptional circumstances, for a maximum of twelve months, and only once during the period of study. This matter would be at the discretion of the FHDC.

16.4 Ethical considerations

Research in doctoral programmes is conducted in accordance with ethical requirements as contained in the University's Code of Academic and Research Ethics and faculty-specific procedures as determined by the relevant Faculty Board, with due regard to statutory and professional regulatory requirements (including any permitting requirements) and general best-practice principles to protect human and animal dignity and welfare in research.

16.5 Health and safety

The supervisors of a research project are responsible for assessing whether or not a research project has health and safety implications in accordance with the University's Health and Safety Policy.

16.6 Assessment

16.6.1 The core output of a doctoral programme is a thesis in the form of a written document in an appropriate format. The thesis may consist of a collection of articles and essays as governed by the UJ Guidelines on Theses or Dissertations in Article or Essay Format.

16.6.2 A compulsory oral defence forms part of the academic requirements for a doctoral qualification (by thesis/collection of essays or articles). The implementation of the oral defence would apply to doctoral candidates/students who graduate from 2024 (according to HEMIS submissions). This requirement for an oral defence will not apply to the professional doctoral degree.

16.6.3 The submission of two pieces of work suitable for publication in a peer-reviewed publication, based on the thesis, is a prerequisite for the conferment of the degree. Faculties may have more stringent requirements relating to the acceptance of publications, as decided by the FHDC and Faculty Board, and contained in the Faculty Regulations as approved by Senate.

16.6.4 A professional doctorate is assessed on the outcome of the research component as well as the required coursework in accordance with the Faculty Regulations as approved by Senate.

16.6.5 Doctoral degree students are responsible for the technical and linguistic editing of the thesis with the assistance of the supervisor, prior to submission for final summative assessment.

16.6.6 Submission of the final thesis for assessment purposes, with reference to the presentation format, content and layout, is in accordance with the faculty-specific regulations as determined by the relevant Faculty Board, SHDC, approved by Senate

and contained in the Higher Degrees Administration and the Faculty Rules and Regulations.

- 16.6.7 The final submission of the thesis takes place in accordance with the final submission dates per semester (which is the last working day in May for the first semester, and the last working day in October for the second semester) to ensure timely completion of the assessment process. Late submission could imply the renewal of a registration.
- 16.6.8 A thesis is submitted for final summative assessment, subject to the written permission of the supervisor(s) and a completed UJ declaration form for doctoral studies. The permission of the supervisor(s) or the Executive Dean to submit a thesis for final summative assessment does not guarantee a successful outcome of the assessment procedure.
- 16.6.9 Where a dispute arises between the supervisor(s) and student about the submission of the thesis for assessment, the student has the right to approach the HOD and Vice-Dean responsible for postgraduate studies with a written submission motivating why the thesis is considered ready to be assessed. The Executive Dean will make a decision in consultation with the HOD and FHDC. The decision of the Executive Dean is reported to the SHDC.
- 16.6.10 The assessment of the thesis is in accordance with the University's Higher Degrees Policy, Higher Degrees Administration and the faculty-specific criteria as determined by the Faculty Board and approved by Senate.
- 16.6.11 There are four possible responses from an assessor of a thesis, namely:
- (a) Approval of the thesis and that the doctoral degree be conferred, with or without minor editorial corrections.
 - (b) Provisional approval of the thesis, subject to the candidate effecting non-substantive corrections and improvements as identified in the assessor's report, to the satisfaction of the supervisor.
 - (c) Non-approval by the assessor due to substantial deficiencies in the thesis as identified in the assessor's report.
 - (i) Recommend that the substantial amendments be effected to the satisfaction of the SHDC (the FHDC process may involve the advice from an internal/external independent expert); or
 - (ii) The thesis is to be resubmitted to the assessor for reassessment.
 - (d) Reject the thesis, in which case no reassessment is recommended or considered.
- 16.6.12 The University is not bound by the recommendation of individual assessors as the final assessment result lies solely within the power of the University, which exercises an academic judgement when determining final results.
- 16.6.13 The FHDC may (but is not obliged to) invoke one or more of the following procedures to resolve an impasse in the results of a doctoral study (in accordance with the University's Higher Degrees Policy and Higher Degrees Administration):
- (a) Request additional information from the assessors and/or supervisor(s);
 - (b) Appoint an additional assessor to assess the thesis in the hope that the resulting report will resolve the impasse;

