

**TECHNICAL EVALUATION CRITERIA – T UJ 03/2025: SUPPLY AND
INSTALLATION OF NEW STEEL STRUCTURED CARPORT WITH
CORRUGATED IRON.**

No	Functionality Criteria	Points	Maximum Points Attainable
1.	<p><u>Related Work Experience</u> The Tenderer is to submit relevant Appointment Letters and Practical Completion Certificate or Corresponding Reference Letters of a similar nature (e.g. steel carports, airport hangers, etc.) completed within the last 5 years (Jan 2020 - Dec 2024). All relevant documents are to be signed, where applicable.</p> <p>1 Points - Project Less than R 500 000.00 5 Points - Project R 500 000.01 – R 1 000 000.00 10 Points - Project R 1 000 000.01 – R 1 500 000.00 15 Points - Project R1 500 000.01 and above</p>		40
2.	<p><u>Contractors Resources</u> Profile of project team (Curriculum Vitae, Recently Certified Qualifications, Recently Certified Professional Registration and Experience relating to Engineering Construction projects. Submit CVs with contactable references.</p>		40
	<p>2.1. Contracts Manager (16 Points)</p> <p><i>Professional Registration</i></p> <p>8 Points - Registered with Pr.CPM /Pr. CM / Pr Eng 0 Points – Invalid /No Proof of Professional Registration</p> <p><i>Experience</i> <i>(Experience will NOT be considered with no relevant proof of registration).</i></p> <p>8 Points - More than 7 years post-qualification relevant experience. 4 Points - More than 5 and up to 7 years post-qualification relevant experience. 2 Points - More than 3 years and up to 5 years post-qualification relevant experience 0 Points - 3 years and less post-qualification relevant experience.</p>		(16 pts)
	<p>2.2. Site Agent (8 Points)</p> <p><i>Qualifications</i></p> <p>Valid certified copy of Qualifications in the Built Environment 5 Points - National Diploma (NQF level 6) or Higher Qualification 0 Points - Invalid /No proof of qualification</p> <p><i>Experience</i> <i>(Experience will NOT be considered with no relevant proof of qualification).</i></p> <p>3 Points - More than 10 years post-qualification relevant experience 2 Points - More than 7 and up to 9 years post qualification relevant experience. 1 Point - More than 3 years and up to 6 years post-qualification relevant experience 0 Points - 3 years and less post-qualification relevant experience</p>		(8 pts)
	<p>2.3. Quantity Surveyor (8 Points)</p> <p><i>Qualifications</i></p> <p>Valid certified copy of Qualifications in the Built Environment 5 Points - National Diploma (NQF level 6) or Higher Qualification 0 Points - Invalid /No proof of qualification</p> <p><i>Experience</i></p>		(8 pts)

	<p>(Experience will NOT be considered with no relevant proof of qualification).</p> <p>3 Points - More than 10 years post-qualification relevant experience 2 Points - More than 7 and up to 9 years post qualification relevant experience. 1 Point - More than 3 years and up to 6 years post-qualification relevant experience 0 Points - 3 years and less post-qualification relevant experience</p>		
	<p>2.4. General Foreman (8 Points)</p> <p><i>Qualifications</i></p> <p>5 Points - Valid certified copy of a Trade Certificate in The Built Environment: Welding and Structural Steel work 0 Points - No proof of Trade Certificate / Invalid / Uncertified</p> <p><i>Experience</i> (Experience will NOT be considered without relevant proof of relevant qualification/ trade certificate).</p> <p>3 Points - More than 10 years post-qualification relevant experience 2 Points - More than 7 and up to 10 years post-qualification relevant experience. 1 Point - 3 years and up to 6 years post-qualification 0 Points - Less than 3 years post-qualification relevant experience</p>		(8 pts)
3.	<p><u>Program and Methodology</u> Supplier to provide a comprehensive project plan detailing the proposed installation, procurement, construction methodology, logistical arrangements, program schedule/timelines, suppliers, project management, control, and oversight.</p>		20
	<p>3.1. Construction Program (15 Points)</p> <p>15 Points – Construction Program detailing all activities in the Bill of Quantities (BoQ) and all within the required timeframe. 7.5 Points – Construction program incorporates some of the activities in the BoQ and is within the required time frame. 0 Points – Construction Program is not aligned with the BoQ or is not within the required timeframes.</p>		(15 pts)
	<p>3.2. Methodology (5 Points)</p> <p>Provide a minimum of 3–5 pages on how you intend to execute the project from inception to completion while controlling or mitigating the risks associated with such a project. <i>(Below is a guide for point allocation; point allocation may vary from the guide below, with a maximum of 5 points.)</i></p> <p>5 Points - Good methodology. The methodology submitted a substantial understanding of the requirements. The details are arranged logically, clearly linked, and practical. 3 Points - Average methodology. The methodology submitted demonstrates a basic analysis and understanding of the requirements and objectives. The details are arranged logically, although they occasionally fail to indicate a clear link to each other. Some details are impractical. 0 Points - Poor Methodology. The methodology does not adequately cover the objectives. Does not indicate an understanding of the requirements. It is too generic or is not related to the project at hand.</p>		(5 pts)
	Overall Score		100

Supplier to obtain a minimum of 70 points and above to proceed to the next stage of evaluation which is stage 3 (Price and B-BBEE)
