COLLEGE OF BUSINESS
AND ECONOMICS

CBE Staff Member appointed as the Chairperson of the Sasol Khanyisa Board

The College of Business and Economics leadership proudly announces and congratulates Mr Thabiso Madiba from the CBE School of Accounting who was appointed as the chairperson of the Sasol Khanyisa board.

The Sasol Khanyisa Story

Sasol Khanyisa is Sasol's flagship economic empowerment ownership structure fuelled by our desire to redress the injustices of the past. The ownership structure is designed to drive Sasol's commitment to transformation and create a more equitable society.

Empowerment will be achieved through the Sasol Khanyisa transaction when the SSA ordinary shares are exchanged for SOLBE1 shares in Sasol on a value-for-value basis at the end of the 10-year term and Black People will then own part of Sasol. It is through these shares that value is created in the hands of Black People.