- (c) Invite an external expert to advise the FHDC;
 - (d) Identify an independent arbitrator to consider all the documentation pertaining to the assessment process, including the individual assessors' reports and present a decision to the FHDC;
 - (e) Initiate a facilitation process to reach a unified recommendation between assessors in accordance with the Higher Degrees Administration;
 - (f) Any other procedure it deems appropriate.
- 16.6.14 Students are not deemed to have completed the requirements for conferment of the degree if two pieces of work in a format suitable for peer-reviewed publication (faculties may have more stringent requirements relating to publications; see AR 16.6.3) are not submitted prior to the closure of the graduation list for the forthcoming graduation ceremony.
- 16.6.15 Students are not deemed to have completed the requirements for conferment of the degree if an electronic copy has not been submitted to the relevant faculty administration officer prior to the graduation ceremony.

16.7 Certification of compliance with the requirements of the qualification

Certification of compliance with the requirements of the qualification is in accordance with the Certification Policy of the University, with due regard to the responsibility of the students, supervisors, relevant faculty administration officer, the Executive Dean of the Faculty and the Registrar.

16.8 Dissemination and publication of the thesis

- 16.8.1 Students are encouraged to publish articles concerning their doctoral research before the thesis has formally been accepted but must first obtain written permission from their supervisor(s) if the supervisors are not co-authors of the publications.
- 16.8.2 Copyright in a thesis, as well as ownership of intellectual property arising from the research, is vested in the University regardless of whether or not the thesis is accepted, or the research completed. Students give their irrevocable consent, when signing the Student Agreement at registration, to the formal cession of any applicable rights to the University.
- 16.8.3 In addition to the final submission of the thesis, and except where faculty regulations exempt them or set a higher number, doctoral students are required to submit to their supervisors at least two pieces of work in a format suitable for a peer-reviewed publication. Faculty regulations may stipulate additional evidence (e.g. proof of acceptance of the manuscript for publication). The requirement of such additional evidence is approved by the relevant Faculty Board and Senate.
- 16.8.4 Co-authorship between students and supervisors of an article based on a doctoral research publication is in accordance with the Authorship Policy.
- 16.8.5 Students will not be deemed to have completed the requirements for graduation until such time as the aforementioned manuscript of the research article has been submitted to the supervisors unless the student has been exempted from this requirement by the Faculty Rules and Regulations.

- 16.8.6 The preparation of the manuscript of the research article is undertaken by students and the supervisors and students in close collaboration with one another, and supervisors are responsible for assisting students.
- 16.8.7 If a thesis or an adaptation of it or any resulting research publication is published, it must be stated that it is based on research done at UJ for a particular study.
- 16.8.8 If students do not publish their work, supervisors may take the initiative to publish it in accordance with the University's Authorship Policy.
- 16.8.9 The SHDC, on the recommendation of the Executive Director: Research Development and Support, may grant a confidentiality classification of a maximum of two years to the completed thesis, as stipulated in the University's Policy on Intellectual Property, meaning a delay in the public display of the thesis.
- 16.8.10 Any research and development done by students as part of their studies, will be subject to the IPR Act (Refer to AR 2.3.22).

16.9 Dispute resolution

- 16.9.1 If an unresolved dispute should arise between the supervisor(s) or between a supervisor and the student, the HOD, in the first instance, takes steps to resolve the matter.
- 16.9.2 If a dispute remains unresolved, it is referred to the relevant Executive Dean (or designated Vice-Dean) who may refer the matter to the SHDC for final consideration and processes to resolve the matter.

16.10 Appeals procedure

- 16.10.1 Where assessors' reports vary considerably about the merit of a particular thesis, thereby giving rise to an impasse in finalising the assessment result, a faculty may (but is not obliged to) invoke one or more of the following procedures to resolve the impasse (in accordance with the University's Higher Degrees Policy and the Higher Degrees Administration):
- (a) Request additional information from the assessors and/or supervisors;
 - (b) Invite an external expert to advise the FHDC;
 - (c) Appoint an additional assessor to assess the thesis in the hope that the resulting report will resolve the impasse;
 - (d) Identify an independent arbiter to consider the individual assessors' reports and present a decision to the faculty-specific assessment committee;
 - (e) Any other procedure that the faculty deems appropriate.

16.11 Finalisation of results

The SHDC finalises the assessment results of doctoral studies.

16.12 Intellectual property

- 16.12.1 The supervisors are responsible for monitoring all doctoral projects for potential inventions or other commercially valuable intellectual property implications and

disclosing such inventions or implications in a timely manner to the Executive Director: Research Development and Support.

- 16.12.2 Students who develop inventions or other forms of commercially valuable intellectual property must disclose such inventions to the supervisors in a timely manner in accordance with the University's Policy on Intellectual Property.
- 16.12.3 Where disclosures have been made about intellectual property emerging from a research project, the Executive Director: Research Development and Support, or an applicant duly mandated in this regard, must certify that any intellectual property matters pertaining to the project have been dealt with in terms of relevant University policy as a condition for graduation.

17. SPECIFIC ACADEMIC REGULATIONS APPLICABLE TO NON-SUBSIDISED WHOLE PROGRAMMES AND SHORT LEARNING PROGRAMMES

17.1 Application and approval

- 17.1.1 There are specific provisions relating to the offering of non-subsidised whole programmes and short learning programmes. Non-subsidised whole programmes and short learning programmes are institutionally approved by either Senex or Senate, subject to the relevant CHE Communique. For non-subsidised whole programmes, CHE accreditation and SAQA registration are a regulatory requirement.
- 17.1.2 The University may only offer non-subsidised whole programmes and short learning programmes on NQF Level 5 and higher. Exceptions to this rule will apply only under exceptional circumstances on NQF Level 4 (in discussion with the Registrar and Executive Dean) and must be approved by Senate or a relevant sub-committee.
- 17.1.3 All non-subsidised programmes are offered subject to adequate:
 - (a) academic capacity within the academic department and financial viability;
 - (b) academic quality control by the respective academic department and Faculty Board;
 - (c) if contact mode, lecturing venue capacity on the campus where the proposed academic programme is offered; and
 - (d) approval by the Faculty Board on recommendation by the Programme Working Group, via Senex for Senate approval.
- 17.1.4 The process of an application for, and the offering of, a non-subsidised programme is in accordance with:
 - (a) the procedure (completion of the approved prescribed form(s)) that has been approved by Senex and Senate; and
 - (b) the Policy on the Regulation of Secondary Income-Generating Activities that Supplement an Employee's Income and the Academic Programme Policy.
- 17.1.5 A non-subsidised whole programme may only be offered in exceptional cases as approved by Senate subject to CHE accreditation and SAQA registration.

17.2 Accountability

- 17.2.1 The HFA is accountable for the academic administration of all non-subsidised programmes offered by a faculty.
- 17.2.2 The Vice-Dean (Teaching and Learning) is accountable for the quality of the academic offering and academic administration of all non-subsidised programmes.

17.3 Admission

- 17.3.1 For admission to non-subsidised whole programmes, applicants must have successfully applied to the relevant faculty according to the Senate-approved admission requirements unique to each approved programme.
- 17.3.2 Students who successfully complete programmes are not entitled to automatic access to any other programme offered by the University. Admission decisions for students are dealt with in accordance with programme requirements and selection criteria as determined by the relevant Faculty Board, approved by Senate and contained in the Faculty Rules and Regulations.

17.4 Registration

- 17.4.1 Students register for a non-subsidised programme in accordance with faculty-specific procedures.
- 17.4.2 The information is captured on the University's student data system.

17.5 Assessment

All credit-bearing programmes are assessed in accordance with the University's Assessment Policy and Procedures. Assessment results must be captured on the University's student data system.

17.6 Graduation and certification

- 17.6.1 Certification of compliance with the requirements of the non-subsidised programme is in accordance with the University's Academic Certification Policy.
- 17.6.2 Only students who have fully met the requirements of the non-subsidised programme may be issued a certificate.
- 17.6.3 Non-subsidised whole programmes with a credit value of 240 NQF credits or more are conferred at the University's graduation ceremonies in accordance with UJ Graduation Policies and Procedure.
- 17.6.4 Students who complete non-subsidised whole programmes generating fewer than 240 NQF credits may be invited to a faculty certificate ceremony at the discretion of the faculty concerned.

17.7 Copyright

Copyright of all programmes vests in the University. This includes, but is not limited to, the programme design, curriculum, study material and the assessment material of each programme.

18. WITHDRAWAL AND REVOCATION OF ADMISSION STATUS AND REGISTRATION, FOR DEGREE, DIPLOMA, CERTIFICATE OR OTHER QUALIFICATIONS

- 18.1 The University has the right to revoke or amend the admission status of an applicant and cancel or refuse the registration of an applicant or student who provided incorrect information and documentation material to an application for admission or re-admission, or who omitted to provide information or documentation material to an application for admission or re-admission.
- 18.2 The University of Johannesburg reserves the right to review the admission or registration status of an applicant where the University establishes that there is an administrative oversight. In such an instance, the University will rectify the error and communicate the change to the applicant.

19. WITHDRAWAL AND REVOCATION OF DEGREE, DIPLOMA, CERTIFICATE OR OTHER QUALIFICATIONS

- 19.1 Subject to the provisions of AR 19.2 to 19.4, the Senate of the University may withdraw and revoke any degree, diploma, certificate or other qualification that was awarded:
- (a) as a result of a fraudulent or dishonest act in connection with the obtaining of such degree, diploma, certificate or other qualification;
 - (b) generally, on the basis that a justifiable, reasonable and lawful reason to do so exists.
- 19.2 The withdrawal and revocation of a qualification on the grounds listed in AR 19.1 is initiated by an ad hoc subcommittee of the Senate Teaching and Learning Committee (STLC) in the case of undergraduate qualifications and of the Senate Higher Degrees Committee (SHDC) in the case of postgraduate qualifications.
- 19.3 Prior to the ad hoc subcommittee formulating a recommendation to Senate regarding the withdrawal and revocation of the qualification concerned, the Registrar or an official delegated by the Registrar to do so, must on behalf of Senate:
- (a) Notify the recipient of the qualification concerned that a revocation and withdrawal is being considered;
 - (b) Provide the recipient with relevant information justifying the intended action; and
 - (c) Provide the recipient with an opportunity to obtain legal or other assistance and to present his or her case in writing and orally to the ad hoc subcommittee.
 - (d) The ad hoc subcommittee must inform the recipient of their right to review and appeal the decision as well as the right to request reasons.
- 19.4 The ad hoc subcommittee, in formulating its recommendations to Senate, must record in sufficient detail the written and oral submissions and representations of the recipient. Senate must consider the submissions and representations of the recipient. Senate, in deciding on whether or not to withdraw and revoke the conferment of the qualification, must consider the submissions and representations of the recipient.
- 19.5 In the event that the withdrawal and the revocation relate to circumstances contemplated in AR 19.1(b), the University must report the matter for criminal investigation.

- 19.6 In the event that any degree, diploma, certificate or other qualification that was awarded, is withdrawn or revoked, the relevant Quality Council responsible for the qualification or part-qualification and SAQA must be informed by the University to amend the National Learner Record Database, if necessary. The certificate must also be returned to the University for cancellation.

20. STATEMENT OF CONDUCT

Each academic record of a student will reflect a statement of conduct according to one of the following statement categories:

- (a) It is hereby confirmed that the student exhibited good conduct for the duration of their studies.
- (b) The student is currently subject to disciplinary proceedings. In the absence of an outcome to the disciplinary proceedings, the University is unable to confirm that the student exhibited good conduct for the duration of their studies.
- (c) The student was subject to disciplinary proceedings during their studies. The outcome of the disciplinary proceedings is such that the University cannot confirm that the student exhibited good conduct for the duration of their studies.
- (d) The student was subject to disciplinary proceedings. The outcome of the disciplinary proceedings, the nature of their transgression and the student's subsequent good conduct are such that the University confirms that the student exhibited satisfactory conduct for the duration of their studies.
